

# ELIGIBILITY TOOL

This tool guide helps you and your doctor work out if you are eligible for the National Lung Cancer Screening Program. You should work through the questions with your doctor, who is best placed to determine if you're eligible. Completing this tool does not replace an eligibility assessment by your doctor.

## Are you aged 50 to 70 years?

**Future eligibility:** you could become eligible in future if you are under 50 years. It is important to continue checking.

MORE THAN 10 YEARS AGO

## Not eligible for the program

However, you could become eligible in the future if you are 70 years or under, so it's important to continue checking your eligibility.

Speak with your doctor about other options that are best suited to your needs.

See the

**"Why am I currently not eligible for lung cancer screening?" resource**

## You may be eligible to participate in the program

Speak with a doctor to register your participation and get a low-dose CT scan referral.
