

Incentives and support for GPs, General Practices and other health professionals in MM 3 locations

The Australian Government funds a number of programs to provide incentives to encourage doctors and other health professionals to move to, and remain working in, regional, rural and remote Australia. Eligibility is generally based on the <u>Modified Monash Model</u> (MM) classification system. MM 3 encompasses large rural towns: Inner Regional (ASGS-RA 2) and Outer Regional (ASGS-RA 3) areas that are not MM 2 and are in, or within a 15km drive of a town between 15,000 to 50,000 residents.

| | health settings. This investment is to support the attraction, upskilling and retention of key mental health professionals to address mental health workforce shortages. The Mental Health Nursing component allows up to 126 postgraduate nursing scholarships for study in mental health and suicide prevention, with five percent of all scholarships prioritised for Aboriginal and Torres Strait Islander applicants. The Allied Health Professionals and psychology component will allow up to 152 postgraduate scholarships for study in mental health and suicide prevention for tertiary, vocational and CPD courses and will also support 20 clinical placements. Five percent of these scholarships are prioritised for Aboriginal and Torres Strait Islander applicants. | interested in working in mental health related areas of practice - \$1,500 each (102 available). Allied Health Professionals and Psychologists: For allied health postgraduate students, up to \$15,000 each (22 scholarships). Psychology and postgraduate clinical psychology scholarships, between \$15,000-\$30,000 each (3 undergraduate, 7 postgraduate scholarships). CPD Bursaries - allied health professionals working or interested in working in mental health related areas of practice, \$1,500 each (100 bursaries). Support clinical placements in a mental health setting (available for both undergraduate and postgraduate Allied Health scholars), \$11,000 each (20 scholarships). |
| Bonded Medical Program | Provides students a Commonwealth Supported Place (CSP) at an Australian university in return for a commitment to work in eligible regional, rural and remote areas for a period of three years once they have completed their course of study in medicine at an Australian university. | The Bonded Medical Program commenced in 2020 and is a statutory program. Further information refer to the <u>Bonded</u> <u>Medical Program Website</u> . Roughly 800-900 are offered at 21 universities per year. |
| <u>Rural Health</u> <u>Multidisciplinary</u> <u>Training (RHMT)</u> <u>Program</u> | The RHMT program aims to improve the recruitment and retention of medical, nursing, dental and allied health professionals through immersive clinical placements and academic campuses in rural and remote Australia. The RHMT program offers health students the opportunity to train in rural and remote communities via a network including: • 20 rural clinical schools (RCSs) | The program supports health students in clinical placement opportunities in a rural and remote environment. This enables students to experience rural clinical training experiences and increases the likelihood of opting to work in rural and remote Australia. Approximately \$252 million per annum is provided to 23 universities through the RHMT. Commonwealth funding goes directly to the participating |

Scholarships and bursaries to individual students are at the discretion of each participating university. |
| <u>Murray-Darling</u> <u>Medical School</u> <u>Network</u> (MDMSN) | The establishment of the MDMSN was announced as part of the Stronger Rural Health Strategy in 2018 and consists of 5 rurally based university medical school programs in the Murray–Darling region of New South Wales and Victoria. The MDMSN allows medical students to study and train in this region. This reduces the need for them to move to metropolitan areas and are more likely to work in rural areas after graduating. | The MDMSN creates an end-to-end rural training experience, which reduces the need for students to move to metropolitan areas. Upon graduating, students are more likely to work in rural areas. Approximately \$6.4 million per annum in Commonwealth funding is being provided from 2022 to 2024 to participating universities. Scholarships and bursaries to individual students are at the discretion of each participating university. |
| HELP for Rural Doctors and Nurse Practitioners | The Program will reduce outstanding Higher Education Loan Program (HELP) debt for eligible doctors and nurse practitioners who live and work in rural, remote or very remote areas of Australia. | HELP for Rural Doctors and Nurse Practitioners On commencement of the Program, eligible doctors and nurse practitioners will be encouraged to live and work in rural, remote or very remote areas of Australia, with an offer from the Government to reduce their outstanding HELP debt, provided they meet the eligibility criteria and their obligations to complete the required amount of work. |
| GP and Advan | ced Skills Training Support | |
| <u>Australian</u> General Practice | The AGPT program provides fully subsided GP training with a yearly intake of 1,500 | AGPT participants are provided training support payments as follows: |

