

(MBSOnline Extract) CDBS – Dental Benefits Schedule Items and Rates for 2024 – Rates commencing from 1 January 2024 to 31 December 2024

Category	Group	SubGroup	ItemNum	Item Name	Description	DescriptionStartDate	ItemStartDate	Item Type	Benefit Type	BenefitStartDate	FeeStartDate	2024 - ScheduleFee
10	U0	1	88011	Comprehensive oral examination	Evaluation of all teeth, their supporting tissues and the oral tissues in order to record the condition of these structures. This evaluation includes recording an appropriate medical history and any other relevant information.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	57.65
10	U0	1	88012	Periodic oral examination	An evaluation performed on a patient of record to determine any changes in the patient's dental and medical health status since a previous comprehensive or periodic examination.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	47.9
10	U0	1	88013	Oral examination - limited	A limited oral problem-focused evaluation carried out immediately prior to required treatment. This evaluation includes recording an appropriate medical history and any other relevant information.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	30.1
10	U0	2	88022	Intraoral periapical or bitewing radiograph - per exposure	Taking and interpreting a radiograph made with the film inside the mouth.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	33.35
10	U0	2	88025	Intraoral radiograph - occlusal, maxillary, mandibular - per exposure	Intraoral radiograph - occlusal, maxillary, mandibular - per exposure Taking and interpreting an occlusal, maxillary or mandibular intraoral radiograph. This radiograph shows a more extensive view of teeth and maxillary or mandibular bone.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	67.4
10	U1	1	88111	Removal of plaque and/or stain	Removal of dental plaque and/or stain from the surfaces of all teeth and/or implants.	01.01.2018	01.01.2014	D	E	01.01.2014	01.01.2024	58.9
10	U1	1	88114	Removal of calculus - first visit	Removal of calculus from the surfaces of teeth.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	98.2
10	U1	1	88115	Removal of calculus - subsequent visit	This item describes procedures in item 88114 when, because of the extent or degree of calculus, an additional visit(s) is required to remove deposits from the teeth.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	63.85
10	U1	2	88121	Topical application of remineralisation and/or cariostatic agents, one treatment	Application of remineralisation and/or cariostatic agents to the surfaces of the teeth. This may include activation of the agent. Not to be used as an intrinsic part of the restoration.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	37.85
10	U1	3	88161	Fissure and/or tooth surface sealing - per tooth (first four services on a day). (Item is subject to Rules 17 and 20)	Sealing of non-carious pits, fissures, smooth surfaces or cracks in a tooth with an adhesive material. Any preparation prior to application of the sealant is included in this item number.	01.01.2015	01.01.2014	D	E	01.01.2014	01.01.2024	50.45
10	U1	3	88162	Fissure and/or tooth surface sealing - per tooth (subsequent services)	Sealing of non-carious pits, fissures, smooth surfaces or cracks in a tooth with an adhesive material. Any preparation prior to application of the sealant is included in this item number.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	25.25
10	U2		88213	Treatment of acute periodontal infection - per visit	This item describes the treatment of acute periodontal infection(s). It may include establishing drainage and the removal of calculus from the affected tooth (teeth). Inclusive of the insertion of sutures, normal post-operative care and suture removal.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	76.3
10	U2		88221	Clinical periodontal analysis and recording	This is a special examination performed as part of the diagnosis and management of periodontal disease. The procedure consists of assessing and recording a patient's periodontal condition. All teeth and six sites per tooth must be recorded. Written documentation of these measurements must be retained.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	58
10	U3	1	88311	Removal of a tooth or part(s) thereof - first tooth extracted on a day	A procedure consisting of the removal of a tooth or part(s) thereof. Inclusive of the insertion of sutures, normal post-operative care and suture removal.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	143.75
10	U3	1	88314	Sectional removal of a tooth or part(s) thereof - first tooth extracted on a day	The removal of a tooth or part(s) thereof in sections. Bone removal may be necessary. Inclusive of the insertion of sutures, normal postoperative care and suture removal.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	183.75
10	U3	1	88316	Additional extraction requiring removal of a tooth or part(s) thereof, or sectional removal of a tooth.	Additional extraction provided on the same day as a service described in item 88311 or 88314 is provided to the patient.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	90.6
10	U3	2	88322	Surgical removal of a tooth or tooth fragment not requiring removal of bone or tooth division - first tooth extracted on a day	Removal of a tooth or tooth fragment where an incision and the raising of a mucoperiosteal flap is required, but where removal of bone or sectioning of the tooth is not necessary to remove the tooth. Inclusive of the insertion of sutures, normal post-operative care and suture removal.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	233.3
