ACCREDITATION STATUS REPORT

as at March 2025

In September 2021 the Accreditation Status Report was updated to reflect the extension of 12 months to the accreditation expiry dates for all Services/SCUs due to the impact of COVID-19.

The NQMC approved a revised accreditation decision-making process due to the impact of the COVID-19 pandemic at its meeting of 27 August 2021. Under the revised system, there are only two categories of accreditation – Accreditation or Accreditation with Conditions.