| Name | Description | Incentives (financial and other) |
|--|---|---|
| Training (AGPT) Program | junior doctors, with at least 50% training to occur in rural and remote areas. Training support payments for eligible registrars, supervisors and training practices are tiered according to the MM region registrars train in, with greater support for training occurring in rural and remote areas. | Registrar training on the program: \$3,425 per training term Supervisors providing teaching: \$4,800 - \$13,700 depending on the training term (limited to the first three training terms). General Practice training practices: \$9,500 - \$17,000 depending on the training term (limited to the first two training terms). The AGPT Aboriginal and Torres Strait Islander Salary Support Program (SSP) payments to Aboriginal Community Controlled Health facilities: Up to \$85 per hour (MM 3-5) or at the facility's set registrar hourly rate. |
| John Flynn <u>Prevocational</u> <u>Doctor Program</u> (JFPDP) | Evidence shows if you train in rural and remote regions, you are more likely to stay in the regions. The John Flynn Prevocational Doctor Program gives junior doctors the opportunity to live and work in rural communities by providing both core and rural generalist primary care training rotations. | The JFPDP program provides \$77.12 million (GST exclusive) (2022-23 to 2024-25) to support the delivery of rural primary care rotations for hospital-based prevocational doctors in MM 2- 7. |
| <u>Private Hospital</u> <u>Stream (PHS)</u> | The objective of the Junior Doctor Training Program's PHS is to expand training places in the private hospital sector, with a strong focus on supporting training for junior doctors in rural, regional, and remote areas (MM 2-7). This includes fostering partnerships between private hospital providers, rural public hospitals, and other rural training settings (such as Aboriginal Medical Services) working as part of expanded training networks. | The PHS is a key element of the Stronger Rural Health Strategy announced in the 2018–19 Budget. It committed to supporting up to 100 annual medical internships in 2019. From 2020 onwards, this commitment increased to 115 annual internships and 83 PGY2 and PGY3 places in the participating private hospitals. The Australian Government annual commitment is \$26 million per year. |

| Name | Description | Incentives (financial and other) |
|--|---|--|
| Rural Generalist (RG) and General Practitioner (GP) Advanced Skills Training Program | Announced in the October 2022-23 Budget, the Australian Government is providing funding over 2023-24 to 2026-27 (3 training years) to support 15 training posts per annum for the new Advanced Skills Training Posts Rural Generalists and General Practitioners Program. | 15 training posts per annum for the new Advanced Skills Training Posts Rural Generalists and General Practitioners Program. |
| General Practitioner Procedural Training Support Program (GPPTSP) | The GPPTSP is an optional, competitive scholarship program (MM 3-7) that provides \$40,000 (GST exclusive) for up to 10 GP Fellows to gain a statement of satisfactory completion of Advanced Rural Skills Training in Anaesthesia, and up to 10 GP Fellows to achieve the Diploma of the Royal Australian and New Zealand College of Obstetrics and Gynaecology. | \$40,000 per applicant who completes training. Payments are in instalments with completion required within two years of commencing training. |
| Remote Vocational Training Scheme (RVTS) | The RVTS delivers structured distance education and supervision to doctors to support them in gaining fellowship of the Royal Australian College of General Practitioners and/or the Australian College of Rural and Remote Medicine while they provide general medical services. Supervision is facilitated remotely and delivery caters to the unique needs of doctors working in remote communities by supporting them to achieve Fellowship through a distance education model. It allows training to be completed in an accredited post, without leaving your community. | Fully Government funded. The provision of distance education and supervision to doctors to support them in gaining fellowship without travelling long distances or relocating. Being on a College-approved training program will be mandatory before sitting Fellowship exams from 2022. |
| | It has two trainee streams: The Aboriginal Medical Service Stream, providing training for doctors working in Aboriginal Community Controlled Health Services (MM 2-7). The Remote Stream for doctors working in rural and remote Australia (MM 4-7). | |
| <u>Rural Generalist</u> <u>Training Scheme</u> <u>(RGTS)</u> | RGTS is a four-year, fully funded stream of College-led Independent Pathway that leads to Fellowship of ACCRM (FACRRM). The RGTS delivers up to 100 places per year for | The RGTS provides a comprehensive Rural Generalist education program, an agile training environment, flexible options to meet the program |

