This schilty will replace the dol jurnlo footbal and netball. This schilty will replace the dol jurnlo footbal change room which has no tolet and no shower facility and will provide a dedicated female friendly change neball facility for neball which currently doesn't exist. This project is a much needed project which will significantly uggrade our facilities. Currently the riding surface and lighting are not suitable for the needs of users and we need an irrigation system to ensure we can maintain our surface in qualify condition and direct water as and where needed. This project upon completion will provide the town of Kiewa with a Multi-Purpose Sporting Pavilion that is gender friendly. This new facility will provid new participation opportunities by providing new amenities and a meeting space that can be used for a variety of community recreation based activation. To provide adequate change spaces and amentities for all genders and abilities to support sport and recreation activities. The new facilities will improve participation in female sports, providing a venue suitable for new local, regional and state competition usage.
