There are 6 items of concern from s47G We will come to the transition meeting today and see if we can resolve. If so then we can shut down more noise, and we get to march 10. If not then we can take it from there.

Sorry Rusty, s47G

Website back up

11:09 am

Yep. Was about to text you.

11:09 am

I think there are a couple things like menu download and volunteer registration that we want migrated so will talk to nmow on this

11:10 am

I'll call again in 5mins.

11:11 am

I haven't spoken to s47G since. Been on other crisis

11:12 am

We can put all of that onto SharePoint so you have it

11:12 am

Hi Rusty,

I'll be onsite shortly. Confirming status of staff. Are MMA staff on site tomorrow as they are apparently waiting on contracts from s47G

2:17 pm

I think they are wanting iCT and staff handover on 19 feb

2:24 pm

But they also are asking for a new person to start on Thursday in observing role

2:26 pm

Oh can you give us some advice on January Dex data?

3:27 pm

I'll come back to you on the date. The staff need certainty.

4:47 pm

I think that's s47F I understand s47F a fill in till the permanent person s47F starts in Feb. happy for s47F to be there - we've already given s47F a tour etc

LG

I think that's s47F - I understand s47F a fill in till the permanent person s47F starts in Feb. happy for s47F to be there - we've already given s47F a tour etc. I think s47F also got s47F on the tools - no better way to observe

4:50 pm

January DEX data is almost ready. We've always been working with s47G on 10 business days after (so would hit 14 Feb). Plan is to get it to them this week - once we complete the standard QA. I understand s47F approached before 9am on 1 Feb. Not sure why.

4:52 pm

4:54 pm

Yeah 14 Feb fine. They are rushing on a few things so just need to lock down dates. If we can say to s47F that 14 Feb for dex and 19 Feb for systems and staff, with data as at cob 16 feb then I think we are clear....maybe

I think we can move quicker. My preference - to s47F, s47G is to hand over pre 14th. Manages dept's risks too.

4:57 pm

4:58 pm

I think the barrier is IT if that is solved then yes, faster

Hi s47E(c), s47F
Some good news. s47G have seen reason and will sign a sub contracting agreement and the deed. I'll get this squared away, with their payment before the 14th.

Aww that's great! I'll give you a buzz on Monday, relax and have a great weekend 😊

Thanks s47E(c), s47F - and you :)

Btw I am going to send an email to give you/ us/ DOHAC cover for SE. But it will require DOHAC to

Hey just checking, have you put

any of those files into the Newcastle sharepoint?

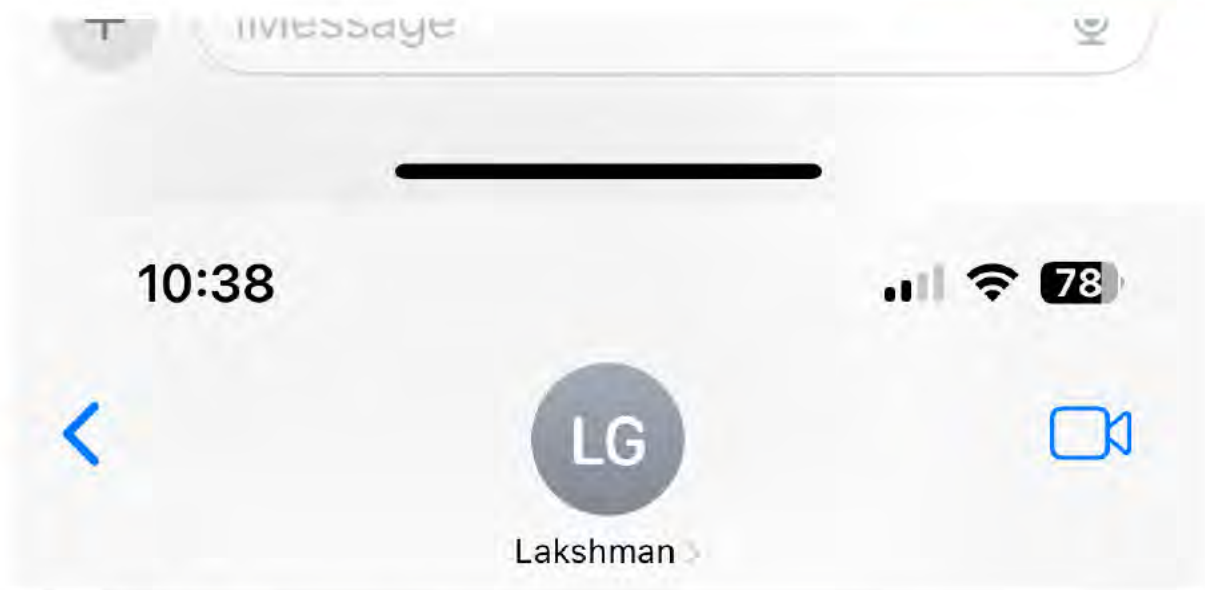

Sorry which ones? The ones on the DOHAC SharePoint?

Yea, it's looks like they were uploaded 6 days ago but I didn't know they were there and didn't realise I was meant to be passing it on

Sure thing. Can you just email back and say good to upload. Just so Rice et al suggest we moved data without approval. I'll get s47F onto it

I'm happy to send it through. If there is anything else that is uploaded that needs to go to please just let me know

No worries. We will push through all that's in the email. Which means they have everything. Also working on a day by day plan for next week to get to you. Won't be by 3pm but will get across in the am

s47F is onto it. Files being uploaded. The photos etc won't be done today because of the time required.

16 Feb 2024 at 8:53 am

Morning! Any chance we can jump into a webex meeting this morning?

Edited

It has nothing to do with senate estimates!

Yeah sure. Be good in about 30mins.

Btw would you mind chasing up the second invoice please. I've got to get payments out to s47G s47G etc.

Hi there - did you want to try and chat now or before 10:30am?

Now is good! I'll send a webex

Just back into Adelaide.
Confirming we've passed over the data dump.

And run sheets printed to

And run sheets printed to
Thursday.

I was thinking the fact s47G
don't want mma onsite is likely
because s47G will be there.
s47F and I have had s47G looking us
up over LinkedIn this afternoon.

Thank Lakshman! I checked about
s47G being on site and they won't
be!

Sorry - no glasses and just saw I
spelt your name! Sorry!!

Okay understood. Thank you

Ok so I imagine that will be a
similar response for the daily data
dump?

Daily dump would be the same.
Couple of hours too run and QA.
Issue is the value of the daily
dump isn't there if data hasn't
been uploaded.

Can s47G please provide
another MMA person with access
to Their SharePoint. s47F from
my team is supporting s47F

Yep will do!

Also they need a data dump to cover off any changes from yesterday and today!

Thanks will email now.

Re the data dump:

- we will do one later today once we input yesterday's runs
- please note we will also input the two clients that **s47F** on boards.

Awesome thank you!

Hi - checking if we are on at 4pm. Is there an invite I can forward?

Sent! Included an agenda too

Many thanks.

Data dump now being processed by s47F and s47F with s47G

They said they need 30mins to get the extract finalised and can then jump into the call. Can we please push out.

The agenda items are in their space - unfortunately not s47F

If they finish sooner I'll let you know.