| Name | Description | Incentives (financial and other) |
|--|--|---|
| | registrars to undertake training to become Rural Generalists. Training is undertaken in MM 2-7 locations. | requirements, and individualised training support. |
| <u>Single Employer</u> <u>Model (SEM)</u> <u>Trials</u> | The Single Employer Model (SEM) Trials explore new approaches to employment arrangements for GP registrars to address key barriers to attracting and retaining the next generation of GPs. The Australian Government has committed to expanding SEM trials across MM 2-7 regions and areas of workforce need in Australia. There are trials currently operating in New South Wales, Tasmania, Queensland, South Australia and Victoria. | The model allows GP trainees to be employed by one employer throughout their training rotations. This allows trainees to accrue and access employment entitlements (such as personal leave, recreation leave and parental leave), and increases certainty of training arrangements. It aims to attract more GP trainees by bridging the gap between hospital-based and community-based training placements. |
| <u>Rural Procedural</u> <u>Grants Program</u> (RPGP) | The Rural Procedural Grants Program (RPGP) supports procedural GPs in rural and remote areas (MM 3-7) to attend relevant continuing professional development (CPD) activities. These activities are focused on skills maintenance and upskilling for procedural skills and emergency medicine. Support is provided in the form of grant payments which are designed to assist with the cost of attending CPD activities, including course costs, locum relief and travel expenses. Grants are calculated on the number of training days. | Procedural skills - up to \$20,000 per year Emergency medicine - up to \$6,000 per year Emergency mental health - up to \$6,000 per year. |
| | Under RPGP, the grant rate is \$2,000 per day for face-to-face training and \$1,000 per day for inline CPD training. | |
| <u>Specialist</u> <u>Training Program</u> (<u>STP</u>) | Seeks to extend vocational training for specialist registrars (trainees) into settings outside traditional metropolitan teaching hospitals, including regional, rural, remote, and private facilities. This includes support for 920 fulltime equivalent (FTE) specialist training places, 100 FTE Integrated Rural Training Pipeline places annually, as well as funding for the Tasmanian Project. | Funds are available under the STP for the following activities: Salary support for trainees \$105,000 per annum (indexed annually from 2022) pro rata per FTE. |

| Name | Description | Incentives (financial and other) |
|---|---|--|
| | The program aims to improve the quality of the future specialist workforce by providing non-GP specialty trainees with exposure to a broader range of healthcare settings. | Rural Support Loading (RSL) \$25,000 per annum per eligible post, pro rata per FTE. |
| | Funding for training posts is provided to health services as a contribution to | Private Infrastructure and Clinical Supervision (PICS) |
| | specialist medical training (with the health service funding the remaining costs) via the | \$30,000 per annum per eligible private post, pro rata per FTE. |
| | relevant Specialist Medical College. | Support Projects |
| | | \$100,000 base funding plus \$1,210 per post per annum. |
| | | Integrated Rural Training Pipeline |
| | | • Funding of up to \$150,000 per annum (indexed annually from 2022) pro rata per FTE. Funds can be used for IRTP salary support, RSL and PICS (if eligible). Up to 5% of funds may be retained by participating colleges to assist in IRTP post administration, subject to the agreement of the Department. |
| | | Tasmanian Project |
| | | Indexed annually, pro rata per FTE. |
| Support for Rural Specialists in Australia | Program helps specialists in rural and remote Australia access educational opportunities. It provides support and training via online learning programs, and grants to rural specialists to access training not available in their hometown. | \$3.2 million from 2022 to 2025 to the Council of Presidents of Medical Colleges to manage the SRSA program which provides grants of up to \$10,000 for rural specialists to complete their necessary CPD activities. |
| <u>Psychiatry</u> <u>Workforce</u> <u>Program</u> | The Psychiatry Workforce Program provides funding to attract medical graduates to the Psychiatry profession and support additional training posts including support for supervisors. These training posts are located in regional, rural and remote Australia. Further, the funding supports a rural psychiatry training pathway and network and advanced training in | Funding per training post is based on: a salary contribution of up to \$262,000 consisting of: a base salary contribution of \$106,851 (for 1 FTE trainee) a Private Infrastructure Clinical Supervision (PICS) |

