Senator the Hon. Katy Gallagher

Minister for Finance
Minister for Women
Minister for the Public Service
Manager of Government Business in the Senate
Senator for the Australian Capital Territory

The Hon Anika Wells MP
Minister for Aged Care
PO Box 6022
House of Representatives
Parliament House
Canberra ACT 2600

Dear Minister Anika

I write to you to make representations on behalf of the Directors of Future Fit Collective, a coalition of meals-on-wheels services committed to providing open-source software to assist community-based organisations in their day-to-day operation.

Future Fit Collective have expressed concerns regarding a sub-contractor claiming rights to their software, jeopardising their ability to continue providing this service.

I understand that Future Fit Collective feels that the actions of this sub-contractor are contrary to the support needed for community services.

Future Fit Collective request a meeting to discuss the challenges they are facing, as well as future opportunities.

In bringing this issue to your attention, I have enclosed a copy of Future Fit Collective's original correspondence and ask the you respond directly to:

Future Fit Collective
Email: enquiries@futurefitcollective.net.au
Phone: 1300 294 644

Thank you in advance for your favourable consideration of this matter.

Yours sincerely

Katy Gallagher

Katy Gallagher

Hi s47F

Sorry for the mix-up on the Future Fit Collective representation!

Here is the original piece of correspondence:

From: enquiries@futurefitcollective.net.au <enquiries@futurefitcollective.net.au>
Sent: Thursday, April 4, 2024 1:57 PM
To: Pocock, David (Senator Office) <Senator.David.Pocock@aph.gov.au>; Gallagher, Katy (Senator) <Senator.Katy.Gallagher@aph.gov.au>
Cc: s47F (Sen D. Pocock) s47F @aph.gov.au>
Subject: OPEN CARE TECH

Commercial in Confidence | Without Prejudice

Dear Minister Gallagher and Mr Pocock

Future Fit Collective represents a coalition of Meals on Wheels Services who were previously involved in a government funded reform program "Future Fit".

Future Fit's aim was to provide Government with a consistent service model and basic backbone infrastructure with the objective that Government can adequately map, fund and develop meal services across Australia. The Future Fit program was funded by Australian taxpayers for the benefit of older Australians.

Future Fit was unlike any other, in that grass roots meal services were engaged to provide their knowledge, experience and time, outside of management of their individual services and commitment to their respective local communities. In the past Peak Bodies, with no real day to day exposure to service delivery, have been engaged by Government for information.

The resultant technology from the Future Fit program could not have been built without this knowledge, experience and input. Since the decision to halt the Future Fit program, the connections made through the experience has seen the birth of Future Fit Collective to continue to build and grow shared resources across the network, hence Open Care Tech.

Our aim is for Open Care Tech to be open-source software. Our decision to make the software we helped to develop freely available will not only benefit the wider community but also maximise the impact of the Government's investment in Future Fit. We believe that this approach aligns with the objectives of the government, and the procurement working group you both participate in, to promote accessibility and advance technology, as well as setting a precedent for further investments to also be shared across the sector.

We believe that this collaborative approach will foster innovation, reinforce a strengthened sense of community, drive improvements, and ultimately support our common goal, which is to enhance the quality of in-home care.

s47G

As not for profit entities, funded by Government, our funding is for our local communities and the older Australians living in those various communities. s47G s47G Our aim is only to provide an open-source software to meal provides with the benefit to those we serve, our customer base.

We see our mission of demonstrating the value of open-source tech to be aligned with your collective wish to get better outcomes from government procurement, especially for information technology. However, we are concerned that the very companies you are working with - the ones that are using your discussions for self-promotion - are showing themselves to be bad actors against the very community services that you want to see thrive.

We would welcome a more fulsome discussion about the challenges we have faced and the opportunities we are creating, on our own accord.

You can read more about our open-source initiative here: Future Fit Collective - delivering Open Care Tech to the care community

Kind regards
The Directors

Future Fit Collective

Directors
Future Fit Collective
enquiries@futurefitcollective.net.au

Dear Directors of Future Fit Collective

I refer to your correspondence of 15 April 2024 to the Minister for Finance and Minister for Women and Minister for the Public Service, the Hon Katy Gallagher MP, regarding Open Care Tech. Your letter has been referred to the Minister for Aged Care and Minister for Sport, the Hon Anika Wells MP. The Minister has asked me to reply.

