

Health Technology Assessment Review Implementation Advisory Group

Communique – 11 December Meeting

Meeting 12

- The IAG held its twelfth and final meeting on 11 December 2025. Members joined either in person in Canberra or online.
- Members reviewed the final details of the IAG's HTA Reform Roadmap and the Final Report, and discussed feedback received from stakeholders.
- They agreed to make several wording changes to the Roadmap and asked for another chance to review it before it is finalised. It was noted that timeframes will be tight, as the goal remains to provide the Final Report and HTA Review Roadmap to the Minister for Health, Disability and Ageing by the end of the year.
- Members noted that once finalised the Roadmap and Final Report would be provided to the Minister for consideration.
- The Chair thanked all members for their time, commitment and support over the past 12 months.
