MACARTHUR FC Limited (Macarthur FC) EQUITABLE ACCESS AND USAGE POLICY -

Community Sport Infrastructure and Programs

Purpose

The Policy provides a management framework for Macarthur FC to address barriers experienced by women and girls in accessing and using community sport infrastructure. The purpose is to ensure all voices, concerns, and experiences, are an integral dimension of the design, implementation, monitoring of policies and programs.

The Policy aims to ensure Macarthur FC complies with all current legislation and government and football related policies and plans and seeks to strengthen sports participation, wellbeing and connectivity in football.

The Policy aims to progressively build capacity and capability at Macarthur FC in identification and elimination of systemic causes of gender inequality in policy, program development and delivery, communication and delivery of football training and competition at all levels. Macarthur FC will influence, support, design and deliver in collaboration with partners and stakeholders' gender inclusive and accessible, welcoming, safe and fit-for-purpose community football facilities.

Macarthur FC will engage and consult throughout the design phase of any new, upgraded or repurposed football facility and field of play and other relevant community sport infrastructure. Macarthur FC will engage and consult as a key stage in the development of policy and design of programs and/or services offered by the Club.

Macarthur FC acknowledges that it's important to consider and prioritise all current and future planning, policy, service delivery and practice as they relate to community sports infrastructure. Macarthur FC aims to:

- Ensure women and girls have equitable access to sport and recreation facilities.
- Foster positive sport and recreation participation experiences for women and girls.
- Increase utilisation of sport and recreation facilities by women and girls.

Background

Sport and active recreation are an important part of our communities. Sport provides the opportunity for enriching our communities through the promotion of respect and fair-mindedness for all people, while also supporting the physical and mental wellbeing of all in our

community. Sport reaches across age, gender, cultural background and demographic groups.

Football, at a grassroots or elite level can be a vehicle for community identity and pride and can strengthen social networks and build a sense of belonging for participants.

The success of the Matilda's at the 2023 FIFA Women's World Cup captured the heart of the Australian community. The World Cup also emphasised the need for an improved experience for our female footballers at a community level. Macarthur FC wants to ensure the momentum of the World Cup and the success of Matildas flows down to participation and support at the grass roots level.

Macarthur FC wants to increase the opportunities and participation rates for women and girls in football as part of an overall strategy to grow the game for everyone.

However, Macarthur FC understands women and girls across NSW do not currently have equal access to community sport and recreation and unfortunately, it is still common for facilities to be poorly designed to meet the expectation of women and girls and men and boys are often given the best¹ and most popular training times as well as being allocated to the best and newest facilities.

Macarthur FC wants to ensure sport and active recreation facilities are welcoming, equitably accessible, safe and inclusive for all, and any barriers are removed to ensure women and girls feel included and participation for women and girls in football increases. Macarthur FC will engage fairly with the club's workforce, members, other user groups and the community.

Macarthur FC is well positioned to design and implement place-based, actions in the Action Plan that progress gender equity in community sport.

Statement of Intent

This Statement of Intent establishes the expectation that gender equality is considered and prioritised in all current and future planning, policy, service delivery and practice as they relate to community sports infrastructure. Macarthur FC recognises that gender equality is:

- the attainment of equal rights, responsibilities, and opportunities of women, men, trans and gender diverse people. Equality does not mean that women, men, trans and gender diverse people will become the same but that their rights, responsibilities, and opportunities will not depend on their gender.
- the provision of fairness and justice in the distribution of benefits and responsibilities based on gender. The concept recognises that people may have different needs and power related to their gender and these differences should be identified and addressed in a manner that rectifies gender related imbalances.

Principles

The Equitable Access and Use Policy has six principles that guide and provide clear direction for change. The Equitable Access and Use Policy and any related action plan are based on these six principles of inclusivity, full participation, equal representation, encouraging and supporting user groups, and prioritising user groups committed to equality.

1. Community sports infrastructure and environments are genuinely accessible, welcoming, safe, and inclusive.
2. Women and girls can fully participate in all aspects of community sport and active recreation, including as a player, coach, administrator, official, volunteer and spectator.
3. Women and girls will have equitable access to and use of community sport infrastructure:
 - a. of the highest quality available and most convenient
 - b. at the best¹ and most popular competition and training times and locations
 - c. to support existing and new participation opportunities, and a variety of sports.
4. Women and girls should be equitably represented in the sport sector workforce including in leadership and governance roles.
5. Encourage and support all user groups who access and use community sport infrastructure to understand, adopt and implement gender equitable access and use practices.
6. Prioritise access, use and support to all user groups who demonstrate an ongoing commitment to gender equitable access and use of allocated community sport infrastructure.

Policy

Macarthur FC acknowledges:

- the disadvantaged position some individuals have had in the sport and recreation sector because of their gender,
- that achieving gender equality will require diverse approaches for women and girls to achieve similar outcomes for people of all genders; and
- that achieving equality will require diverse approaches for men, people with disability, First Nations peoples, LGBTQIA+ people and people from culturally and linguistically diverse communities to achieve similar outcomes for all people.

