1. Introduction

1.1. Program Background

The Mental Health: Taking Action to Tackle Suicide (TATS) package forms part of the Australian Government’s commitment to mental health reform. Under the TATS package the Australian Government has committed $12 million funding over four years ($3 million per year) for the Improving safety at ‘hotspots’ measure to improve safety at notable suicide hotspots through the implementation of capital works.

‘Access to means’ for suicide refers to the accessibility of methods and resources which a suicidal person may use to end, or attempt to end their life. The Living is For Everyone (LiFE) Framework produced by the Commonwealth Department of Health and Ageing (2007), and endorsed by all State and Territory Health Ministers, acknowledges that restricting access to means for suicide has been shown to be one of the most effective approaches to preventing suicide worldwide.

Research indicates that people intending to end their life often have a preference for a given means which may include a specific site. The reasons why particular locations become hotspots is unclear, but are often scenic or iconic public structures or sites, around which a certain history, infamy or mythology has developed.1

A suicide hotspot refers to a specific, usually public, site which is frequently used as a location for suicide and which provides either means or opportunity for suicide (e.g. a particular bridge from which individuals frequently jump to their deaths).2

Hotspots are often tall buildings, bridges, cliffs and other structures that provide an opportunity for jumping from a height. Rural or secluded locations such as car parks have also become known suicide hotspots. Sections of train-lines, particularly in the vicinity of mental health facilities, and roads may also become hotspots.

1.2. Program Purpose, Scope, Objectives and Outcomes

The purpose of the Improving safety at ‘hotspots’ measure is to reduce the risk of suicide at suicide hotspots.

Objectives of the Improving safety at ‘hotspots’ measure are to:

- Reduce the rate of suicide at suicide hotspot locations by implementing actions to restrict access to means and/or enable another person to intervene3;
- Implement actions at suicide hotspots that are most appropriate to the type of hotspot, with actions being well supported by evidence-based research; and
- Support local and state and/or territory governments to educate and raise awareness of best-evidenced actions to be taken at suicide hotspot locations.

3 Ibid., p.6.
The funding is being provided to further the objectives of the Program. In particular, the funding will support activities which aim to support individuals at risk of suicide by reducing access to means.

1.3. Roles and responsibilities
The funding approver for the Improving safety at ‘hotspots’ measure is the Assistant Secretary, Mental Health Early Intervention and Prevention Branch.

Commonwealth funding will be provided to preferred applicants through a funding agreement which will detail the terms and conditions of the funding. Details of the funding agreements will be negotiated between the Commonwealth and preferred applicants following the finalisation of the selection process. Parties involved in these negotiations should ensure they are familiar with, and seek legal advice on, the terms and conditions of the funding agreement.

2. Eligibility

2.1. Who is eligible to apply for funding?
For legal and accountability reasons, only incorporated bodies are eligible to apply for funding under this program.

Owners of publicly owned notable suicide hotspot locations will be eligible to apply for funding under this measure. The types of organisations eligible to apply for funding may include:
- Local Councils / Governments; and
- State and Territory Governments.

The Department encourages organisations to form partnerships to deliver projects. If more than one organisation will be involved in the project, one organisation must be identified as the lead organisation and an authorised representative of the lead organisation must sign the application form.

2.2. What is eligible for funding?
Applications that reflect the following will be considered as being eligible for funding under the Improving safety at ‘hotspots’ measure:

A demonstrated need, based on available evidence, for funding for infrastructure to reduce the incidences of suicide and self-harm at a hotspot site. Examples could include infrastructure such as improved fencing / physical barriers, night lighting and closed circuit television (CCTV) cameras / monitors;
Evidence that the applicant has the capacity to develop a detailed communication strategy, to guide engagement with local stakeholders and the community before 15 June 2012;

If more than one organisation will be involved in the project, the identification of a lead organisation and capacity for the authorised representative of the lead organisation to sign the Application Form; and

Identification of other suicide prevention infrastructure measures that have a solid evidence base for proven effectiveness.

2.3. What is not eligible for funding?

- Infrastructure measures implemented at privately owned sites;
- Retrospective items or activities;
- Maintenance or upkeep to the site – now or in forward financial years;
- Activities that duplicate existing resources;
- The purchase or lease of land or facilities;
- Core organisational operating costs; and
- Salaries for persons to be employed for suicide patrols and/or related prevention activities at notable suicide hotspots.

2.4. Funding and Grant Distribution

Final funding arrangements will be negotiated directly with preferred applicants following finalisation of the assessment and selection process and will be dependent on the demand and quality of applications received.

