Dear Future Fit Collective Directors

I refer to your letter dated 12 June 2024, and the previous correspondence between the Future Fit Collective (FFC) and the Department of Health and Aged Care.

As noted in your letter, there is a continuing dispute in relation to the ownership and licensing of the software developed in relation to the Future Fit project, which you stated in your letter was not currently being used by the FFC.

In connection with this continuing dispute, the Department requests that you do not use the relevant software in any way (including by developing it further), or license or otherwise provide it to any third parties. Please provide written confirmation that you will not do so.

I would further be grateful if you could please confirm FFC has not made use of the software, or allowed or enabled any third parties to do so, since 12 June 2024, as soon as possible.

Yours sincerely
