# Staged transition to the new Commonwealth Home Support Program (CHSP) service list

This guide outlines what CHSP providers need to know about the staged transition of service lists from 1 July 2025.

## What is changing?

The new *Aged Care Act 2024* (the Act) defines the service groups, service types and services available to eligible, assessed clients under the CHSP. Introduction of the new Act has been briefly deferred from 1 July to 1 November 2025.

To align with the Act, the CHSP service list will change from 1 July 2025. CHSP grant agreements for 2025–2027 are in accordance with the new CHSP service list.

Client referrals will be against the old (pre-1 July 2025) service list until the Act commences on 1 November 2025. Providers need to map the CHSP referrals to the appropriate service or service type against the new service list.

## Staged transition

Due to the staged implementation of systems in support of the Act, some systems will continue to refer to the old (pre-1 July 2025) service list. For example, the client assessment and referral system, My Aged Care, will refer to the old service list until the Act commences on 1 November 2025. In contrast, the new CHSP service list has been implemented in the Data Exchange (DEX) for monthly reporting.

CHSP providers will need to map client referrals for services from the old to the new CHSP service list for this 4 month period. This fact sheet provides service list mapping to assist CHSP providers navigate the differences.

- **Appendix A** maps from the old list to the new CHSP service list.
- **Appendix B** provides step-by-step examples demonstrating how to use the CHSP service list to map My Aged Care referrals through delivery to DEX reporting during the transition period.

## CHSP service list structure changes

From 1 July 2025 the CHSP service list structure aligns with the Act and prepares providers for the transition from 1 November 2025.

## CHSP service list structure

Pre-1 July 2025	From 1 July 2025	
Service	Service group	<i>Example: Home support</i>
Service type	Service type	<i>Example: Allied health and therapy services</i>
Service sub-type	Service	<i>Example: Podiatry</i>

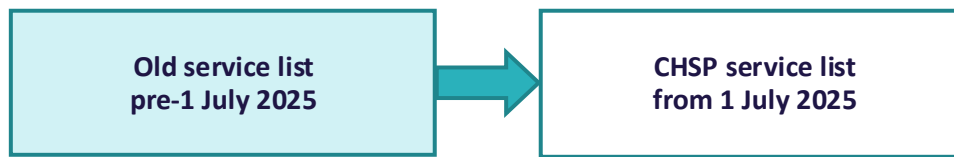

## Exceptions

From 1 July 2025, CHSP providers of *Specialised support services* (SSS) are required to realign their service sub types, where possible, to other services under the CHSP service list. We acknowledge that some services may not easily realign, such as vision and dementia advisory services. In these circumstances, SSS providers will continue to be funded through a separate schedule in their CHSP grant agreement in 2025-26.

Provision of *Sector support and development* (SSD) services will continue for a further one year in 2025-26.

# **Appendix A: Mapping the old services to the new CHSP service list**

This appendix maps the old (pre-1 July 2025) service list to the CHSP service list effective from 1 July 2025.

For referrals issued until 31 October 2025, providers need to map client referrals to the appropriate service or service type against the new service list.

## Old Service: Community and home support

### Old Service type: Allied health and therapy services

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service
Podiatry	Home support	Allied health and therapy services	Podiatry
Social work	Home support	Allied health and therapy services	Social work
Speech pathology	Home support	Allied health and therapy services	Speech pathology
Dietician or nutritionist	Home support	Allied health and therapy services	Diet or nutrition
Aboriginal and Torres Strait Islander health worker	Home support	Allied health and therapy services	Aboriginal and Torres Strait Islander health worker assistance
Diversional therapy	Home support	Therapeutic services for independent living	Diversional therapy
Physiotherapy	Home support	Allied health and therapy services	Physiotherapy
Psychologist	Home support	Allied health and therapy services	Psychology
Exercise physiologist	Home support	Allied health and therapy services	Exercise physiology