| Name | Description | Incentives (financial and other) |
|--|---|---|
| | psychiatry for medical practitioners such as GPs and emergency medicine specialists to address mental health workforce shortages and maldistribution. Funding for psychiatry training and supervisor posts is provided to Health Services as a contribution to specialist medical training (with the health service funding the remaining costs) via the Royal Australian and New Zealand College of Psychiatrists. | allowance of \$30,452 for private settings (where applicable) an RSL of \$25,000 for rural settings (MM 2-7) (where applicable) supervisor contribution of up to \$91,355 (for 0.33 FTE), and administration costs. |
| Pre-Fellowship Program (PFP) | The PFP supports Overseas Trained Doctors and Foreign Graduates of an Accredited Medical School (also known collectively as International Medical Graduates (IMGs)) and other non-vocationally recognised (non-VR) doctors to gain general practice experience prior to joining a GP college-led fellowship pathway. To be eligible for a PFP placement the practices must also be located within a Distribution Priority Area (DPA). The PFP is not available at non-DPA locations unless: classified as an Aboriginal Medical Service (AMS) or that are the subject of a Ministerial direction under s19(2) or s19(5) of the Act; or classified as an Aboriginal Community-Controlled Health Service or be the subject of Ministerial direction under s19(2) or a s19(2) or a s19(5) of the Act. | The PFP allows doctors to offer services under Medicare and provides eligible IMGs with provisional or limited registration financial support for supervision, learning and development. Learning and Development funding is scaled by level of supervision. Supervision support payments are made quarterly in arrears and depend on MM location and supervision required. |
| | tice Incentives and Support | |
| Workforce Incentive Program (WIP) - Doctor Stream | The WIP-Doctor Stream aims to encourage medical practitioners to practise in regional, rural and remote communities (MM 3-7). It promotes careers in rural medicine through the provision of financial incentives. Incentive amounts are dependent on the MM classification and the amount of time spent working in the location. | Maximum payment values by year level for VR doctors and those on approved training pathways: Year 1 - \$0 Year 2 - \$4,500 Year 3 - \$7,500 Year 4 - \$7,500 Year 5 plus - \$12,000 |

| Name | Description | Incentives (financial and other) |
|--|---|---|
| | To be eligible for the WIP-Doctor Stream, medical practitioners must: Provide a minimum amount of eligible primary care services in eligible locations and/or undertake eligible GP training under an approved training pathway; Meet the required number of active quarters for payment. Have an eligible current Medicare provider number; and Have provided current bank details to Services Australia specifically for the WIP-Doctor Stream in the required timeframe. As of 1 January 2024, non-vocationally registered (non-VR) doctors who are not on an approved training pathway will receive reduced (80%) WIP-Doctor Stream payments. | Maximum payments values by year level for Non-VR doctors: • Year 1 – \$0 • Year 2 – \$3,600 • Year 3 – \$6,000 • Year 4 – \$6,000 • Year 5 plus – \$9,600 |
| Workforce Incentive Program (WIP) – Rural Advanced Skills Stream | The WIP-Rural Advanced Skills consists of two payments that aim to support access to health care in regional, rural and remote communities (MM 3-7). It provides two additional annual incentive payments of up to \$10,500 each to eligible GPs and Rural Generalists working in primary care and using advanced skills in a range of other settings. The payments are based on the number of emergency or advanced skill rosters delivered and the location in which those rosters are provided. The new incentive rewards investment in GP specialist qualifications, accredited training and credentials, and encourages more doctors with these advanced skills to work in rural and remote areas. It encourages GPs to consider the National Rural Generalist Pathway and Rural Generalists to broaden the range of services available to patients in rural communities. | Payments recognise services delivered between 1 January 2023 and 31 December 2025. WIP-Rural Advanced Skills participants can apply for this payment up to 3 times per stream for services provided during 2023, 2024 and 2025 calendar years. Annual payment values for MM 3 locations: Stream One – Emergency Medicine services – up to \$4,000. Stream Two – Rural Advanced Skills services – up to \$4,000. |

