CANCER SCREENING RESOURCE GUIDE

This is your quick reference to additional resources not included within the kit to support conversations with patients.

NATIONAL BOWEL CANCER SCREENING PROGRAM

ORDER A KIT FOR PATIENTS

You or your patient can quickly complete this online form to request a kit be mailed to them. A kit can also be requested by calling 1800 627 701.

WATCH A VIDEO FOR PATIENTS

Watch the video together or have your patient scan the QR code so they can see how to do the test.

TRANSLATED RESOURCES FOR PATIENTS

Access resources about bowel screening in 22 languages, including the test kit instructions.

FIRST NATIONS RESOURCES FOR CLINICS AND PATIENTS

Access several resources with First Nations artwork. Some are available online, others you can order for free.

NATIONAL LUNG CANCER SCREENING PROGRAM

WATCH A VIDEO FOR PATIENTS

Watch this video together or have your patient scan the QR code to see to explain what lung cancer screening involves.

PROGRAM GUIDELINES FOR GENERAL PRACTITIONERS

This is a guideline to support healthcare professionals and support workers in navigating themselves and participants through each step of the National Lung Cancer Screening Program and screening and assessment pathway.

HEALTHCARE PROVIDER TOOLKIT FOR GENERAL PRACTITIONERS

Access resources to help you prepare for and deliver the National Lung Cancer Screening Program, including patient information and education tools.

NLCS LOW-DOSE CT SCAN REQUEST FORM FOR GENERAL PRACTITIONERS

A program-specific low-dose CT request form designed to capture all necessary clinical details to support radiologists' decision-making.
