# Local Government Area (LGA) COVID-19 Vaccine Rates

13 March 2025

## Data caveats

### Note on areas with large remote and very remote areas:

The process of geocoding addresses in very remote areas and remote areas can lead to artificially low vaccine dose count records in those areas (as addresses cannot be 'pinpointed' to a specific client location, and therefore LGA). The areas have been highlighted to indicate they are remote or very remote.

### Methodology underpinning LGA remoteness classification:

LGA 'remoteness' is calculated by assigning a modal remoteness value for each LGA, based on where the majority of the population in each LGA live - using 2023 Census meshblock population counts. Remote and Very Remote classifications accord with the same values if using the Modified Monash Model of remoteness.

Population cell values less than 200 have been suppressed for privacy.

Data as at:  
12 Mar 2025

# Australian Capital Territory

State	Local Government Area	Estimated Resident Population (18+)	People vaccinated in the last six months (18+)	People vaccinated in the last twelve months (18+)
Australian Capital Territory	Unincorporated ACT	367,825	22,201	60,272

Number of people vaccinated is sourced from the Australian Immunisation Register and is based on a person's usual residential address as recorded in Medicare.

\*Please note these LGAs may be more susceptible to data quality issues for a variety of reasons and should be treated with caution.

**Shading** denotes LGAs with large 'very remote' and 'remote' areas where geo-coding addresses is difficult, often leading to artificially low counts.

# New South Wales

Western Australia	Perth	30,548	1,521	3,588

Number of people vaccinated is sourced from the Australian Immunisation Register and is based on a person's usual residential address as recorded in Medicare.

\*Please note these LGAs may be more susceptible to data quality issues for a variety of reasons and should be treated with caution.

Shading denotes LGAs with large 'very remote' and 'remote' areas where geo-coding addresses is difficult, often leading to artificially low counts.

# Metadata

**People vaccinated in the last six months (18+):** the number of people aged 18 and over who have received a COVID-19 vaccine in the last six months.

**People vaccinated in the last twelve months (18+):** the number of people aged 18 and over who have received a COVID-19 vaccine in the last twelve months.

**Estimated Resident Population (ERP):** the official measure of the population of Australia, based on their usual residence. It refers to all people, regardless of nationality, citizenship or legal status, who usually live in Australia, with the exception of foreign diplomatic personnel and their families. The ERP includes usual residents who are overseas for less than 12 months and excludes overseas visitors who are in Australia for less than 12 months. The latest available ERP by both age categories and LGA breakdowns is from June 2023.

The number of people vaccinated is derived from the Australian Immunisation Register, which contains the most up to date information on everyone who has interacted with the Australian health system for immunisation purposes. There may be people who received a COVID-19 vaccine who are not considered usual residents of Australia and were not included in the ERP, such as international visitors who received a dose while in Australia. There may also be slight variations of the current population from the June 2023 ERP due to population changes. Examples of this include people transferring in and out of age cohort eligibilities, people migrating to and from Australia, and people passing away. For these reasons, the number of people with a COVID-19 vaccine may exceed the ERP in some LGAs.

**Local Government Area (LGA):** Local Government Areas are an ABS approximation of gazetted local government boundaries as defined by each State and Territory Local Government Department. Local Government Areas cover incorporated areas of Australia. Incorporated areas are legally designated parts of a State or Territory over which incorporated local governing bodies have responsibility. The major areas of Australia not administered by incorporated bodies are the northern parts of South Australia, and all of the Australian Capital Territory and the Other Territories. These regions are identified as 'Unincorporated' in the ASGS Local Government Areas structure.

Please note that a person is counted against the LGA that they usually reside in and may have received vaccinations outside of their usual LGA. There may be addresses that fail to geocode and are not represented in their LGA.

**Update information:** Vaccine data is sourced from the Australian Immunisation Register as at 11:59pm 12 March 2025 for individuals aged 18 and over.