10	U3	2	88323	Surgical removal of a tooth or tooth fragment requiring removal of bone - first tooth extracted on a day	Removal of a tooth or tooth fragment where removal of bone is required after an incision and a mucoperiosteal flap raised. Inclusive of the insertion of sutures, normal post-operative care and suture removal.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	266.45
10	U3	2	88324	Surgical removal of a tooth or tooth fragment requiring both removal of bone and tooth division - first tooth extracted on a day	Removal of a tooth or tooth fragment where both removal of bone and sectioning of the tooth are required after an incision and a mucoperiosteal flap raised. The tooth will be removed in portions. Inclusive of the insertion of sutures, normal post-operative care and suture removal.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	358.4
10	U3	2	88326	Additional surgical extraction requiring surgical removal of a tooth or tooth fragment	Additional surgical extraction provided on the same day as a service described in item 88322, 88323 or 88324 is provided to the patient.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	190.85
10	U3	5	88351	Repair of skin and subcutaneous tissue or mucous membrane	The surgical cleaning and repair of a facial skin wound in the region of the mouth or jaws, or the repair of oral mucous membrane, where the wounds involve the subcutaneous tissues. Inclusive of the insertion of sutures, normal post-operative care and suture removal.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	175.15
10	U3	8	88384	Repositioning of displaced tooth/teeth - per tooth	A procedure following trauma where the position of the displaced tooth/teeth is corrected by manipulation. Stabilising procedures are itemised separately. Inclusive of the insertion of sutures, normal postoperative care and suture removal.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	209
10	U3	8	88386	Splinting of displaced tooth/teeth - per tooth	A procedure following trauma where the position of the displaced tooth/teeth may be stabilized by splinting. Inclusive of the insertion of sutures, normal post-operative care and suture removal.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	215.6
10	U3	8	88387	Replantation and splinting of a tooth.	Replantation of a tooth which has been avulsed or intentionally removed. It may be held in the correct position by splinting. Inclusive of the insertion of sutures, normal post-operative care and suture removal.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	422.2
10	U3	8	88392	Drainage of abscess	Drainage and/or irrigation of an abscess other than through a root canal or at the time of extraction. The drainage may be through an incision or inserted tube. Inclusive of the insertion of sutures, normal post-operative care and suture removal.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	106.1
10	U4	1	88411	Direct pulp capping	A procedure where an exposed pulp is directly covered with a protective dressing or cement.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	38.15
10	U4	1	88412	Incomplete endodontic therapy (tooth not suitable for further treatment)	A procedure where in assessing the suitability of a tooth for endodontic treatment a decision is made that the tooth is not suitable for restoration.	01.01.2015	01.01.2015	D	E	01.01.2015	01.01.2024	130.7
10	U4	1	88414	Pulpotomy	Amputation within the pulp chamber of part of the vital pulp of a tooth. The pulp remaining in the canal(s) is then covered with a protective dressing or cement.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	83.3
10	U4	1	88415	Complete chemo-mechanical preparation of root canal - one canal	Complete chemo-mechanical preparation including removal of pulp or necrotic debris from a canal.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	234.5
10	U4	1	88416	Complete chemo-mechanical preparation of root canal - each additional canal	Complete chemo-mechanical preparation including removal of pulp or necrotic debris from each additional canal of a tooth with multiple canals.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	111.7
10	U4	1	88417	Root canal obturation - one canal	The filling of a root canal, following chemo-mechanical preparation.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	228.4
10	U4	1	88418	Root canal obturation - each additional canal	The filling, following chemo-mechanical preparation, of each additional canal in a tooth with multiple canals.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	106.8
10	U4	1	88419	Extirpation of pulp or debridement of root canal(s) - emergency or palliative	The partial or thorough removal of pulp and/or debris from the root canal system of a tooth. This is an emergency or palliative procedure distinct from visits for scheduled endodontic treatment.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	151
10	U4	1	88421	Resorbable root canal filling - primary tooth	The placement of resorbable root canal filling material in a primary tooth.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	130.7
10	U4	4	88455	Additional visit for irrigation and/or dressing of the root canal system - per tooth	Additional debridement irrigation and short-term dressing required where evidence of infection or inflammation persists following prior opening of the root canal and removal of its contents.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	115.7
10	U4	4	88458	Interim therapeutic root filling - per tooth	A procedure consisting of the insertion of a long-term provisional (temporary) root canal filling with therapeutic properties which facilitates healing/development of the root and periradicular tissues over an extended time.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	154.35
