

# Minutes for the RIGG meeting

6 October 2023

These are the minutes from the Roadmap Implementation Governance Group meeting.

We say **RIGG** for short.

**Minutes** are notes that say what we talked about in the meeting.

The meeting was on 6 October 2023.

# What we talked about at the meeting

Simon Cotterell started the meeting.

He talked about some things in the **budget** for health.

The **budget** says what the government will spend money on.

We talked about

- MyMedicare

- Digital Health.

# MyMedicare

We spoke about **MyMedicare**.

**MyMedicare** is a new way to help doctors know more about their patients.

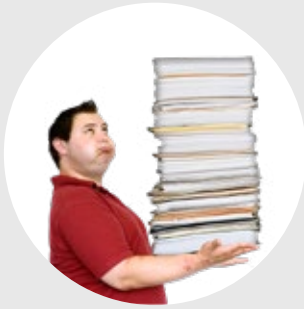

This will help your doctor to

- Understand the care you need
- Give you better care.

It is your choice to use MyMedicare.

RIGG members said they were worried about

- More paperwork to get health care

- People using telehealth instead of seeing the doctor in person

- Doctors are not helping enough people with disability in **supported accommodation**.

**Supported accommodation** is where people with disability live with support.

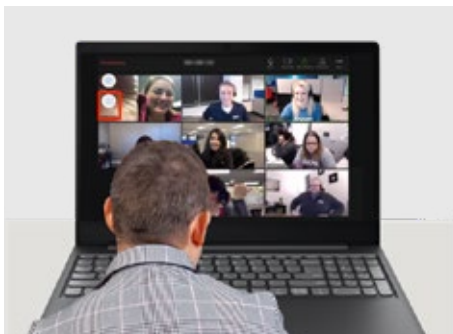

# Digital Health

The government is spending money to make **My Health Record** better.

**My Health Record** is a website that can keep your health info together.

This helps your doctor to see what your other doctors have said.

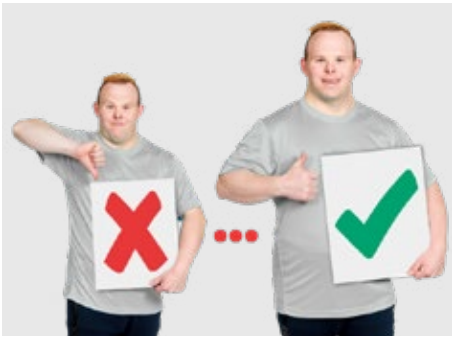

It is your choice to have your info in My Health Record or not.

The government is spending money to make My Health Record easier for you to get to.

There is now a My Health Record app you can use on your smartphone.

RIGG members said it might not be easy for people with intellectual disability to use My Health Record.

The Department said they want My Health Record to be used by everyone who wants it.

The Department will talk more with RIGG members about My Health Record.

## What will happen next

We want to make sure the government thinks about people with intellectual disability when they make changes to how to get health care.

We will talk about this at the next meeting.

The next meeting will be on 27 November.

Council for Intellectual Disability made this document Easy Read. **CID** for short. You need to ask CID if you want to use any pictures in this document. You can contact CID at **[business@cid.org.au](mailto:business@cid.org.au)**.