3. Probity

The Australian Government is committed to ensuring that the process for providing funding under the Improving safety at ‘hotspots’ measure is transparent and in accordance with published Guidelines.

Note: Guidelines may be varied from time-to-time by the Australian Government as the needs of the program dictate. Amended Guidelines will be published on the Department’s website.

3.1. Conflict of interest

A conflict of interest may exist, for example, if the applicant or any of its personnel:

- Has a relationship (whether professional, commercial or personal) with a party who is able to influence the application assessment process, such as a Department staff member;
- Has a relationship with, or interest in, an organisation, which is likely to interfere with or restrict the applicant in carrying out the proposed activities fairly and independently; or
- Has a relationship with, or interest in, an organisation from which they will receive personal gain as a result of the granting of funding under the safety at suicide hotspots measure.

Each applicant will be required to declare as part of their application, existing conflicts of interest or that to the best of their knowledge there is no conflict of interest, including in relation to the examples above, that would impact on or prevent the applicant from proceeding with the project or any funding agreement it may enter into with the Australian Government.
Where an applicant subsequently identifies that an actual, apparent, or potential conflict of interest exists or might arise in relation to this application for funding, the applicant must inform the Department in writing immediately.

3.2. Confidentiality and Protection of Personal Information

Each applicant will be required to declare as part of their application, their ability to comply with the following Legislation/Clauses in the funding agreement it may enter into with the Australian Government.

The Protection of Personal Information Clause requires the Participant to:

- comply with the Privacy Act (1988) (‘the Privacy Act’), including the 11 Information Privacy Principles (IPPs), as if it were an agency under the Privacy Act, and the National Privacy Principles (NPPs);
- refrain from engaging in direct marketing (s 16F of the Privacy Act), to the extent that the NPP and/or s 16F apply to the Participant; and
- impose the same privacy obligations on any subcontractors it engages to assist with the Project.

The Confidentiality Clause imposes obligations on the Participant with respect to special categories of information collected, created or held under the Agreement. The Participant is required to seek the Commonwealth’s consent in writing before disclosing Confidential Information.

Further information can be found in the Standard Funding Agreement available at Attachment B.

4. How to Apply

4.1. Invitation to Apply

An Invitation to Apply (ITA) for funding under the Improving safety at ‘hotspots’ measure will be advertised on the Department’s Tenders and Grants internet page and the GrantsLink internet site. Notification of the opening of the ITA process will also be sent to the Australian Local Government Association (ALGA).

Applications must be submitted to the Department by closing date listed within the ITA document.

Applications received will be initially reviewed by the Department of Health and Ageing to ensure applicants meet the minimum requirements including:

- Definition of legal entity;
- Required insurance levels or willingness to obtain;
- Agreement to acknowledgements on the on the reporting of the project, and the agreements to the terms of the funding agreement;
- Completion of the declaration; and
- Provision of letters of support.

4.2. How to submit an application

Applications may be submitted in the following manner:

Improving safety at ‘hotspots’ funding
Department of Health and Ageing
Tender Box
Sirius Building,
Foyer, Ground Floor,
23 Furzer Street
WODEN ACT 2606

To assist with the appraisal of an application, clarifying information may be requested by the Department. Applicants will be notified by email or post where this is required.

5. Appraisal
5.1. Appraisal process
Those applications which do not satisfy the eligibility criteria may not be assessed.

Based on the information provided, the assessment committee will undertake an evaluation of eligible applications against the appraisal criteria outlined below. The Australian Suicide Prevention Advisory Council may be consulted during the appraisal process, and the assessment committee will consist of officers from the Department and one member from the Australian Suicide Prevention Advisory Council.

5.2. Appraisal criteria
Applications will be assessed against the following criteria:

- Threshold Criteria are the criteria that an application must satisfy in order to be considered for funding. These are also variously expressed as ‘eligibility criteria’, ‘mandatory criteria’, ‘compliance criteria’, or ‘gateway criteria’. Threshold Criteria often involve the use of expressions such as ‘must’, ‘must not’, ‘will’ or ‘will not.

- Assessment Criteria are the criteria against which all eligible, compliant applications will be assessed in order to determine their merits against the program objectives and, for competitive programs, other competing applications.

5.3. Assessment criteria
The following criteria are used to assess each application:

- Evidence and identified need;
- Appropriateness and suitability;
- Stakeholder consultation;
- Demonstrated capacity for sustainability;
- Demonstrated value for money;
- Reliance on Commonwealth Government funding;
- Identification of other funding sources; and
- Relevant experience of project team.
An outline of assessment criteria is provided at Attachment A.

