

Why should you get a COVID-19 vaccine booster dose?

COVID-19 vaccines protect you, your family and community from getting very sick or dying from COVID-19.

- ✓ The protection provided from your primary course will decrease over time.
- ✓ A booster will give you additional protection against severe illness from COVID-19.
- ✓ Booster doses are free for everyone.

For more information, call the National Coronavirus Helpline on 1800 020 080.
For free interpreting services, selection option 8.

COVID-19
✓ **VACCINATION**

Safe. Effective. Free.