Macarthur FC will:

- engage fairly and equitably with Councils, Football NSW, the club’s sport workforce, participants, other facility user groups and club members regardless of their gender, in a positive, respectful, and constructive manner,
- engage in the process of Gender Impact Assessments (GIA) to assess the implications for women and girls of any planned action, including policies, programs and communications; and
- engage with the broader sport club community to assess the implications for men, people with disability, First Nations peoples, LGBTQIA+ people and people from culturally and linguistically diverse of any planned action, including policies, programs and communications.

Scope

The scope of the Policy is to support Macarthur FC to take positive action towards achieving gender equity in the access and usage of community sports infrastructure and programs. The Policy applies to the following community sport and infrastructure/facilities managed and used by Macarthur FC:

	Facility	Location
1.	<div style="font-size: 48px; font-weight: bold; opacity: 0.5;">S47G</div>	
2.		
3		
4		

The Policy applies to:

- Any Macarthur FC, Football NSW, programs, policies communications, and services as they relate to community sports, infrastructure and programs.
- Any Macarthur FC involvement in the design, construction of new and improved and ongoing maintenance of community sport infrastructure.
- All community sports infrastructure managed and maintained by Macarthur FC
- All programs and activities conducted by or under the auspices of Macarthur FC

Compliance and Monitoring

Macarthur FC commits to undertake a review of all current facilities and field of play access. Then use policies and processes to consider opportunities to strengthen gender equitable access and use of community sports facilities in line with the Principles of fairness and equity.

Macarthur FC commits to developing an Action Plan to remove barriers and improve gender

equitable access and use of community sports facilities in alignment with the principles.

The Action Plan has clear indicators to ensure identified actions can be measured and monitored. Data and feedback collected will continually be used to inform decision making, assess the Action Plan implementation and analyse the effectiveness of the outcomes. Success of outcomes will be measured individually, as a club and will report on any broader societal and cultural change. The Action Plan monitors metrics as well as qualitative measures of stakeholders and cultural change.

The Macarthur FC Equitable Access and Usage Policy and Action Plan is part of the Club's commitment to full community involvement.

Active recreation is defined as physical activity for the purposes of relaxation, health and wellbeing or enjoyment which can be self-directed or facilitated by a provider or organisation.

Community Sports Infrastructure refers to local, rural, regional, or state level sport and recreation infrastructure operated and maintained primarily for the purpose of facilitating community sport activities, including sporting grounds, surfaces, facilities, and associated amenities.

Gender refers to how you understand who you are and how you interact with other people. Many people understand their gender as being a man or woman. Some people understand their gender as a mix of these or neither. A person's gender and their expression of their gender can be shown in different ways, such as through behaviour or physical appearance.

Gender Equality focuses on the equal rights, responsibilities and opportunities of women, men, trans and gender diverse people. Equality does not mean that everyone will become the same, but that their rights, responsibilities, and opportunities will not depend on their gender. This ensures that everyone has equal opportunities despite existing inequalities.

Subject: Play Our Way Program Grant Opportunity - GO6763, Stream 2 - outcome of grant application [SEC=OFFICIAL]

Dear s47F

Thank you for applying for the Play Our Way Program Grant Opportunity GO6763 under Stream 2: Participation and Equipment for Macarthur FC Limited.

I am pleased to advise that your application was successful.

What happens next?

This letter is not a funding offer. Please do not spend any money on your project yet. Play Our Way Program funding cannot be used to reimburse money you have already spent.

The next step is for us to negotiate and execute a formal grant agreement. This grant agreement will be based on the Department of Finance's standard terms and conditions, and will include some things that are specific to your project, such as:

- a set of project activities and expenditure items (based on your approved proposal), and
- reporting arrangements that will help us follow the implementation of the project and its impacts.

In the next few weeks, the Australian Government Community Grants Hub (the Hub) at the Department of Social Services will reach out to you directly with a proposed grant agreement for your review.

A formal funding offer by the Commonwealth is subject to successful negotiation of a final grant agreement.

Once we have agreed the details of the formal grant agreement, you will be invited to sign and return it. The Commonwealth will also sign. When this step is complete, we will transfer funds into your nominated bank account as per the terms and conditions of the agreement. No legal obligations shall arise unless and until a grant agreement is signed by the Commonwealth.

Once we have the signed agreement, the Hub will work with you to formalise your activity work plan. This will help us to understand the details of your project and its objectives and will give you a clear authority for using grant funds. We will be in touch with more detail about this step in the coming weeks.

Please do not make any public announcements yet. Your successful application will need to remain under embargo until the department or the Minister has announced all successful applicants. We will be in contact when you are able to share information publicly. If you have any questions, noting the above, please contact Grant.ATM@health.gov.au. Please ensure that you include GO6763, 'Legal Entity Name' and 'Stream 2' in the subject line of your email and provide a contact name and telephone number.

Congratulations on your successful Play Our Way application, I look forward to seeing the positive impact of your project for women and girls in sport and physical activity in Australia.