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service
Occupational therapy	Home support	Allied health and therapy services	Occupational therapy
Ongoing allied health and therapy services	<i>Not available under the CHSP service list effective 1 July 2025, providers will need to report the actual service provided in accordance with the new CHSP service list (see note 2)</i>		
Restorative care services	<i>Not available under the CHSP service list effective 1 July 2025, providers will need to report the actual service provided in accordance with the new CHSP service list (see note 1 or 2)</i>		
Other allied health and therapy services	<i>Not available under the CHSP service list effective 1 July 2025, providers will need to report the actual service provided in accordance with the new CHSP service list (see note 2)</i>		
Hydrotherapy	<i>Not available under the CHSP service list effective 1 July 2025 (see note 3)</i>		

Note 1. The following services are available under the *Allied health and therapy services* service type in CHSP service list effective 1 July 2025:

- *Allied health assistance*
- *Aboriginal and Torres Strait Islander health practitioner assistance*
- *Counselling or psychotherapy*
- *Music therapy.*

Note 2. The following are new services available under the *Therapeutic services for independent living* service type in the CHSP service list effective 1 July 2025:

- *Acupuncture*
- *Chiropractics*
- *Remedial massage*
- *Art therapy*
- *Osteopathy.*

Note 3. *Hydrotherapy* is not available as a standalone service under the CHSP service list effective 1 July 2025. However, the activity may be provided under the *Exercise physiology*, *Physiotherapy* or *Allied health assistance* service under the *Allied health and therapy services* service type dependent on the profession delivering the service.

## Old Service type: Goods, equipment and assistive technology

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service
Medical care aids	Assistive technology	Equipment and products	Managing body functions
Reading aids	Assistive technology	Equipment and products	Communication and information management products
Self-care aids	Assistive technology	Equipment and products	Self-care products
Support and mobility aids	Assistive technology	Equipment and products	Mobility products
Other goods and equipment	<i>Not available under the CHSP service list effective 1 July 2025, providers will need to report the actual service provided in accordance with the new CHSP service list</i>		
Car modification	Assistive technology	Equipment and products	Mobility products
Communication aids	Assistive technology	Equipment and products	Communication and information management products

Note 4. The *Domestic life products* service is available under the *Equipment and products* service type in the CHSP service list effective 1 July 2025.

## Old Service type: Home maintenance

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service <sup>1</sup>
Garden maintenance	Home support	Home maintenance and repairs	Gardening
Major home maintenance and repairs	Home support	Home maintenance and repairs	Assistance with home maintenance and repairs
Minor home maintenance and repairs	Home support	Home maintenance and repairs	Assistance with home maintenance and repairs

## Old Service type: Other food services

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service
Food preparation in the home	Home support	Meals	Meal preparation
Food advice, lessons, training and safety	Home support	Allied health and therapy services	Diet or nutrition

---

<sup>1</sup> The service 'expenses for home maintenance and repairs' is included in the unit price for these CHSP services.

## Old Service type: Transport

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service
Direct (driver is volunteer or worker)	Home support	Transport	Direct transport
Indirect (through vouchers or subsidies)	Home support	Transport	Indirect transport

## Old Service type: Social support - individual

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service
Visiting	Home support	Social support and community engagement	Individual social support
Telephone / web contact	Home support	Social support and community engagement	Digital education and support
Accompanied activities (e.g. shopping)	Home support	Social support and community engagement	Accompanied activities

Note 5. The following are new services available under the *Social support and community engagement* service type in the CHSP service list effective 1 July 2025:

- Digital education and support
- Assistance to maintain personal affairs.

