Coloplast SenSura Mio 2 Piece Flex with Soft Convex – CT#01MAY2024

Proposed Listing on the Stoma Appliance Scheme

The applicant, Coloplast, sought listing of SenSura Mio 2 Piece Flex with Soft Convex in subgroup 4(f) of the Stoma Appliance Scheme (SAS) Schedule. The product, including 12 variants, was proposed for listing at a unit price of \$6.930, with a pack size of 5 and maximum monthly quantity of 20 units.

Comparator

The applicant nominated Coloplast SenSura Mio 2 Piece with Shallow Convexity (SAS Code 80042R) as the comparator. The product (12 variants) is currently listed in subgroup 4(f) of the SAS Schedule at the unit price of \$6.930, with a pack size of 5 and maximum monthly quantity of 20 units.

Background

This was the Stoma Product Assessment Panel's (the Panel) first consideration of this product.

Clinical Analysis

The proposed product would provide an alternative for users requiring a stoma baseplate with soft convex. The Panel noted that this application was to add 12 variants to a new product range.

Economic and Financial Analysis

The Panel noted that the listing of this new product at the same price and the same maximum monthly quantity as currently listed products in the same subgroup is expected to result in the same cost to the SAS Schedule.

Panel Recommendation

The Panel recommended that the SenSura Mio 2 Piece Flex with Soft Convex be listed in subgroup 4(f) of the SAS Schedule with 12 variants, at the unit price of \$6.930, with a pack size of 5 and maximum monthly quantity of 20 units.

Context for Recommendation

The Panel provides advice on whether stoma products should be subsidised and, if so, the conditions of their subsidisation in Australia. Applications are considered in this context. Panel advice not to recommend listing or changes to a listing does not represent a final Panel view about the merits of a particular stoma product. An applicant can resubmit to the Panel following advice not to recommend listing or changes to a listing. The Panel is an advisory committee and as such its recommendations are non-binding on Government. All Panel recommendations are subject to Government approval.

Department of Health and Aged Care

Applicant's Comment

The applicant noted the recommendation.

Coloplast SenSura Mio Black Shallow Convex – CT#02MAY2024

Proposed Listing on the Stoma Appliance Scheme

The applicant, Coloplast, sought listing of an additional 10 variants of Coloplast SenSura Mio Black Shallow Convex in subgroup 2(b) of the Stoma Appliance Scheme (SAS) Schedule. The product was proposed for listing at a unit price of \$6.578 including a price premium of \$0.205, a pack size of 10 and maximum monthly quantity of 30 units.

Comparator

The applicant nominated Coloplast SenSura Mio – 1 Piece Shallow Convexity Drainable (SAS Code 80039N) as the comparator. The product (14 variants) is currently listed in subgroup 2(b) of the SAS Schedule at the unit price of \$6.578 including a price premium of \$0.205, a pack size of 10 and a maximum monthly quantity of 30 units.

Background

This application was to add 10 variants to an existing product range of Coloplast SenSura Mio Black 1 Piece Shallow Convexity Drainable (SAS Code:80039N).

Clinical Analysis

The proposed product would provide an alternative for users requiring a one-piece drainable pouch with a convex baseplate. The Panel noted that this application was to add 10 variants to an existing product range to include a medium and large pouch with a black coloured bag.

Economic and Financial Analysis

The Panel noted that the listing of 10 additional variants of this product at the same price and the same maximum monthly quantity as currently listed products in the same subgroup is expected to result in the same monthly cost on the SAS Schedule.

Panel Recommendation

The Panel recommended that an additional 10 variants of the Coloplast SenSura Mio Black Shallow Convex be listed in subgroup 2(b) of the SAS Schedule, at a unit price of \$6.578 including a price premium of \$0.205, a pack size of 10 and maximum monthly quantity of 30 units. The product codes of the new variants are to be added under the existing SAS code 80039N.

Context for Recommendation

The Panel provides advice on whether stoma products should be subsidised and, if so, the conditions of their subsidisation in Australia. Applications are considered in this context. Panel advice not to recommend listing or changes to a listing does not represent a final Panel view about the merits of a particular stoma product. An applicant can resubmit to the Panel following advice not to recommend listing or changes to a listing. The Panel is an advisory committee and as such its recommendations are non-binding on Government. All Panel recommendations are subject to Government approval.

Applicant's Comment

The applicant noted the recommendation.

To ensure the company can meet the demand of SenSura Mio Black Shallow Convex in Australia, Coloplast have requested to postpone the listing of this product until the first Schedule update of 2025. Coloplast made this decision post the Panel's consideration to ensure the company can meet the needs of Australian ostomates and healthcare professionals in view of demand exceeding expectations in overseas markets.

