Omnigon Deletion Requests – May 2025

Proposed Deletions on the Stoma Appliance Scheme

The applicant, Omnigon, sought the deletion of the following listings:

Application ID	Group ID	SAS Code	Brand Name	Pack Size	Max Qty	Unit Price	Price Premium	Total company codes	Company code/s being deleted
OG#01	1b	9781T	Omnigon Welland Flair Active	30	90m	\$2.735	N/A	28	XPLC725
OG#02	3a	9784Y	Omnigon Welland Flair Active	10	60m	\$4.674	N/A	7	XPUR522
OG#03	3a	80095M	Omnigon Welland Aurum	10	60m	\$4.674	N/A	18	XMHUM522 XMHUL522
OG#04	3b	80144D	Omnigon Welland Aurum Convex	10	30m	\$6.373	N/A	23	XMHNUL544

Financial analysis

Substitute products are currently listed in the same subgroups at the same cost and maximum quantities. It is unlikely that there would be any budgetary impact for the SAS as a consequence of deleting the products.

Recommendation

As these were administrative changes, these applications were considered by the Panel secretariat in line with the *SAS Application and Assessment Guidelines*. The Panel secretariat noted there are equivalent products remaining on the Schedule and recommended the deletion of the products.

Omnigon is to advise stoma associations, ostomates, stoma therapy nurses and the Australian Council of Stoma Associations of the deletion. A period of approximately 6 months from the date of the recommendation (27 May 2025) should be given to allow users of the product to seek a suitable alternative and to enable stoma associations to manage their stock levels.

Context for Recommendation

The Panel secretariat, in accordance with the *SAS Application and Assessment Guidelines*, usually processes product deletions requested by the sponsor. This includes consideration of whether appropriate alternative products remain available on the SAS Schedule.

Australian Government

Department of Health, Disability and Ageing

Applicant's Comment

The applicant noted the recommendation.
