

Your GP is registered for MyMedicare – you can register too

By registering in MyMedicare, you'll gain access to new benefits, including longer funded telehealth consultations and bulk billed longer telehealth consultations for children under 16 and Commonwealth Card Concession card holders at the new higher rate.

It's free and voluntary to register, and registration is open to Australians with a Medicare card or Department of Veterans' Affairs Veteran Card.

Talk to your regular general practice or GP about registering in MyMedicare, or find out more at health.gov.au/mymedicare
