Hi s 22

Sorry to catch you in a meeting, I know how busy you all are at the moment.

I just wanted to touch base to see if there was any additional information, or anything you need in writing that we are able to provide that may be of assistance for tomorrow's meeting.

This has been extremely long and exhausting process to get to this point for not only yourselves but also us a business on many fronts. So if there is anything we can do to help, as always we are happy to do so in the most transparent way possible.

Thanks for your understanding and taking the time to listen to us. Good luck for tomorrow, we genuinely hope it reaches a positive outcome for all.

Thanks