| Name | Description | Incentives (financial and other) |
|--|--|--|
| <u>Workforce</u> <u>Incentive</u> <u>Program (WIP) –</u> <u>Practice Stream</u> | The WIP-Practice Stream provides financial incentives to support general practices with the cost of engaging nurses, midwives, Aboriginal and Torres Strait Islander health practitioners and health workers, and eligible allied health professionals in MM 1- 7 locations. Practices in MM 3-7 locations are eligible to receive an additional rural loading on top of their incentive payment. | Up to \$130,000 per annum for a single practice before applying rural loading and indexation. Eligible for an additional 30% rural loading. |
| Practice Incentives Program (PIP) | The PIP incentives are available to support general practice activities that encourage continuing improvement and quality of care, enhance capacity and improve access and health outcomes for patients. It is administered by Services Australia on behalf of the Department of Health. There are currently seven incentives under the PIP: eHealth (e-PIP) Teaching Indigenous Health (IHI) GP Procedural After Hours Quality Improvement (PIPQI) and Rural Loading: To be eligible for rural loading, the main practice must be located in RRMA 3-7 (rural and remote zones). The rural loading is automatically applied to PIP payments. | Rural Loading: RRMA 1 - 0% RRMA 2 - 0% RRMA 3 - 15% RRMA 4 - 20% RRMA 5 - 40% RRMA 6 - 25% RRMA 7 - 50% For further information on incentives and payments, please refer to individual Guidelines available at: <u>Practice Incentives Program</u> . |
| <u>Rural Bulk Billing</u> <u>Incentive</u> | Rural Bulk billing incentives (RBBI) are payable to medical practitioners who provide bulk billed services to eligible patient groups, such as people with a Commonwealth concession card and children under 16 years of age. Medical practitioners practising in rural and remote communities are able to access increased RBBI when working in rural and remote communities. RBBIs increase with | The values of MBS RBBI are scaled and increase based on the remoteness of the general practice, using the MM. Further information on the Rural Bulk Billing Incentive changes, including reference tables by MM, can be found at MBSOnline on MBS Online – Bulk Billing in General Practice from 1 November 2023. |

| Name | Description | Incentives (financial and other) |
|------|---|----------------------------------|
| | remoteness based on the MM classification of the location. | |
| | The RBBIs available in MM 3 locations are approximately 160% of the standard bulk billing rate available in metropolitan areas. | |
| | As of 1 November 2023, the RBBI rate tripled for a range of general practice consultation items. These include: | |
| | All face-to-face general attendance consultations that are: longer than 6 minutes (that is Levels B, C, D and E), in any location (in and out of consulting rooms, residential aged care facilities), and at any time (business and afterhours items). MBS Level B video and telephone general attendance consultations. Video and telephone consultations that are: longer than 20 minutes (Levels C, D and E (video only)) and the patient is registered with the practice through MyMedicare. | |
| | The standard RBBI payments will continue to be available for doctors to co-claim when bulk billing: | |
| | MBS Level A (and equivalent) general attendance consultations; Level C, D and E video general attendance consultations where the patient is not enrolled in MyMedicare; and All other relevant MBS unreferred services, for example: chronic disease management items Better Access mental health items eating disorder items health assessments minor procedures. | |
| | The tripling of the RBBI is addressing declining bulk billing rates and doctor | |

