

DEADLY WOMEN SCREEN

**One small swish every 5 years
could save your life.**

If you're aged 25 to 74 and have a cervix,
yarn with your health worker about
cervical screening.

Visit health.gov.au/cervical-screening
or scan the QR code to learn more.

NATIONAL
CERVICAL SCREENING
PROGRAM
A joint Australian, state and territory government program

Artwork and illustrations by proud Bundjalung and South Sea Islander woman Kimberly Engwicht.
