Ainscorp Salts Secuplast Hydro Tape – AI#01OCT2022

Proposed Deletion on the Stoma Appliance Scheme

The applicant, Ainscorp Pty Ltd, sought the deletion of the entire product range of the current listing of Ainscorp Salts Secuplast Hydro Tape (SAS Code 3957G) in subgroup 9(a) of the Stoma Appliance Scheme (SAS) Schedule, as it is being discontinued. The product, with a single variant, is currently listed at a unit price of \$19.900 with a maximum monthly quantity of 4 units.

Substitute products

Ainscorp Salts Flange Extender with Aloe (Company code: SPHA2)

Variant to be deleted

Product Code	Description
HT2	Ainscorp Salts Secuplast Hydro Tape

Background

This product was first listed on the SAS Schedule on 1 July 2018.

Clinical Place for the Product

Not applicable.

Financial Analysis

Substitute products are currently listed in subgroup 9(a) of the SAS Schedule at the same cost and maximum monthly quantity. It is therefore unlikely that there would be any budgetary impact for the SAS as a consequence of deleting this product.

Panel Recommendation

The Panel noted there are equivalent products remaining on the Schedule and recommended the deletion of the entire product range of Ainscorp Salts Secuplast Hydro Tape (SAS Code 3957G) listed in subgroup 9(a) of the SAS Schedule.

Ainscorp is to advise stoma associations, ostomates, stomal therapy nurses and the Australian Council of Stoma Associations of the deletion. A period of approximately 6 months from the date of the recommendation (18 October 2022) should be given to allow users of the product to seek a suitable alternative and to enable stoma associations to manage their stock levels.

Context for Recommendation

The Panel's discussion of deletion requests includes consideration of whether appropriate alternative products remain available on the SAS Schedule. Suggested alternative products are noted by the Panel but not referenced in the SAS Schedule.

Applicant's Comment

The applicant noted the SPAP recommendation.

Background

This product was first listed on the SAS Schedule on 1 April 2011.

Clinical Place for the Product

Not applicable.

Financial Analysis

Substitute products are currently listed in subgroup 10(a) of the SAS Schedule at the same cost and maximum monthly quantity. It is unlikely there would be any budgetary impact for the SAS as a consequence of deleting one variant of the product.

Recommendation

As this was an administrative change, this application was considered by the Panel secretariat in line with the *SAS Application and Assessment Guidelines*. The Panel secretariat, noting equivalent products remained on the Schedule, recommended the deletion of one variant from the product range (4 variants) for Ainscorp Salts Confidence Comfort (SAS Code 9776M) listed in subgroup 10(a) of the SAS Schedule. The Panel noted the secretariat's recommendation at the October 2022 meeting.

Ainscorp is to advise stoma associations, ostomates, stomal therapy nurses and the Australian Council of Stoma Associations of the deletion. A period of approximately 6 months from the date of the recommendation (18 October 2022) should be given to allow users of the product to seek a suitable alternative and to enable stoma associations to manage their stock levels.

Context for Recommendation

The Panel secretariat, in accordance with the *SAS Application and Assessment Guidelines*, usually processes deletions to products. This includes consideration of whether appropriate

alternative products remain available on the SAS Schedule. Suggested alternative products are noted by the secretariat but not referenced in the SAS Schedule.