|--|--|---|
| | availability, supporting viability of general practices and starting to rebuild primary care as the core of an effective modern care system for all Australians. | |
| <u>General Practice</u> <u>in Aged Care</u> <u>Incentive</u> | The General Practice in Aged Care Incentive aims to improve access to quality, proactive general practice care for older people who live in aged care homes by incentivising proactive visits, regular, planned reviews and coordinated care planning. Primary care providers and practices registered in MyMedicare receive incentive payments for providing their MyMedicare registered patients who permanently live in residential aged care homes with care planning services and regular visits. Rural loadings apply to provider and practice incentive payments for practices | Practices and providers eligible for the General Practice in Aged Care Incentive payment are paid: \$300 per patient, per year (75 per patient, per quarter), paid to the Responsible Provider. \$130 per patient, per year (\$32.50 per patient, per quarter), paid to the practice. Rural Loading: MM 3 - 20% MM 4 - 30% MM 5 - 30% MM 6 - 50% |
| | located in MM 3- 7. | MM 7 - 50% |
| <u>Rural Health</u> <u>Workforce</u> <u>Support Activity</u> | Rural Workforce Agencies in each State and the Northern Territory are funded to deliver a range of activities aimed at addressing the misdistribution of the health workforce through the following program elements: Access; Quality; and Sustainability. | Specific grants to health professionals not exceeding \$25,000 per annum and capped at \$50,000 in totality. |
| | Grants to health professionals can include: | |
| | Recruitment costs or as incentives Orientation expenses Relocation expenses to move to a rural area) Locum support Assist with access to continuing professional development opportunities. | |
| <u>Rural Locum</u> <u>Assistance</u> <u>Program (RLAP)</u> | The RLAP provides targeted locum support in MM 2-7 locations. It enhances the ability of nurses, allied health professionals, General Practitioners (GP) (GP obstetricians and GP anaesthetists), and specialists (obstetricians and anaesthetists) to take leave for recreation or to undertake | Support includes the costs of travel, accommodation, travel allowance and incentives for locums. GPs can take planned leave and undertake CPD. |

| Description | Incentives (financial and other) |
|--|---|
| continuing professional development (CPD). Support includes the costs of travel, accommodation, travel allowance and incentives for locums. | |
| The PSS is an Australian Government scheme that helps eligible medical practitioners with the costs of their medical indemnity insurance. Eligible medical practitioners continue to see the benefit of the PSS through reductions in the level of premiums charged to them by their medical indemnity insurers. The Australian Government makes payments to medical indemnity insurers for the PSS. Eligibility for the PSS: A medical practitioner whose gross medical indemnity costs exceed 7.5% of estimated gross income from private billings; or A procedural General Practitioner in a rural area (MM 3-7); or A medical practitioner with no income for private medical practice who has run off or retroactive cover connected to previous paid private medical practice. | The PSS is designed to ensure that if a medical practitioner's gross medical indemnity costs exceed 7.5% of his or her gross private medical income, he or she will receive a government subsidy of 60% towards the cost of the premium beyond that threshold limit. Procedural GPs working in rural areas are eligible for the PSS regardless of whether they meet other PSS eligibility criteria. The PSS will cover 75% of the difference between premiums for these doctors and those for non-procedural GPs in similar circumstances (i.e., similar location, income, and insurer). |
| verseas Trained Doctors | |
| The Five Year Scheme encourages overseas trained doctors (OTDs) and Foreign Graduates of Accredited Medical Schools (FGAMS) to work in regional, rural and remote locations by allowing a reduction of moratorium time (i.e., the time they must work in a Distribution Priority Area (DPA) or District of Workforce Shortage (DWS) location). The time reduction increases the more rural or regional the doctor practices in. Doctors on the Scheme are required to | Non-location specific exemption for the agreed period of their remaining moratorium time. |
| | continuing professional development (CPD). Support includes the costs of travel, accommodation, travel allowance and incentives for locums. The PSS is an Australian Government scheme that helps eligible medical practitioners with the costs of their medical indemnity insurance. Eligible medical practitioners continue to see the benefit of the PSS through reductions in the level of premiums charged to them by their medical indemnity insurers. The Australian Government makes payments to medical indemnity insurers for the PSS. | | The scholarships will increase the number of Aboriginal and Torres Strait Islander nurses who are able to provide culturally safe care, which positively impacts on all Aboriginal and Torres Strait Islander people. | higher-degree course, across all MM locations. The scholarships can be used to cover course fees and/or some study costs (such as course- related accommodation and transport). | |
| <u>Nursing in</u> <u>Primary Health</u> <u>Care (NiPHC)</u> <u>program</u> | The NiPHC program aims to build capability and capacity among the primary health care nursing workforce by promoting employment of and providing training and mentoring to nurses working in primary care settings. The program includes three projects: the Transition to Practice Program (TPP), Building Nurse Capacity (BNC) clinics and Chronic Disease Management and Healthy Ageing workshops | Payments are made to nurses and mentors in the TPP. Primary health care organisations are paid to participate in BNC clinics. Primary Health Networks (PHNs) also subsidise some participation of nurses in projects. | |
| Primary Care Nursing and Midwifery Scholarships Program | Aims to support registered nurses and midwives in post-graduate study to become nurse practitioners and endorsed midwives in primary and aged care settings. Priority is given to rural and remote & First Nations applicants. Demand is already significantly higher than anticipated for the scholarships and this may increase. The Program has a set number of scholarships available and ACNP will need to prioritise support and work within the number of availability of scholarships. | Scholarship funding will be paid to the education institution by the scholar following successful completion of units. Costs of courses will vary, and students may have remaining funds available from their scholarship. Scholars can use these surplus funds for clinical placement or course related expenses. | |
| Outreach Serv | Outreach Service Delivery Support | | |
| <u>Rural Health</u> <u>Outreach Fund</u> (RHOF) | The RHOF aims to improve access to medical specialists, GPs, allied and other health providers in regional, rural and remote areas of Australia by supporting outreach health activities. There are four health priorities under the RHOF: • maternity and paediatric health | The RHOF works by removing barriers such as the cost of travel, facility hire and equipment leasing, to enable a range of health professionals to provide outreach services. | |