## Old Service type: Domestic assistance

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service
General house cleaning	Home support	Domestic assistance	General house cleaning
Linen services	Home support	Domestic assistance	Laundry services
Unaccompanied shopping (delivered to home)	Home support	Domestic assistance	Shopping assistance

## Old Service type: Meals

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service
At home	Home support	Meals	Meal delivery
At centre	Home support	Meals	Meal delivery

## Old Service type: Personal care

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service
Assistance with self-care	Home support	Personal care	Assistance with self-care and activities of daily living
Assistance with client self-administration of medication	Home support	Personal care	Assistance with self-administration of medications

## Old Service type: Social support – group

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service
Support – group	Home support	Social support and community engagement	Group social support

## Old Service type: Home modifications

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service
Home modifications	Home modifications	Home adjustments	Home modifications

## Old Service type: Nursing

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service <sup>2</sup>
Nursing	Home support	Nursing care	Registered nurse
	Home support	Nursing care	Enrolled nurse
	Home support	Nursing care	Nursing assistant

---

<sup>2</sup> The service 'nursing care consumables' is included in the unit price for these CHSP services.

## Old Service type: Specialised support services

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service
Continence advisory services	Home support	Nursing care	Registered nurse <sup>3</sup>
	Home support	Nursing care	Enrolled nurse <sup>4</sup>
	Home support	Nursing care	Nursing assistant <sup>5</sup>
	Home support	Personal care	Continence management (non-clinical)
Dementia advisory services	<i>The department will work with providers to re-align services to the CHSP service list (see note 6)</i>		
Vision advisory services	<i>The department will work with providers to re-align services to the CHSP service list (see note 6)</i>		
Hearing advisory services	Home support	Allied health and therapy services	Occupational therapy
	Home support	Social support and community engagement	Assistance to maintain personal affairs <sup>6</sup>
Other support services	<i>The department will work with providers to re-align services to the CHSP service list (see note 6)</i>		
Client advocacy	Home support	Social support and community engagement	Cultural support
	Home support	Social support and community engagement	Group social support

<sup>3</sup> The service 'nursing care consumables' is included in the unit price for this CHSP service.

<sup>4</sup> The service 'nursing care consumables' is included in the unit price for this CHSP service.

<sup>5</sup> The service 'nursing care consumables' is included in the unit price for this CHSP service.

<sup>6</sup> Where SSS *Hearing advisory services* providers deliver navigation and linking services to hearing impaired clients, these are being realigned to the *Social support and community engagement* service type.

	Home support	Social support and community engagement	Individual social support
--	--------------	---	---------------------------

Note 6. From 1 July 2025 CHSP providers of *Specialised support services* (SSS) are required to realign their services, where possible, to other service types under the new CHSP service list. Some services may not easily realign, such as vision and dementia advisory services. In these circumstances, SSS providers will continue to be funded through a separate schedule in their CHSP grant agreement in 2025-26.

## Old Service: Assistance with care and housing

### Old Service type: Assistance with care and housing

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service
Hoarding and squalor	Home support	Hoarding and squalor assistance	Hoarding and squalor supports

## Old Service: Care relationships and carer support

### Old Service type: Flexible respite

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service
In-home day respite	Home support	Home or community general respite	Flexible respite
Host family day respite	Home support	Home or community general respite	Flexible respite
In-home overnight respite	Home support	Home or community general respite	Flexible respite
Host family overnight respite	Home support	Home or community general respite	Flexible respite
Mobile respite	Home support	Home or community general respite	Flexible respite
Other planned respite	Home support	Home or community general respite	Flexible respite
Community access – individual respite	Home support	Home or community general respite	Flexible respite

### Old Service type: Centre-based respite

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service
Residential day respite	Home support	Home or community general respite	Community and centre-based respite
Centre-based day respite	Home support	Home or community general respite	Community and centre-based respite
Community access – group	Home support	Home or community general respite	Community and centre-based respite

## Old Service type: Cottage respite

Pre-1 July 2025	From 1 July 2025		
Old service sub-type	Service group	Service type	Service
Overnight community respite	Home support	Community cottage respite	Cottage respite

# Appendix B: Service mapping step-by-step examples

Appendix B provides step-by-step examples demonstrating how to use the CHSP service list mapping (Appendix A) to map My Aged Care referrals through delivery to Data Exchange (DEX) reporting during the transition period from 1 July to 31 October 2025.

