

Review of Pharmacy Remuneration and Regulation
Submission #1; 27-Jul-2016; John Nakula

Dear sir or madam,

I just bought a pharmacy in regional Victoria. I bear a loan of 2 millions. If rules change and the pharmacy will be in receivership, I would have lost all my life saving and all my staff will be jobless. It's the profitability that maintains this valuable services.

Kind regards,
John Nakhla