Coloplast SenSura Mio Black Deep Convex – CT#03MAY2024

Proposed Listing on the Stoma Appliance Scheme

The applicant, Coloplast, sought listing of an additional 10 variants of Coloplast SenSura Mio Black Deep Convex in subgroup 2(b) of the Stoma Appliance Scheme (SAS) Schedule. The product was proposed for listing at a unit price of \$6.578 including a price premium of \$0.205, pack size of 10 and a maximum monthly quantity of 30 units.

Comparator

The applicant nominated Coloplast SenSura Mio – 1 Piece Deep Convexity Drainable (SAS Code 80040P) as the comparator. The product (12 variants) is currently listed in subgroup 2(b) of the SAS Schedule at the unit price of \$6.578 including a price premium of \$0.205, pack size of 10 and a maximum monthly quantity of 30 units.

Background

This application was to add 10 variants to an existing product range of Coloplast SenSura Mio 1 Piece Deep Convexity Drainable (SAS Code:80040P).

Clinical Analysis

The proposed product would provide an alternative for users requiring a one-piece drainable pouch with a convex baseplate. The Panel noted that this application was to add 10 variants to an existing product range to include a medium and large pouch with a black coloured bag.

Economic and Financial Analysis

The Panel noted that the listing of 10 additional variants of this product at the same price and the same maximum monthly quantity as currently listed products in the same subgroup is expected to result in the same monthly cost to the SAS.

Panel Recommendation

The Panel recommended that the additional 10 variants of Coloplast SenSura Mio Black Deep Convex be listed in subgroup 2(b) of the SAS Schedule, at the unit price of \$6.578 including a price premium of \$0.205, pack size of 10 and a maximum monthly quantity of 30 units. The product codes of the new variants are to be added under the existing SAS code 80040P.

Context for Recommendation

The Panel provides advice on whether stoma products should be subsidised and, if so, the conditions of their subsidisation in Australia. Applications are considered in this context. Panel advice not to recommend listing or changes to a listing does not represent a final Panel view about the merits of a particular stoma product. An applicant can resubmit to the Panel following advice not to recommend listing or changes to a listing. The Panel is an advisory committee and as such its recommendations are non-binding on Government. All Panel recommendations are subject to Government approval.

Applicant's Comment

The applicant noted the recommendation.

To ensure the company can meet the demand of SenSura Mio Black Deep Convex in Australia, Coloplast have requested to postpone the listing of this product until the first Schedule update of 2025. Coloplast made this decision post the Panel's consideration to ensure the company can meet the needs of Australian ostomates and healthcare professionals in view of demand exceeding expectations in overseas markets.

Coloplast SenSura Mio Adhesive Irrigation Sleeve – CT#04MAY2024

Proposed Variation on the Stoma Appliance Scheme

The applicant, Coloplast, sought a change in company code to the current listing of the Coloplast SenSura Mio Adhesive Irrigation sleeve (SAS Code 3895B) in subgroup 8(b) of the Stoma Appliance Scheme (SAS) Schedule. The product, including one variant, is currently listed at a unit price of \$1.309, with a pack size of 50 and maximum monthly quantity of 50 units.

Current Product Code	New Product Code
117501	11750

Background

This product was first listed on the SAS Schedule on 24 October 2023.

Financial Analysis

The variation does not include any changes to the price or maximum quantity of the current product range and is unlikely to have any budgetary impact for the SAS.

Recommendation

As this was an administrative change, this application was considered by the Panel secretariat in line with the *SAS Application and Assessment Guidelines*. The Panel secretariat recommended the change in company code for the Coloplast SenSura Mio Adhesive Irrigation sleeve (SAS Code 3895B) listed in subgroup 8(b) of the SAS Schedule. The Panel noted the secretariat's recommendation at the May 2024 meeting.

Context for Recommendation

The Panel secretariat, in accordance with the *SAS Application and Assessment Guidelines*, can process variations to products where there is no change to classification, pricing, maximum quantity or composition. All recommendations are subject to Government approval.

Applicant's Comment

The applicant noted the recommendation.

Coloplast SenSura Mio Black 1 Piece – CT#05MAY2024

Proposed Listing on the Stoma Appliance Scheme

The applicant, Coloplast, sought listing of an additional 7 variants of the Coloplast SenSura Mio Black 1 Piece in subgroup 2(a) of the Stoma Appliance Scheme (SAS) Schedule. The product was proposed for listing at a unit price of \$4.879 including a price premium of \$0.205, pack size of 30 and a maximum monthly quantity of 30 units.

