About this Program

The Child Dental Benefits Schedule (CDBS) is an Australian Government program that provides access to basic dental services, within a benefit cap, over a relevant two calendar year period. Services that receive a benefit under the CDBS include examinations, cleaning, x-rays, fissure sealing, fillings, root canals, extractions and partial dentures. The full list of services is available in the [Dental Benefits Schedule](#). The Schedule includes an item number, description, benefit amount and applicable restrictions for each service. Services can be provided in a public or private setting. However, benefits are not available for orthodontics, cosmetic dental or any services provided in a hospital.

A child is eligible for the CDBS if they are:

- 0-17 years old for at least one day that calendar year;
- Eligible for Medicare; and
- Receive a payment from Services Australia at least once a year, or have a parent, carer or guardian who receives a payment from Services Australia at least once a year.
