

## FIRST NATIONS HEALTH FUNDING TRANSITION ADVISORY GROUP

# Communique

28 June 2024

The First Nations Health Funding Transition Advisory Group met virtually on 28 June 2024. The meeting was chaired by Dr Dawn Casey, Acting CEO, National Aboriginal Community Controlled Health Organisation.

## Analysis and discussion of opportunities

A marathon effort from the Advisory Group in June saw Members consider the 45 Programs across the healthcare sector marking the completion of this component of the Project.

Over the course of the Project, the Group has provided recommendations for transition into chronic disease, child and family health, population health, primary care, workforce, mental health, communicable disease, aged care, research and information services.

This work will culminate in a final discussion and all-program review in July when Members will also consider a roadmap for transition and next steps.

## Engagement and Further Information

Organisations and individuals seeking to engage with the review should feel comfortable to reach out to Advisory Group members. Further information on the review is available by emailing: [funding.transition@health.gov.au](mailto:funding.transition@health.gov.au).