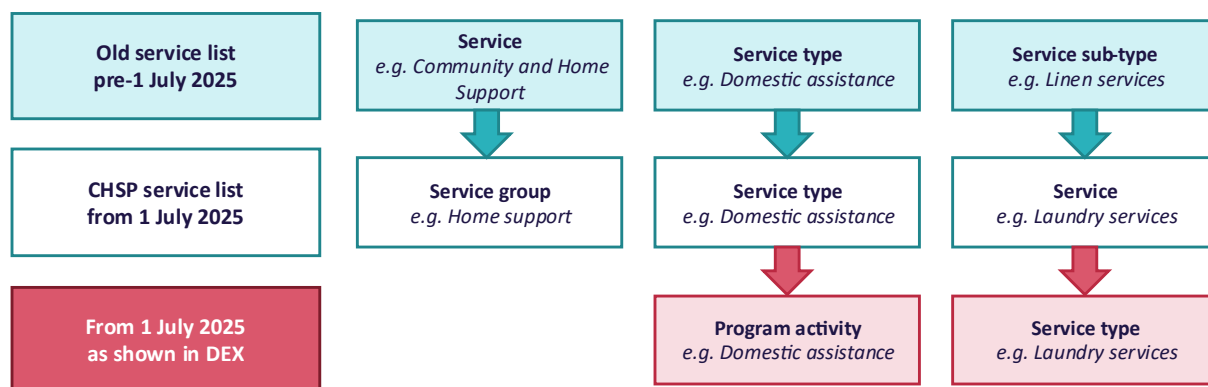

## Mapping to the new CHSP service list effective 1 July 2025

During the staged transition period (1 July to 31 October 2025) CHSP providers will need to map My Aged Care referrals through to the new CHSP service list for delivery and DEX reporting purposes.

As described in the fact sheet, the new CHSP service list effective 1 July 2025 has a different organisational structure and, in some instances, different naming conventions to the old (pre-1 July 2025) service list.

In addition, there are some new services available under CHSP from 1 July, and some that are no longer available.

The organisational structure in DEX is also represented differently.

## Exceptions

Note that there are 4 services that are exceptions to the structure depicted in DEX. These services are defined in DEX as both program activities and service types:

- Meal delivery
- Meal preparation
- Individual social support
- Group social support.

## Service mapping examples

### Example 1. *Laundry services service*

<b>Scenario</b>	Pressed Best provides laundry services to a range of clients and is funded under a CHSP grant agreement to provide funded aged care services to eligible and assessed clients.
<b>Service mapping</b>	<p>Maria receives a My Aged Care referral code for <i>Linen services</i> and provides this to Pressed Best.</p> <p>From 1 July 2025, <i>Linen services</i> is <i>Laundry services</i> under <i>Domestic assistance</i> service type.</p> <div> <div> <div>Service Community and Home Support</div> <div>↓</div> <div>Service group Home support</div> </div> <div> <div>Service type Domestic assistance</div> <div>↓</div> <div>Service type Domestic assistance</div> </div> <div> <div>Service sub-type Linen services</div> <div>↓</div> <div>Service Laundry services</div> </div> </div>
<b>DEX reporting</b>	<p>Pressed Best selects the <i>Domestic assistance</i> program activity and <i>Laundry services</i> service type to record the activity in DEX.</p> <div> <div>Service group Home support</div> <div>Service type Domestic assistance</div> <div>Service Laundry services</div> <div>↓</div> <div>Program activity Domestic assistance</div> <div>↓</div> <div>Service type Laundry services</div> </div>

