Omnigon Flexima Active Closed –OG#01MAY2023

Proposed Deletion on the Stoma Appliance Scheme

The applicant, Omnigon, sought the deletion of 3 variants from the current listing of Omnigon Flexima Active Closed (SAS Code 80021P) in subgroup 1(b) of the Stoma Appliance Scheme (SAS) Schedule, as they are being discontinued. The product, including 12 variants, is currently listed at a unit price of \$2.735 with a maximum monthly quantity of 90 units.

Substitute products

Omnigon Flexima Active (Company codes: 4612215, 4612115, 4612380)

Variants to be deleted

Product Code	Description
4610215	Omnigon Flexima Active – Closed Mini CTF 15-45mm
4610115	Omnigon Flexima Active – Closed Midi CTF 15-50mm
4610380	Omnigon Flexima Active – Closed Maxi CTF 15-65mm

Background

These products were first listed on the SAS Schedule on 1 May 2015.

Clinical Place for the Product

Not applicable.

Financial Analysis

Substitute products are currently listed in subgroup 1(b) of the SAS Schedule at the same cost and maximum monthly quantity. It is therefore unlikely that there would be any budgetary impact for the SAS as a consequence of deleting 3 variants of the product.

Recommendation

As this was an administrative change, this application was considered by the Panel secretariat in line with the *SAS Application and Assessment Guidelines*. The Panel secretariat, noting equivalent products remained on the Schedule, recommended the deletion of 3 variants from the product range (12 variants) for Omnigon Flexima Active Closed (SAS Code 80021P) listed in subgroup 1(b) of the SAS Schedule. The Panel noted the secretariat's recommendation at the May 2023 meeting.

Omnigon is to advise stoma associations, ostomates, stomal therapy nurses and the Australian Council of Stoma Associations of the deletion. A period of approximately 6 months from the date of the recommendation (2 May 2023) should be given to allow users of the product to seek a suitable alternative and to enable stoma associations to manage their stock levels.

Context for Recommendation

The Panel secretariat, in accordance with the *SAS Application and Assessment Guidelines*, usually processes deletions to products. This includes consideration of whether appropriate alternative products remain available on the SAS Schedule. Suggested alternative products are noted by the secretariat but not referenced in the SAS Schedule.

Applicant's Comment

The applicant noted the recommendation.

Omnigon Welland Aurum Plus – OG#02MAY2023

Proposed Deletion on the Stoma Appliance Scheme

The applicant, Omnigon, sought the deletion of 4 variants from the current listing of Omnigon Welland Aurum Plus (SAS Code 80224H) in subgroup 2(a) of the Stoma Appliance Scheme (SAS) Schedule, as they are being discontinued. The product, including 36 variants, is currently listed at a unit price of \$4.674 with a maximum monthly quantity of 30 units.

Substitute products

Omnigon Welland Aurum (Company code: XMHDM519)

Variants to be deleted

X1D1A2220	Omnigon Welland Aurum Plus – Drainable Midi Sand 20mm
X1D1A2320	Omnigon Welland Aurum Plus – Drainable Maxi Sand 20mm

Background

This product was first listed on the SAS Schedule on 1 May 2021.

Clinical Place for the Product

Not applicable.

Financial Analysis

Substitute products are currently listed in subgroup 2(a) of the SAS Schedule at the same cost and maximum monthly quantity. It is unlikely there would be any budgetary impact for the SAS as a consequence of deleting 4 variants of the product.

Recommendation

As this was an administrative change, this application was considered by the Panel secretariat in line with the SAS *Application and Assessment Guidelines*. The Panel secretariat, noting equivalent products remained on the Schedule, recommended the deletion of 4 variants from the product range (36 variants) for Omnigon Welland Aurum Plus (SAS Code 80224H) listed in subgroup 2(a) of the SAS Schedule. The Panel noted the secretariat's recommendation at the May 2023 meeting.

