Discussion Highlights

Induction & sector partner reminders

- Welcome to new members & personal introductions
- Introduction to Sector Partner operating principles, probity considerations, IP assumptions, and collaboration logistics.

State of play

- Recap: Co-design activities closed in 2022
- Launched: 3 new activities spread across our 3 phases (design thinking, lean start-up, and agile).

Worker Screening

- Recap: Aged Care policy colleagues provided an update about the *Worker Screening* initiative
- **Open:** Still looking for volunteers – dual providers and those from QLD or SA
- Worker Screening to roll out from 2024.

Strengthening Aged Care Approved Provider Governance – providers' operations

- **Closed:** Thank you to all volunteers who will be participating in a feedback workshop on 1 March 2023
- Feedback will be shared with the Sector Partner group at a future session.

Quarterly Financial Reporting (QFR) system trial

- Aged Care policy colleagues provided an update on the *QFR* initiative and launched a new co-design activity
- **Open**: Seeking providers for a system trial (to submit Quarterly Financial Report)
  - A prerequisite for the trial is that provider representatives are familiar with the QFR submission process.

Key outcomes, actions, & takeaways

- NOTE: Next Tech Talk is scheduled for 2 March; group was encouraged to register
- REMINDER: Volunteers needed to help with upcoming co-design initiatives for 2023.