10	U5	1	88511	Metallic restoration - one surface - direct	Direct metallic restoration involving one surface of a tooth. Inclusive of the preparation of the tooth, placement of a lining, contouring of the adjacent and opposing teeth, placement of the restoration and normal post-operative care.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	114.1

10	U5	1	88512	Metallic restoration - two surfaces - direct	Direct metallic restoration involving two surfaces of a tooth. Inclusive of the preparation of the tooth, placement of a lining, contouring of the adjacent and opposing teeth, placement of the restoration and normal post-operative care.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	139.95
10	U5	1	88513	Metallic restoration - three surfaces - direct	Direct metallic restoration involving three surfaces of a tooth. Inclusive of the preparation of the tooth, placement of a lining, contouring of the adjacent and opposing teeth, placement of the restoration and normal post-operative care.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	167
10	U5	1	88514	Metallic restoration - four surfaces - direct	Direct metallic restoration involving four surfaces of a tooth. Inclusive of the preparation of the tooth, placement of a lining, contouring of the adjacent and opposing teeth, placement of the restoration and normal post-operative care.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	190.35
10	U5	1	88515	Metallic restoration - five surfaces - direct	Direct metallic restoration involving five surfaces of a tooth. Inclusive of the preparation of the tooth, placement of a lining, contouring of the adjacent and opposing teeth, placement of the restoration and normal post-operative care.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	217.3
10	U5	2	88521	Adhesive restoration - one surface - anterior tooth - direct	Direct restoration, using an adhesive technique and a tooth-coloured material, involving one surface of an anterior tooth. Inclusive of the preparation of the tooth, placement of a lining, contouring of the adjacent and opposing teeth, placement of the restoration and normal post-operative care.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	126.4
10	U5	2	88522	Adhesive restoration - two surfaces - anterior tooth - direct	Direct restoration, using an adhesive technique and a tooth-coloured material, involving two surfaces of an anterior tooth. Inclusive of the preparation of the tooth, placement of a lining, contouring of the adjacent and opposing teeth, placement of the restoration and normal post-operative care.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	153.45
10	U5	2	88523	Adhesive restoration - three surfaces - anterior tooth - direct	Direct restoration, using an adhesive technique and a tooth-coloured material, involving three surfaces of an anterior tooth. Inclusive of the preparation of the tooth, placement of a lining, contouring of the adjacent and opposing teeth, placement of the restoration and normal post-operative care.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	181.75
10	U5	2	88524	Adhesive restoration - four surfaces - anterior tooth - direct	Direct restoration, using an adhesive technique and a tooth-coloured material, involving four surfaces of an anterior tooth. Inclusive of the preparation of the tooth, placement of a lining, contouring of the adjacent and opposing teeth, placement of the restoration and normal post-operative care.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	210.05
10	U5	2	88525	Adhesive restoration - five surfaces - anterior tooth - direct	Direct restoration, using an adhesive technique and a tooth-coloured material, involving five surfaces of an anterior tooth. Inclusive of the preparation of the tooth, placement of a lining, contouring of the adjacent and opposing teeth, placement of the restoration and normal post-operative care.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	246.85
10	U5	3	88531	Adhesive restoration - one surface - posterior tooth - direct	Direct restoration, using an adhesive technique and a tooth-coloured material, involving one surface of a posterior tooth. Inclusive of the preparation of the tooth, placement of a lining, contouring of the adjacent and opposing teeth, placement of the restoration and normal post-operative care.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	134.95
10	U5	3	88532	Adhesive restoration - two surfaces - posterior tooth - direct	Direct restoration, using an adhesive technique and a tooth-coloured material, involving two surfaces of a posterior tooth. Inclusive of the preparation of the tooth, placement of a lining, contouring of the adjacent and opposing teeth, placement of the restoration and normal post-operative care.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	169.45
10	U5	3	88533	Adhesive restoration - three surfaces - posterior tooth - direct	Direct restoration, using an adhesive technique and a tooth-coloured material, involving three surfaces of a posterior tooth. Inclusive of the preparation of the tooth, placement of a lining, contouring of the adjacent and opposing teeth, placement of the restoration and normal post-operative care.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	203.7
10	U5	3	88534	Adhesive restoration - four surfaces - posterior tooth - direct	Direct restoration, using an adhesive technique and a tooth-coloured material, involving four surfaces of a posterior tooth. Inclusive of the preparation of the tooth, placement of a lining, contouring of the adjacent and opposing teeth, placement of the restoration and normal post-operative care.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	229.65