Omnigon is to advise stoma associations, ostomates, stomal therapy nurses and the Australian Council of Stoma Associations of the deletion. A period of approximately 6 months from the date of the recommendation (2 May 2023) should be given to allow users of the product to seek a suitable alternative and to enable stoma associations to manage their stock levels.

Context for Recommendation

The Panel secretariat, in accordance with the *SAS Application and Assessment Guidelines*, usually processes deletions to products. This includes consideration of whether appropriate alternative products remain available on the SAS Schedule. Suggested alternative products are noted by the secretariat but not referenced in the SAS Schedule.

Applicant's Comment

The applicant noted the recommendation.

Omnigon Welland Aurum Plus – OG#03MAY2023

Proposed Deletion on the Stoma Appliance Scheme

The applicant, Omnigon, sought the deletion of 2 variants from the current listing of Omnigon Welland Aurum Plus (SAS Code 80223G) in subgroup 3(a) of the Stoma Appliance Scheme (SAS) Schedule, as they are being discontinued. The product, including 18 variants, is currently listed at a unit price of \$4.674 with a maximum monthly quantity of 60 units.

The Panel secretariat, in accordance with the *SAS Application and Assessment Guidelines*, usually processes deletions to products. This includes consideration of whether appropriate alternative products remain available on the SAS Schedule. Suggested alternative products are noted by the secretariat but not referenced in the SAS Schedule.

Applicant's Comment

The applicant noted the recommendation.

Omnigon Flexima Uro Silk – OG#05MAY2023

Proposed Variation on the Stoma Appliance Scheme

The applicant, Omnigon, sought the change in description of one variant in the current listing of the Omnigon Flexima Uro Silk (SAS Code 9826E) in subgroup 3(b) of the Stoma Appliance Scheme (SAS) Schedule. The product, including 5 variants, is currently listed at a unit price of \$6.373, with a maximum monthly quantity of 30 units.

Variation description requested

The applicant requested the following variation to the description of the existing listing for SAS Code 9826E.

Product Code	Description
44919	non-return valve single chamber, beige with fabric backing, including viewing option (split fabric), medium, 640ml, adapter for connection to drainage bag, tap closure, belt loops on baseplate, 5mm, hydrocolloid baseplate, shallow convexity, rigid convex ring, hydrocolloid self-adhesive, standard wear, polygon, cut-to-fit, 12mm, release tabs, 35mm

Background

This product was first listed on the SAS Schedule on 1 April 2011.

Financial Analysis

As there is no change to the listed price or maximum monthly quantity as the current listing, the variation is unlikely to have a budgetary impact for the SAS.

Recommendation

As this was an administrative change, this application was considered by the Panel secretariat in line with the SAS *Application and Assessment Guidelines*. The description of the product will be amended to include the words 'including viewing option (split fabric)'.

The Panel secretariat recommended the change in description of one variant of the current product range (5 variants) for Omnigon Flexima Uro Silk (SAS Code 9826E) listed in subgroup 3(b) of the SAS Schedule at the unit price of \$6.373, with a maximum monthly quantity of 30 units. The Panel noted the secretariat's recommendation at the May 2023 meeting.

Context for Recommendation

The Panel secretariat, in accordance with the SAS *Application and Assessment Guidelines*, can process variations to products where there is no change to classification, pricing, maximum quantity or composition. All recommendations are subject to Government approval.

Applicant's Comment

The applicant noted the SPAP recommendation.

Omnigon B Braun Stoma Care Belt – OG#06MAY2023

Proposed Variation on the Stoma Appliance Scheme

The applicant, Omnigon, sought the change in name and description of one variant of the current listing of the Omnigon B Braun Stoma Care Belt (SAS Code 3816W) in subgroup 9(d) of the Stoma Appliance Scheme (SAS) Schedule. The product, including one variant, is currently listed at a unit price of \$5.980, with a maximum annual quantity of 4 units.