Comparator

The applicant nominated Coloplast New SenSura Mio (SAS Code 3998K) as the comparator. The product (13 variants) is currently listed in subgroup 2(a) of the SAS Schedule at the unit price of \$4.879 including a price premium of \$0.205, pack size of 30 and a maximum monthly quantity of 30 units.

Background

This application was to add 7 variants to an existing product range of Coloplast SenSura Mio Black 1 Piece (SAS Code:3998K).

Clinical Analysis

The proposed product provides an alternative for users requiring a one-piece drainable pouch with a convex baseplate. The Panel noted that this application was to add 7 variants to an existing product range to include a small, medium and large pouch with a black coloured bag.

Economic and Financial Analysis

The Panel noted that the listing of 7 additional variants of this product at the same price and the same maximum monthly quantity as currently listed products in the same subgroup is expected to result in the same monthly cost to the SAS.

Panel Recommendation

The Panel recommended that 7 additional variants of the Coloplast SenSura Mio Black 1 Piece be listed in subgroup 2(b) of the SAS Schedule, at the unit price of \$4.879 including a price premium of \$0.205, pack size of 30 and a maximum monthly quantity of 30 units. The product codes of the new variants are to be added under the existing SAS code 3998K.

Context for Recommendation

The Panel provides advice on whether stoma products should be subsidised and, if so, the conditions of their subsidisation in Australia. Applications are considered in this context. Panel advice not to recommend listing or changes to a listing does not represent a final Panel view about the merits of a particular stoma product. An applicant can resubmit to the Panel following advice not to recommend listing or changes to a listing. The Panel is an advisory committee and as such its recommendations are non-binding on Government. All Panel recommendations are subject to Government approval.

Applicant's Comment

The applicant noted the recommendation.

To ensure the company can meet the demand of SenSura Mio Black 1 Piece in Australia, Coloplast have requested to postpone the listing of this product until the first Schedule update of 2025. Coloplast made this decision post the Panels consideration to ensure the company can meet the needs of Australian ostomates and healthcare professionals in view of demand exceeding expectations in overseas markets.

Coloplast SenSura Mio Black 1-Piece Soft Convex – CT#06MAY2024

Proposed Listing on the Stoma Appliance Scheme

The applicant, Coloplast, sought listing of an additional 7 variants of the Coloplast SenSura Mio Black 1-Piece Soft Convex in subgroup 2(b) of the Stoma Appliance Scheme (SAS) Schedule. The product was proposed for listing at a unit price of \$6.578 including a price premium of \$0.205, pack size of 10 and a maximum monthly quantity of 30 units.

Comparator

The applicant nominated Coloplast SenSura Mio 1-Piece Soft Convexity Drainable (SAS Code 80041Q) as the comparator. The product (10 variants) is currently listed in subgroup 2(b) of the SAS Schedule at the unit price of \$6.578 including a price premium of \$0.205, pack size of 10 and a maximum monthly quantity of 30 units.

Background

This application was to add 7 variants to an existing product range of Coloplast SenSura Mio Black 1 Piece (SAS Code: 80041Q).

Clinical Analysis

The proposed product would provide an alternative for users requiring a one-piece drainable pouch with a convex baseplate. The Panel noted that this application was to add 7 variants to an existing product range to include a medium and large pouch with a black coloured bag.

Economic and Financial Analysis

The Panel noted that the listing of 7 additional variants of this product at the same price and the same maximum monthly quantity as currently listed products in the same subgroup is expected to result in the same monthly cost to the SAS.

Panel Recommendation

The Panel recommended that 7 additional variants of the Coloplast SenSura Mio Black 1-Piece Soft Convex be listed in subgroup 2(b) of the SAS Schedule, at the unit price of \$6.578 including a price premium of \$0.205, pack size of 10 and a maximum monthly quantity of 30 units. The product codes of the new variants are to be added under the existing SAS code 80041Q.

Context for Recommendation

The Panel provides advice on whether stoma products should be subsidised and, if so, the conditions of their subsidisation in Australia. Applications are considered in this context. Panel advice not to recommend listing or changes to a listing does not represent a final Panel view about the merits of a particular stoma product. An applicant can resubmit to the Panel following advice not to recommend listing or changes to a listing. The Panel is an advisory committee and as such its recommendations are non-binding on Government. All Panel recommendations are subject to Government approval.

Applicant's Comment

The applicant noted the recommendation.

To ensure the company can meet the demand of SenSura Mio Black 1-Piece Soft Convex in Australia, Coloplast have requested to postpone the listing of this product until the first Schedule update of 2025. Coloplast made this decision post the Panel's consideration to ensure the company can meet the needs of Australian ostomates and healthcare professionals in view of demand exceeding expectations in overseas markets.