## Example 2. Re-aligning *Specialised support services* (SSS)

<b>Scenario</b>	Wonderful Life employs support workers to provide a range of advisory and in home support services. In 2025-26, Wonderful Life's CHSP grant agreement includes funding for Specialised support services (SSS).
<b>Service mapping</b>	<p>Luciano receives a My Aged Care referral code for both <i>Continence advisory services</i> and <i>Dementia advisory services</i> which he provides to Wonderful Life.</p> <p>As Wonderful Life doesn't employ nurses, they map this to the <i>Continence management (non-clinical)</i> service under the <i>Personal care</i> service type.</p> <div> <div> <div>Service Community and Home Support</div> <div>↓</div> <div>Service group Home support</div> </div> <div> <div>Service type Specialised support services</div> <div>↓</div> <div>Service type Personal care</div> </div> <div> <div>Service sub-type Continence advisory services</div> <div>↓</div> <div>Service Continence management (non-clinical)</div> </div> </div> <p><i>Dementia advisory services</i> is not mapped to the new CHSP service list effective 1 July 2025. However Wonderful Life is funded to provide this service through a separate schedule in their 2025-26 CHSP grant agreement.</p>
<b>DEX reporting</b>	<p>In DEX, Wonderful Life select the <i>Personal care</i> program activity and <i>Continence Management (non-clinical)</i> service type.</p> <div> <div>Service group Home support</div> <div>Service type Personal care</div> <div>Service Continence management (non-clinical)</div> </div> <div> <div>↓</div> <div>Program activity Personal care</div> <div>↓</div> <div>Service type Continence management (non-clinical)</div> </div> <p>In DEX, Wonderful Life select the <i>Specialised support services</i> program activity and <i>Dementia advisory services</i> service type.</p> <div> <div>From 1 July 2025 as shown in DEX</div> <div>Program activity Specialised support services</div> <div>Service type Dementia advisory services</div> </div>

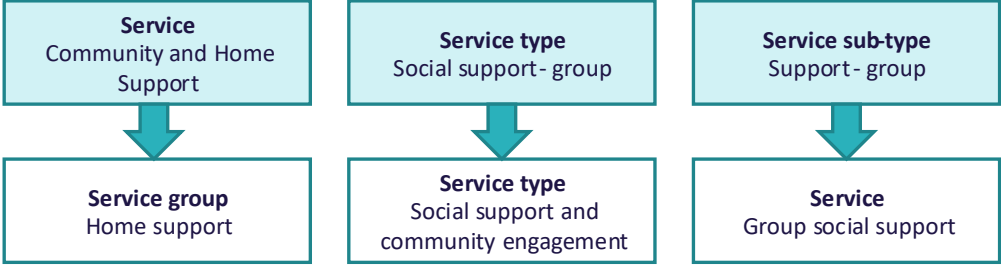

### Example 3. *Home modifications* service group

<b>Scenario</b>	To reduce the risk of falls, an occupational therapist has prescribed several handrails be sourced, supplied and installed at Praveen's home.		
<b>Service mapping</b>	<p>Praveen receives a My Aged Care referral code for <i>Home Modifications</i> which he provides to Home Install.</p> <p>From 1 July 2025, <i>Home Modifications</i> is <i>Home modifications</i> under the <i>Home adjustments</i> service type.</p> <div> <div> <div>Service Community and Home Support</div> <div>↓</div> <div>Service group Home modifications</div> </div> <div> <div>Service type Home modifications</div> <div>↓</div> <div>Service type Home adjustments</div> </div> <div> <div>Service sub-type Home modifications</div> <div>↓</div> <div>Service Home modifications</div> </div> </div>		
<b>DEX reporting</b>	<p>In DEX, Home Install selects the <i>Home adjustments</i> program activity and <i>Home modifications</i> service type.</p> <div> <div>Service group Home modifications</div> <div>Service type Home adjustments</div> <div>Service Home modifications</div> <div>↓</div> <div>Program activity Home adjustments</div> <div>↓</div> <div>Service type Home modifications</div> </div>		

