We also seek your agreement to an early announcement of this funding, with details to be settled with your office to ensure maximum recognition of this Government's support for women and girls in sport. If you support the proposal, we propose the announcement to be made during the FIFA Women's World Cup 2023, noting the final match is on 20 August 2023. This would capitalise on the national support behind this event and highlight the Government's commitment to gender equality and empower our communities.

As noted by the Government in the Parliament, the FIFA Women's World Cup 2023 has been a game changer for women and girls and our female athletes are excelling on the world stage, changing sport in this country. Our proposed sport and physical activity inclusion grant program would provide the first step towards a more inclusive, safe and accessible sports agenda.