| Medical Outreach Indigenous Chronic Disease Program (MOICDP) | Incentives are payable to health professionals providing chronic disease outreach services for Aboriginal and Torres Strait Islander people in MM 1-7 locations where the relevant State/Territory fund holder has identified a gap in service. | Costs associated with delivering outreach services are payable to eligible health professionals to remove a range of financial disincentives (e.g., travel, meals, and accommodation). | |
| Eve and Ear Surgical Support | Some costs are payable to health professionals providing expedited access to eye and/or ear surgical support services to Aboriginal and Torres Strait Islander people who reside in MM 3-7 locations. | Some costs associated with delivering outreach services are payable to eligible health professionals to remove a range of financial disincentives. Costs such as travel, meals and accommodation are available to the health professionals, and these are also available for the patients and their carers. | |
| <u>Healthy Ears –</u> <u>Better Hearing,</u> <u>Better Listening</u> <u>Program</u> | The Healthy Ears - Better Hearing, Better Listening program helps to improve access to ear health services for Aboriginal and Torres Strait Islander people aged up to 21 years in MM 2-7 locations. Under the program, multidisciplinary outreach clinical services are provided by a range of health professionals such as medical specialists, GPs, nurses and allied health professionals for best practice ear disease prevention, treatment, management, and follow-up. | Costs associated with delivering outreach services are payable to eligible health professionals to remove a range of financial disincentives (e.g., travel, meals and accommodation). | |
| Support for Ph | Support for Pharmacies and Pharmacists | | |
| Rural Continuing Professional Education (CPE) Allowance | The Rural CPE Allowance provides financial support to assist Pharmacists from rural and remote areas to access Continuing Professional Development activities. The Allowance may be awarded to practicing Pharmacists, Intern Pharmacists, Pharmacists preparing to re-enter pharmacy practice in rural locations or a professional educator travelling to a group of practicing Pharmacists to deliver CPD. | Allowances have a maximum value of \$2,000. The activities that are eligible to be funded through this Allowance are travel and accommodation costs associated with: 1. Participating in or delivering Group 2 accredited activities 2. Delivering Group 3 accredited activities | |