6. Approval processes

6.1. Approval of funding
Following an appraisal of the applications by the assessment panel, advice will be provided by the Department to the Funding Approver, the Assistant Secretary, Mental Health and Early Intervention Programs Branch, on the merits of the application/s.

The Funding Approver will consider whether the proposal will make an efficient, economical, effective and ethical use of Commonwealth resources, as required by Commonwealth legislation, and whether any specific requirements will need to be imposed as a condition of funding.

The list of recommended projects to be funded under the measure will be forwarded to the Minister for Mental Health and Ageing for policy approval.

Following policy approval, the Funding Approver will exercise their delegation to commence negotiations with successful applicants.

6.2. Advice to applicants
Applicants will be advised by letter of the outcome of their application. Letters to successful applicants will contain details of any specific conditions attached to the funding. Funding approvals will also be listed on the Department’s website.

The Department will notify all unsuccessful applicants, in writing, after execution of the agreements.

Note: Applications will not be automatically considered in future funding rounds.

6.3. Complaint handling
The Department of Health and Ageing’s Procurement and Funding Complaints Handling Policy applies to complaints that arise in relation to a procurement or funding process. It covers events that occur between the time the request documentation is released publicly and the date of contract execution, regardless of when the actual complaint is made. The Department of Health and Ageing requires that all complaints relating to a procurement or funding process must be lodged in writing. Further details of the policy are available on the 'About Us' page of the Department’s internet site (www.health.gov.au)

7. Conditions of Funding

7.1. Contracting arrangements
Successful applicants will be required to enter into a funding agreement with the Australian Government managed through the Department of Health and Ageing. The funding agreement outlines the obligations of both parties under the Improving safety at ‘hotpots’ initiative. A copy of this agreement is provided at Attachment B however applicants should note that individual clauses may need to be negotiated depending on the proposed infrastructure and entity status of the preferred applicants.

7.2. Specific conditions
There may be specific conditions attached to the funding approval required as a result of the appraisal process or imposed by the Approver. These will be identified in the offer of funding or during funding agreement negotiations, however such conditions will include:

- Development and submission of a communication strategy – which will outline the consultation process to be implemented in the development of the Project Plan. This should include consultations with the Mindframe Initiative, the project funded by the Australian Government which aims to encourage responsible, accurate and sensitive media representation of mental illness and suicide, and to advocate on behalf of community concerns relating to media depictions that stigmatise mental illness or promote self-harm;
- Development and submission of a comprehensive Project Plan and Budget to cover the duration of the funding period;
- The timely completion of project milestones;
- Appropriate financial management (including timely reporting and audited statements when required); and
- Taking out minimum levels of insurance as follows:
  i. Workers compensation as required by law;
  ii. Public liability to $20 million (including product liability); and
  iii. Professional indemnity to $1 million.

7.3. Payment arrangements
Payments will be made on receipt and approval of agreed milestones.

Before any payment can be made, funding recipients will be required to provide:

- a tax invoice for the amount of the payment; and
- evidence of meeting the obligations stipulated in the funding agreement (including progress reports, evidence of contractual arrangements with sub-contractors, income and expenditure statements relating to the project etc).

Where payments are linked to the achievement of specific milestones, payments will only be made after the Department is satisfied that those milestones and associated obligations of the funding agreement have been met.
7.4. Reporting requirements
Clause 11 of the Standard Funding Agreement at Attachment B outlines the Departments requirements and expectations relating to reporting.

Applicants should be aware that the Department will require regular reporting throughout the funding period. A detailed Communication Strategy, Project Plan, Risk Assessment Plan and Budget will be required as initial deliverables under the agreement. Subsequent Progress Reports outlining progress against the agreed Project Plan will be requested at regular intervals, with a Final Report due at the end of the funding period.

Successful applicants will also be required to submit audited end of year financial statements for each financial year or part year funding received from the Department. Further details of what should be contained in these reports can be found in Clause 11.5 at Attachment B.

7.5. Monitoring
The funding recipient will be required to actively manage the delivery of the project. The Department will monitor progress against the funding agreement through assessment of progress reports and by conducting site visits as necessary.

7.6. False or Misleading Information
Applications that are knowingly false or misleading will not be considered and may be subject to criminal prosecution. In addition, the Commonwealth may, at its absolute discretion, terminate the funding of a successful applicant, if the applicant has submitted false or misleading information.

7.7. Evaluation
An evaluation by the Department will determine how the funding contributed to the objectives of the program. Funding recipients will be required to provide information to assist in this evaluation for a period of time, as stipulated in the funding agreement, after funding has been provided.

7.8. Acknowledgement
The Participant must acknowledge the financial and other support it has received from the Commonwealth.
