Dear Mr Adams *Dick*

Thank you for your facsimile of 22 May 2008 regarding the GP Super Clinics local consultation in Sorell.

GP Super Clinics are a key element of the Australian Government's strategy to build a stronger primary health care system, including a greater focus on management of chronic diseases, health promotion and illness prevention and better coordination between privately provided GP services, community health and other State or Territory Government services.

As outlined in the GP Super Clinics 2008 National Program Guide, the Australian Government, through my Department, intends to conduct a formal public consultation in each GP Super Clinic locality. The public consultation for the Sorell GP Super Clinic is scheduled to take place on 9 July 2008.

I would welcome your participation in the consultation. My office has spoken with Ian Gabites in your Northern office who indicated you would be able to take part in the consultation.

I look forward to working with you further in the development of the Sorell GP Super Clinic.

Yours sincerely

NICOLA ROXON