## Example 4. Accompanied vs unaccompanied shopping

<b>Scenario</b>	<p>Blue Cross Services provides at home support services to a range of clients, including those eligible and assessed to receive funded aged care services. Their 2025-2027 CHSP grant agreement and activity work plan includes funding for both <i>Social support and community engagement</i> and <i>Domestic assistance</i> service types.</p> <ul style="list-style-type: none"> <li>For some clients Blue Cross Services support workers take clients to the shops.</li> <li>For other clients Blue Cross Services support workers undertake clients' shopping and deliver it to them.</li> </ul> <p>Consistent with the old service list, accompanied and unaccompanied shopping come under different service types in the new CHSP service list effective 1 July 2025.</p>
<b>Service mapping</b>	<p>Josephine is no longer able to drive and is becoming frail; she now requires assistance getting to the supermarket, buying groceries and getting them home. She has a My Aged Care referral for <i>Accompanied activities</i> service sub-type under the <i>Social Support – Individual</i> service type.</p> <p>Blue Cross Services refers to Appendix A and determines that under the new CHSP service list that the referral received for Josephine maps to <i>Accompanied activities</i> service under the <i>Social support and community engagement</i> service type.</p> <div data-bbox="384 1290 1382 1554"> <pre> graph TD     subgraph "Service Mapping"         direction LR         S1[Service: Community and Home Support] --&gt; SG1[Service group: Home support]         S2[Service type: Social support- individual] --&gt; ST2[Service type: Social support and community engagement]         S3[Service sub-type: Accompanied activities (e.g. shopping)] --&gt; S4[Service: Accompanied activities]     end </pre> </div>
<b>DEX reporting</b>	<p>In DEX, Blue Cross Services selects the <i>Social support and community engagement</i> program activity and <i>Accompanied activities</i> service type.</p> <div data-bbox="384 1742 1382 2007"> <pre> graph TD     subgraph "DEX Reporting"         direction LR         SG1[Service group: Home support]         ST1[Service type: Social support and community engagement] --&gt; PA[Program activity: Social support and community engagement]         S2[Service: Accompanied activities] --&gt; ST2[Service type: Accompanied activities]     end </pre> </div>