10	U5	3	88535	Adhesive restoration - five surfaces - posterior tooth - direct	Direct restoration, using an adhesive technique and a tooth-coloured material, involving five surfaces of a posterior tooth. Inclusive of the preparation of the tooth, placement of a lining, contouring of the adjacent and opposing teeth, placement of the restoration and normal post-operative care.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	265.2
10	U5	7	88572	Provisional (intermediate/temporary) restoration - per tooth	The provisional (intermediate) restoration of a tooth designed to last until the definitive restoration can be constructed or the tooth is removed. This item should only be used where the provisional (intermediate) restoration is not an intrinsic part of treatment. It does not include provisional (temporary) sealing of the access cavity during endodontic treatment or during construction of indirect restorations.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	53.4
10	U5	7	88574	Metal band	The cementation of a metal band for diagnostic, protective purposes or for the placement of a provisional (intermediate) restoration.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	44.95
10	U5	7	88575	Pin retention - per pin	Use of a pin to aid the retention and support of direct or indirect restorations in a tooth.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	30.65
10	U5	7	88579	Bonding of tooth fragment	The direct bonding of a tooth fragment as an alternative to placing a restoration.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	106.1
10	U5	7	88586	Crown-metallic - with tooth preparation preformed	Placing a preformed metallic crown as a coronal restoration for a tooth.	01.01.2018	01.01.2018	D	E	01.01.2018	01.01.2024	281.5
10	U5	7	88587	Crown-metallic - minimal tooth preparation - preformed	Placing a preformed metallic crown as a coronal restoration for a tooth and where minimal or no restoration of the tooth is required. Commonly referred to as a "Hall" crown.	01.01.2018	01.01.2018	D	E	01.01.2018	01.01.2024	167
10	U5	7	88597	Post - direct	Insertion of a post into a prepared root canal to provide an anchor for an artificial crown or other restoration.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	96.5
10	U7	1	88721	Partial maxillary denture - resin, base only	Provision of a resin base for a removable dental prosthesis for the maxilla where some natural teeth remain.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	478.1
10	U7	1	88722	Partial mandibular denture - resin, base only	Provision of a resin base for a removable dental prosthesis for the mandible where some natural teeth remain.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	478.1
10	U7	1	88723	Provisional partial maxillary denture	Provision of a patient removable partial dental prosthesis replacing the natural teeth and adjacent tissues in the maxilla which is designed to last until the definitive prosthesis can be constructed. This item should only be used where a provisional denture is not an intrinsic part of item 88721.	01.01.2018	01.01.2018	D	E	01.01.2018	01.01.2024	358.5
10	U7	1	88724	Provisional partial mandibular denture	Provision of a patient removable partial dental prosthesis replacing the natural teeth and adjacent tissues in the mandible which is designed to last until the definitive prosthesis can be constructed. This item should only be used where a provisional denture is not an intrinsic part of item 88722.	01.01.2018	01.01.2018	D	E	01.01.2018	01.01.2024	358.5
10	U7	1	88731	Retainer - per tooth	A retainer or attachment fitted to a tooth to aid retention of a partial denture. The number of retainers should be indicated.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	48.25
10	U7	1	88733	Tooth/teeth (partial denture)	An item to describe each tooth added to the base of a new partial denture. The number of teeth should be indicated.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	39.6
10	U7	1	88736	Immediate tooth replacement - per tooth	Provision within a denture to allow immediate replacement of an extracted tooth. The number of teeth so replaced should be indicated.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	9.95
10	U7	4	88741	Adjustment of a denture	Adjustment of a denture to improve comfort, function or aesthetics. This item does not apply to routine adjustments following the insertion of a new denture or the maintenance or repair of an existing denture.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	57.5
10	U7	6	88761	Reattaching pre-existing clasp to denture	Repair, insertion and adjustment of a denture involving re-attachment of a pre-existing clasp.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	157.85
10	U7	6	88762	Replacing/adding clasp to denture - per clasp	Repair, insertion and adjustment of a denture involving replacement or addition of a new clasp or clasps.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	164.95
10	U7	6	88764	Repairing broken base of a partial denture	Repair, insertion and adjustment of a broken resin partial denture base.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	157.85
10	U7	6	88765	Replacing/adding new tooth on denture - per tooth	Repair, insertion and adjustment of a denture involving replacement with or addition of a new tooth or teeth to a previously existing denture.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	164.95

10	U7	6	88766	Reattaching existing tooth on denture - per tooth	Repair, insertion and adjustment of a denture involving reattachment of a pre-existing denture tooth or teeth.	01.01.2014	01.01.2014	D	E	01.01.2014	01.01.2024	157.85
