National Nursing Workforce Strategy

Strategy Advisory Group

Meeting Communique 1 August 2024

The fifth meeting of the National Nursing Workforce Strategy Advisory Group (SAG) was held on 1 August 2024. The purpose of the meeting was to provide members an opportunity to review and provide feedback on the draft vision, outcomes, priorities, and actions for the National Nursing Workforce Strategy (the Strategy).

The SAG provided advice on the draft vision, outcomes, priorities, and actions to ensure the Strategy is aspirational, future-proofed, and implementable.

The draft Strategy will be released for public consultation in the second half of 2024. This is to ensure that the feedback provided in stage one consultation is reflected in the Strategy and that the Strategy is ambitious, targeted and meets expectations.

The SAG will continue to provide advice on each iteration of the Strategy.

Stakeholders are encouraged to receive updates on development via the Strategy [website](#) or by signing up to the Commonwealth Chief Nursing and Midwifery Officer [newsletter](#).