Variation description requested

The applicant requested the following variation to the existing listing for SAS Code 3816W.

Product Code	Description
5028	The product name is changing from "Omnigon BBraun Stomacare Belt" to "Omnigon BBraun Ally Belt". The product description is changing from "belt for extra support used with Almarys Twin range" to "Adjustable ostomy belt 60-150cm".

Background

This product was first listed on the SAS Schedule on 1 April 2011.

Financial Analysis

As there is no change to the listed price or maximum annual quantity as the current listing, the variation is unlikely to have a budgetary impact for the SAS.

Recommendation

As this was an administrative change, this application was considered by the Panel secretariat in line with the *SAS Application and Assessment Guidelines*. The product name will be changed from "Omnigon BBraun Stomacare Belt" to "Omnigon BBraun Ally Belt" and the description of the product will be changed from "belt for extra support used with Almarys Twin range" to "Adjustable ostomy belt 60-150cm".

The Panel secretariat recommended the change in description of one variant of the current product range for Omnigon B Braun Stoma Care Belt (SAS Code 3816W) listed in subgroup 9(d) of the SAS Schedule at the unit price of \$5.980, with a maximum annual quantity of 4 units. The Panel noted the secretariat's recommendation at the May 2023 meeting.

Context for Recommendation

The Panel secretariat, in accordance with the *SAS Application and Assessment Guidelines*, can process variations to products where there is no change to classification, pricing, maximum quantity or composition. All recommendations are subject to Government approval.

Applicant's Comment

The applicant noted the recommendation.

Omnigon Welland Aurum Plus Soft Convex – OG07#MAY2023

Proposed Listing on the Stoma Appliance Scheme

The applicant, Omnigon, sought listing of Omnigon Welland Aurum Plus Soft Convex in subgroup 3(b) of the Stoma Appliance Scheme (SAS) Schedule. The product (62 variants) was proposed for listing at a unit price of \$6.373, with a maximum monthly quantity of 30 units.

Comparator

The applicant nominated Omnigon Welland Aurum (SAS Code 3947R) as the comparator. The comparator product (23 variants) is currently listed in subgroup 3(b) of the SAS Schedule at the unit price of \$6.373, with a maximum monthly quantity of 30 units.

Background

This was the Stoma Product Assessment Panel's (the Panel) first consideration of this product.

Clinical Place for the Product

The proposed product is an alternative for users requiring a one-piece urostomy with a soft convex baseplate.

Clinical Analysis

The Panel noted that adding this product to the SAS Schedule would add variants with a soft convexity to an existing product range, and that this may benefit ostomates with flush or slightly retracted stomas due to reduced leakage.

Economic Analysis

The Panel noted that the listing of this new product at the same price and the same maximum monthly quantity as currently listed products in the same subgroup will result in the same monthly cost on the SAS Schedule.

Financial Analysis

Listing of this product is unlikely to have a budgetary impact for the SAS as it will be listed at the same price and the same maximum monthly quantity as currently listed products in the same subgroup.

Panel Recommendation

The Panel recommended that the Omnigon Welland Aurum Plus Soft Convex be listed in subgroup 3(b) of the SAS Schedule with 62 variants, at the unit price of \$6.373, with a maximum monthly quantity of 30 units.

Context for Recommendation

The Panel provides advice on whether stoma products should be subsidised and, if so, the conditions of their subsidisation in Australia. Applications are considered in this context. The Panel is an advisory committee and as such its recommendations are non-binding on Government. All Panel recommendations are subject to Government approval.

Applicant's Comment

The applicant noted the Panel recommendation.

Omnigon Welland Aurum Plus Soft Convex – OG08#MAY2023

Proposed Listing on the Stoma Appliance Scheme

The applicant, Omnigon, sought listing of Omnigon Welland Aurum Plus Soft Convex in subgroup 2(b) of the Stoma Appliance Scheme (SAS) Schedule. The product (60 variants) was proposed for listing at a unit price of \$6.373, with a maximum monthly quantity of 30 units.

