National Nursing Workforce Strategy

Strategy Advisory Group

Meeting Communique 26 September 2024

The sixth meeting of the National Nursing Workforce Strategy Advisory Group (SAG) was held on 26 September 2024. The purpose of the meeting was to seek member feedback on the draft National Nursing Workforce Strategy (the strategy) released for public consultation.

The SAG provided advice on the draft strategy and considered the overall format and content of this iteration. This will ensure the strategy is accessible to stakeholders, effectively communicates key areas for action identified through [research and consultation](#), and is fit-for-purpose.

Public consultation on the draft strategy will remain open until 20 October 2024. Stakeholders are encouraged to participate and share their views through the [Consultation Hub](#).

Feedback from consultation will inform a final strategy for endorsement by all Health Ministers in 2025.

To receive updates on development on the strategy, stakeholders may visit the strategy [website](#) or by signing up to the Commonwealth Chief Nursing and Midwifery Officer [newsletter](#).