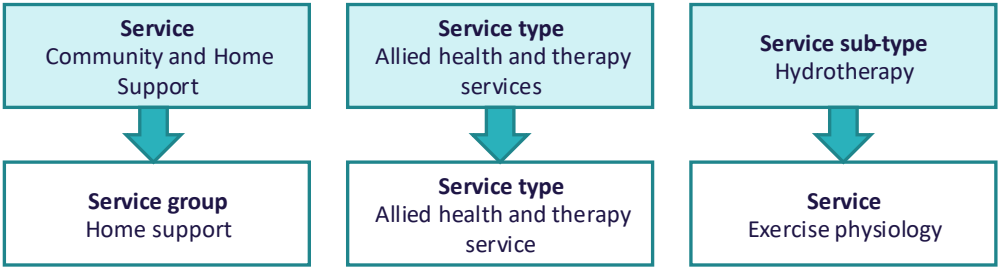

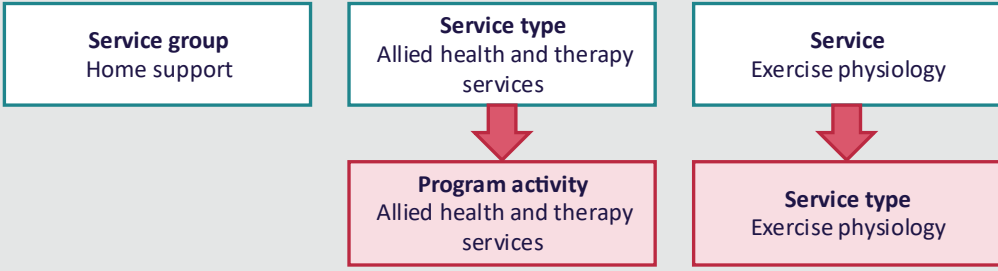

## Example 5. Group social support service

<b>Scenario</b>	<p>Greater Quimby Community Service (GQCS) is a CHSP provider delivering a range of funded aged care services through a CHSP grant agreement. GQCS' client management system has been updated to reflect the new CHSP service list effective 1 July 2025.</p> <p>GQCS runs social groups a few times a week consisting of a range of planned experiences such as games, music, arts and crafts. These social groups are hosted at the local community hall. GQCS ensures all clients have been assessed as eligible to receive their funded aged care services.</p>
<b>Service mapping</b>	<p>In early July 2025, GQCS receives a new My Aged Care client referral to provide <i>Support – Group</i> service sub-type under <i>Social Support – Group</i> service type to Monty.</p> <p>From 1 July 2025, Social Support – Group service type is <i>Group social support</i> under the <i>Social support and community engagement</i> service type.</p>  <pre> graph TD     A[Service: Community and Home Support] --&gt; B[Service group: Home support]     C[Service type: Social support- group] --&gt; D[Service type: Social support and community engagement]     E[Service sub-type: Support- group] --&gt; F[Service: Group social support]   </pre>
<b>DEX reporting</b>	<p>Monty attends three social groups during July 2025.</p> <p>GQCS' client management system is configured for system-to-system import to DEX. The <i>Group social support</i> service is one of the 4 services defined in DEX as both a program activity and service type.</p> <p>Therefore, <i>Group social support</i> will populate in both the program activity and service type in DEX.</p>  <pre> graph TD     G[Service group: Home support]     H[Service: Group social support] --&gt; I[Program activity: Group social support]     H --&gt; J[Service type: Group social support]   </pre>

