## FIRST NATIONS HEALTH FUNDING TRANSITION ADVISORY GROUP

# Communique

4 April 2024

The First Nations Health Funding Transition Advisory Group met virtually on 4 April 2024. The meeting was chaired by David Hicks, First Assistant Secretary, Financial Management Division.

## Update

Members received an update on progress to date and how their advice had been incorporated into the review. Members noted that the previous phase of the program had identified a number of programs that could present an opportunity for transition to community controlled and First Nations led organisations.

Members discussed how these programs would be assessed against the remaining criteria of the prioritisation framework during the second phase of the project. Members noted that further information on each program was required to inform their recommendations. Further analysis of these programs will be conducted in April and May, with information to be shared in advance of the next meeting in May 2024.

## Engagement and Further Information
