

1

Morphine Sulphate 20mg in 1 mL
in Automatic Pre-Filled Self Injecting Syringe

[REDACTED] (Deputy Defence Chief Pharmacist)
called to deliver the enclosed request

He also delivered data in response to TGA's advice
some time ago of the data requirements.

The request for an import authority for 4,000 units
is made as a result of the Prime Minister's decision to
send some defence personnel to the Middle East
as a consequence of Iraq's invasion of Kuwait.

I discussed the request with [REDACTED] who
advised that there is objection by the TGA to the
issue of an import authority for the requested quantity
— the following conditions should be imposed on the permit

- As the Dept has not evaluated any data concerning the
product, no guarantees of quality, safety & efficacy
are given or implied.
- Not for general distribution in Australia — for
combat zone use only.

[REDACTED]
10/8/90.

* [REDACTED] advised that Medinex (the manufacturer
are represented in Australia by CSL — contact there
is a Mr Dacosta
