Bulk Billing Practice Incentive Program – Opt-out declaration

10 February 2026

Purpose

This is a downloadable version of the Bulk Billing Practice Incentive Program (BBPIP) opt-out declaration. To amend your registration for BBPIP, please visit [Services Australia website](#).

BBPIP aims to support practices and GPs to provide bulk billed care and make it easier for patients to access affordable care where cost is not a barrier to access.

More information about BBPIP, including practice and provider eligibility requirements, can be found on the [Department of Health, Disability and Ageing website](#).

BBPIP Opt-out declaration

I understand that:

- Any future payment calculations, re-assessments, offsetting and debts for the practice and the provider relating to BBPIP may be affected for the current and relevant historical payment quarters as set out in the [BBPIP Guidelines](#); and
- The practice can **opt in** to BBPIP at any time; and
- By opting out of BBPIP, the grant agreement between the practice and the Commonwealth in relation to BBPIP will terminate.

I declare that:

- The practice is **opting out** and no longer wishes to participate in BBPIP.

The information I am providing is true and correct, and I understand that giving false or misleading information is a serious offence.