Comparator

The applicant nominated Omnigon Welland Aurum (SAS Code 3946Q) as the comparator. The comparator product (21 variants) is currently listed in subgroup 2(b) of the SAS Schedule at the unit price of \$6.373, with a maximum monthly quantity of 30 units.

Background

This was the Stoma Product Assessment Panel's (the Panel) first consideration of this product.

Clinical Place for the Product

The proposed product is an alternative for users requiring a one-piece drainable pouch with a soft convex baseplate with 60 variants including cut-to-fit and pre-cut sizes.

Clinical Analysis

The Panel noted that adding this product to the SAS Schedule would add variants with a soft convexity to an existing product range, and that this may benefit ostomates with flush or slightly retracted stomas due to reduced leakage.

Economic Analysis

The Panel noted that the listing of this new product at the same price and the same maximum monthly quantity as currently listed products in the same subgroup will result in the same monthly cost on the SAS Schedule.

Financial Analysis

Listing of this product is unlikely to have a budgetary impact for the SAS as it will be listed at the same price and the same maximum monthly quantity as currently listed products in the same subgroup.

Panel Recommendation

The Panel recommended that the Omnigon Welland Aurum Plus Soft Convex be listed in subgroup 2(b) of the SAS Schedule with 60 variants, at the unit price of \$6.373, with a maximum monthly quantity of 30 units.

Context for Recommendation

The Panel provides advice on whether stoma products should be subsidised and, if so, the conditions of their subsidisation in Australia. Applications are considered in this context. The Panel is an advisory committee and as such its recommendations are non-binding on Government. All Panel recommendations are subject to Government approval.

Applicant's Comment

The applicant noted the Panel recommendation.

Omnigon Welland Aurum Plus Soft Convex – OG09#MAY2023

Proposed Listing on the Stoma Appliance Scheme

The applicant, Omnigon, sought listing of Omnigon Welland Aurum Plus Soft Convex in subgroup 1(c) of the Stoma Appliance Scheme (SAS) Schedule. The product (60 variants) was proposed for listing at a unit price of \$4.433, with a maximum monthly quantity of 90 units.

Comparator

The applicant nominated Omnigon Welland Aurum (SAS Code 3945P) as the comparator. The comparator product (22 variants) is currently listed in subgroup 1(c) of the SAS Schedule at the unit price of \$4.433, with a maximum monthly quantity of 60 units.

Background

This was the Stoma Product Assessment Panel's (the Panel) first consideration of this product.

Clinical Place for the Product

The proposed product is an alternative for users requiring a soft one-piece closed pouch with a convex baseplate with 60 variants including cut-to-fit and pre-cut sizes.

Clinical Analysis

The Panel noted that adding this product to the SAS Schedule would add variants with a soft convexity to an existing product range, and that this may benefit ostomates with flush or slightly retracted stomas due to reduced leakage.

Economic Analysis

The Panel noted that the listing of this new product at the same price and the same maximum monthly quantity as currently listed products in the same subgroup will result in the same monthly cost on the SAS Schedule.

Financial Analysis

Listing of this product is unlikely to have a budgetary impact for the SAS as it will be listed at the same price and the same maximum monthly quantity as currently listed products in the same subgroup.

Panel Recommendation

The Panel recommended that the Omnigon Welland Aurum Plus Soft Convex be listed in subgroup 1(c) of the SAS Schedule with 60 variants, at the unit price of \$4.433, with a maximum monthly quantity of 60 units.

Context for Recommendation

The Panel provides advice on whether stoma products should be subsidised and, if so, the conditions of their subsidisation in Australia. The Panel is an advisory committee and as such its recommendations are non-binding on Government. All Panel recommendations are subject to Government approval.

Applicant's Comment

The applicant noted the Panel recommendation.