| Name | Description | Incentives (financial and other) |
|---|---|---|
| | | Participating in preceptor training activities Participating in pharmacy workforce re-entry courses and other courses that will assist with re-entry into pharmacy practice Obtaining locum relief while undertaking CPD. |
| <u>Home Medicines</u> <u>Review – Rural</u> <u>Loading</u> <u>Allowance</u> (HMR-RLA) | The HMR-RLA is an initiative of the <u>HMR</u> <u>Program</u> , established to provide financial support to Pharmacists to enable Patients living in rural and remote areas to access the HMR Service. | The Allowance funds up to \$125 (GST exclusive) to contribute towards the travel costs incurred by the Pharmacist to conduct the HMR Interview at the Patient's home. |
| | | There is no limit on the number of times an Applicant may access the Allowance, subject to the provision of adequate documentation and the availability of funds, with exception of only one claim for any one day. |
| Emergency Locum Service (ELS) Program | The ELS supports Community Pharmacies in rural and remote areas through direct access to Pharmacist locums in emergency situations. Locums are deployed at short notice, generally in under 24 hours, to provide relief in urgent and emergency situations. | The ELS Program assists Community Pharmacies by funding up to \$2,500 (GST exclusive) to contribute towards the travel costs between the locum's home and the Community Pharmacy location. The ELS Program is available 24 hours a day, seven days a week. |
| Intern Incentive Allowance for Rural Pharmacies (IIARP) Program | The IIARP provides financial support to rural Pharmacies offering a placement for a new pharmacy graduate during their intern year, thereby increasing the capacity of rural Pharmacies to provide sustainable Pharmacy services to rural and remote communities. | The Allowance provides funding of \$10,000 (GST exclusive) for a 12-month placement and \$5,000 (GST exclusive) for a six-month placement. Funding for placements between six and 12 months will be calculated on a pro-rata basis. |
| <u>Rural Intern</u> <u>Training</u> <u>Allowance (RITA)</u> | The RITA provides financial support to assist Intern Pharmacists from rural and remote areas to access compulsory Intern Training Program activities. The Allowance is awarded to Intern Pharmacists only. The Allowance is intended to defray travel and | Eligible Intern Pharmacists are able to claim up to a maximum of \$1,500 per financial year. |

| Name | Description | Incentives (financial and other) |
|---|--|--|
| | accommodation costs associated with undertaking compulsory intern training workshops, training days and examinations. | |
| <u>Regional</u> <u>Pharmacy</u> <u>Maintenance</u> <u>Allowance</u> (<u>RPMA</u>) | The RPMA consists of a monthly Allowance paid to eligible proprietors of Section 90 Approved Pharmacies. RPMA aims to maintain equitable and sustainable access to Pharmaceutical Benefits Scheme (PBS) and Repatriation Pharmaceutical Benefits Scheme (RPBS) medicines, and pharmacy services for Patients in regional, rural and remote areas of Australia, through supporting the pharmacy network. | The RPMA is calculated each year from 1 July and paid monthly to Eligible Community Pharmacies, based on the RPMA Payment Matrix for that financial year. The current RPMA Payment Matrix is available on the <u>PPA website</u> . |
| <u>Rural Pharmacy</u> <u>Scholarship</u> <u>Scheme (RPSS)</u> | The RPSS provides financial support to encourage and enable students from rural areas of Australia to undertake undergraduate or postgraduate entry studies in pharmacy at university. | Each scholarship has a value of \$10,000 per year (GST exempt) per student for the duration of undergraduate or graduate study, with undergraduate students funded for up to four years and graduate students funded for up to two years. |
| <u>Rural Pharmacy</u> <u>Scholarship</u> <u>Mentor Scheme</u> (<u>RPSMS</u>) | The RPSMS is designed to provide pharmacy students with guidance and support from a practising rural Pharmacist. Involvement in the Mentor Scheme is compulsory for all holders of the <u>Rural Pharmacy Scholarship</u> and holders of the <u>Aboriginal and Torres</u> <u>Strait Islander Pharmacy Scholarship</u> . | The RPSMS provides funding of \$375 to Mentors per mentored scholar per year. |
| <u>Rural Pharmacy</u> <u>Student</u> <u>Placement</u> <u>Allowance</u> <u>(RPSPA)</u> | The RPSPA provides financial support to encourage and enable Australian universities offering pharmacy courses leading to registration as a pharmacist to deliver student placements in rural communities. | Each Allowance has a maximum value of \$3,000 plus GST per student per eligible placement. The RPSPA is paid via each student's university. Funds may only be used to assist with travel and accommodation costs for students traveling to eligible rural areas to undertake a Pharmacy Student placement. |
