

# Assistive Technology and Home Modifications List (AT-HM List)

This is a definitive list of the products, equipment and home modifications that Support at Home participants can access through the Assistive Technology and Home Modifications (AT-HM) Scheme.

Participants may use their AT-HM Scheme funding on items listed under 'Inclusions' where an assessed need is documented in their support plan. Conditional inclusions are subject to additional criteria.

All items listed under 'Exclusions' are not available through the AT-HM Scheme.

Low risk	Simple and relatively low-cost daily living products that need no prescription or customisation
Under advice	Low risk items, but would benefit from professional advice to ensure that they are selected, installed or used effectively
Prescribed	Items that require a prescription from a suitably qualified health professional

Further details on who may prescribe assistive technology and home modifications under the AT-HM Scheme will be available in forthcoming program guidance.