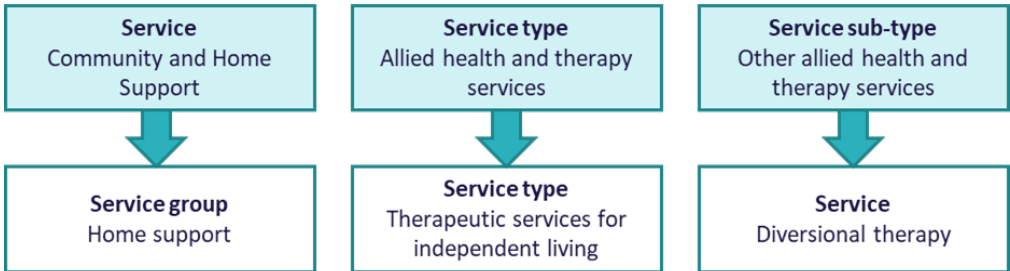

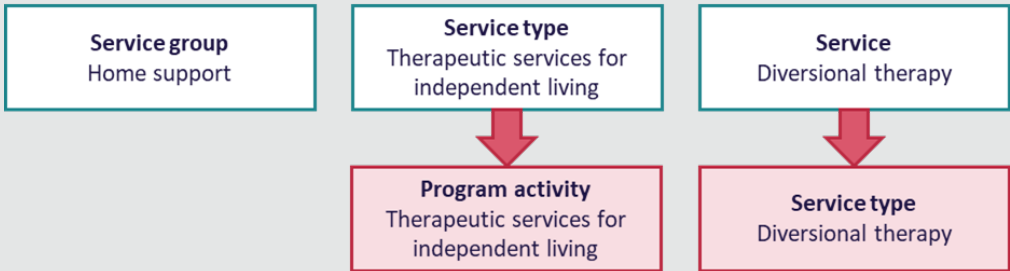

## Example 6. Meal preparation service

<b>Scenario</b>	Greater Quimby Community Service (GQCS) also received a referral to provide <i>Food preparation in the home</i> service sub-type to Monty. They provide a support worker to assist Monty prepare meals two days a week in his home, using a wellness and reablement approach.		
<b>Service mapping</b>	<p>GQCS' admin officer enters this referred service as <i>Meal preparation</i> service in the <i>Meals</i> service type into their client management system.</p> <pre> graph TD     S1[Service Community and Home Support] --&gt; SG[Service group Home support]     S2[Service type Other food services] --&gt; ST[Service type Meals]     S3[Service sub-type Food preparation in the home] --&gt; SV[Service Meal preparation] </pre>		
<b>DEX reporting</b>	<p>The <i>Meal preparation</i> service is also one of the 4 services defined in DEX as both a program activity and service type.</p> <p>Therefore, <i>Meal preparation</i> will populate in both the program activity and service type in DEX.</p> <pre> graph TD     SG[Service group Home support]     ST[Service type Meals] --&gt; PA[Program activity Meal preparation]     SV[Service Meal preparation] --&gt; ST2[Service type Meal preparation] </pre>		

## Example 7. Hydrotherapy service

<b>Scenario</b>	<p>Be Your Best gym is a CHSP provider that has received Nancy's client referral to provide her <i>Hydrotherapy</i> service sub-type, which they'll conduct in their onsite pool.</p> <p><i>Hydrotherapy</i> is not available as a standalone service under the CHSP service list effective 1 July 2025. As Be Your Best's <i>Hydrotherapy</i> services are delivered by an exercise physiologist, this would be mapped to <i>Exercise physiology</i>.</p>
<b>Service mapping</b>	<p>Be Your Best confirms that <i>Hydrotherapy</i> is not a service available under the CHSP service list effective 1 July 2025 but can be provided through the <i>Exercise physiology</i> service. <i>Exercise physiology</i> is under the <i>Allied health and therapy services</i> service type.</p>  <pre> graph TD     subgraph "Service Mapping"         direction LR         S1[Service Community and Home Support]         S2[Service type Allied health and therapy services]         S3[Service sub-type Hydrotherapy]     end     S1 --&gt; SG1[Service group Home support]     S2 --&gt; ST1[Service type Allied health and therapy service]     S3 --&gt; S4[Service Exercise physiology]     </pre>
<b>DEX reporting</b>	<p>At the end of the month, Be Your Best manually enters Nancy's hydrotherapy sessions under the <i>Allied health and therapy</i> program activity and <i>Exercise physiology</i> service type.</p>  <pre> graph TD     subgraph "DEX Reporting"         direction LR         SG1[Service group Home support]         ST1[Service type Allied health and therapy services]         S4[Service Exercise physiology]     end     SG1 --&gt; PA[Program activity Allied health and therapy services]     ST1 --&gt; PA     S4 --&gt; ST2[Service type Exercise physiology]     </pre>

### Example 8. *Therapeutic services for independent living* service type

<b>Scenario</b>	<p>Eucalyptus Body and Mind has been providing <i>Diversional therapy</i> services under Allied health and therapy services.</p> <p>From 1 July 2025, the <i>Diversional therapy</i> services will be mapped to <i>Therapeutic services for independent living</i> service type.</p>
<b>Service mapping</b>	<p>From 1 July 2025, Eucalyptus Body and Mind notes the <i>Diversional therapy</i> service come under the new <i>Therapeutic services for independent living</i> service type.</p>  <pre> graph TD     subgraph Current         S1[Service Community and Home Support]         S2[Service type Allied health and therapy services]         S3[Service sub-type Other allied health and therapy services]     end     subgraph New         SG[Service group Home support]         ST[Service type Therapeutic services for independent living]         Svc[Service Diversional therapy]     end     S1 --&gt; SG     S2 --&gt; ST     S3 --&gt; Svc </pre>
<b>DEX reporting</b>	<p>From 1 July 2025, Eucalyptus Body and Mind reports the <i>Diversional therapy</i> sessions provided under the <i>Therapeutic services for independent living</i> program activity and <i>Diversional therapy</i> service type.</p>  <pre> graph TD     SG[Service group Home support]     ST[Service type Therapeutic services for independent living]     Svc[Service Diversional therapy]     PA[Program activity Therapeutic services for independent living]     SvcType[Service type Diversional therapy]     ST --&gt; PA     Svc --&gt; SvcType </pre>