The Department of Health and Aged Care is continuing to investigate conflicting claims of intellectual property ownership in relation to assets developed under the Future Fit project. In my letter dated 4 April 2024 I asked some questions so the department could better understand the situation. I am still keen to better understand the Future Fit Collective situation and would be grateful for your answers to the following questions, noting these questions have evolved from those in my last correspondence:

1. We understand from previous correspondence that you engaged Miles Morgan Australia (MMA) as your primary vendor for this project, and s47G was one of their subcontractors. Have you contacted MMA about correspondence you have received from s47G
2. Were you previously aware that Miles Morgan had subcontracted to s47G , before they started contacting your service representatives?
3. Are you still using any of the software you understand s47G prepared, or s47G alleges it prepared?
4. How is this technology different to what was developed by MMA when contracted by the department?
5. How is privacy and data security maintained?
6. What added value is provided, compared to existing Customer Relationship Management (CRM) software?
7. What tech developers have been engaged to contribute to software development under Open Care Tech?
8. Have there been any concerns raised by other Meals on Wheels stakeholders?

I appreciate your support in helping us better understand the issues you've raised. I would be grateful for a response by 28 June. Following this response, I would still be interested in meeting with the Future Fit Collective to discuss your broader vision.

Thank you for writing on this matter.

Yours sincerely

s47F

Hi s47E(c), s47F

MO has approved for this to be a D response instead. I have updated the template and attached the previous draft in the document package for reference.

Happy to help should you require anything else further.

Kind regards

s47E(c), s47F

Thea,

Just forwarding on some work metrics for PDMS that MPS have provided for 23-24 FY (attached)

1. **Volume** (by clearing officer)(includes all PDR types)

Branch	Items
HRD Home Support Operations	1,064
HRD Aged Care and Assessments BR	196
HRD Assessment Home Care Transition BR	2
HRD Executive BR	225
HRD Funding Operations and Analysis BR	199
HRD Residential Care Funding Reform BR	96
HRD Support at Home Reform BR	16
Grand Total	**1,798**

2. **Min-corro timeliness** (by clearing officer)

Branch	Items
HRD Home Support Operations	50%
HRD Aged Care and Assessments BR	39%
HRD Executive BR	63%
HRD Funding Operations and Analysis BR	75%
HRD Residential Care Funding Reform BR	75%
HRD Support at Home Reform BR	44%
Grand Total	**53%**

[SEC=OFFICIAL]

Good afternoon Russel

We hope the report provided last Friday on **Timeliness by clearing officer – HRD** was informative and provided the necessary information.

As outlined on Friday, we are now happy to be able to provide you with the 2nd requested report (attached) on **the number of items cleared by HRD Branches (all PDR types) in the 2023-24 financial year.**

If you have any questions at all about the data in this report, or the Timeliness report provided on Friday, please don't hesitate to contact us.

Kind regards

Thank you Russell!

Yes, we can get all PDR types. Please note: We will only be able to provide a breakdown by Branch if the PDR was cleared at the branch level. It is likely some were cleared at a more senior level, which will appear at a division level.

We can have this report ready for you by early next week.

Good afternoon Russell,

By way of introduction, I joined Emma's branch yesterday as Director of the Cabinet, Systems and Ministerial Office Support section.

I've spoken to the wonderful s47E( ) who has advised we can provide you an update on the attached report by the end of this week.

We can also provide you a report on the number of items cleared by HRD Branches in the 2023-24 financial year. For this report, would you like FY data on the same PDR types as in the attached report (i.e. Ministerial Briefs and Ministerial Correspondence), or all PDR types? Please let me know and I can let you know a timeframe.

Regards, s47E(c)

Hi Russell

Attached is an updated report which includes timeliness data for Nov 2023 – Jan 2024 for the Home and Residential Division. Please let me know if you need updated data for the whole Ageing and Aged Care Group, or if the report at this divisional level broken down by each branch is sufficient. Happy to amend as required. We have also included an additional column in the data set tab 'Overdue Reason' that drafting officers update with comments for your visibility.

In the last three months the Home Support Operations Branch continued to receive high volumes of correspondence, with an increase in timeliness for ministerial replies and even higher increase for departmental replies. A slight increase in ministerial briefs saw a reduction in timeliness.

Please let us know if you need anything else.

Regards,
s47E(
)

Hi Russell,

The data initially reflected Briefs and Min replies as this is the first focus point to ensure the office is receiving timely advice and responses.

The 80% timeliness rate does also apply to D replies. The team have rerun the data to also capture D replies and is included in the attached.

Kind regards,

Many thanks s47E(c

One Question. The MC lists the minister replies only – is there a reason for this? Most of our load is in departmental replies, and it would be very useful to see that as well. Or is the 80% only on ministerial?

Rusty

Hi Russell,

Please find attached for your information a spreadsheet outlining briefs and M replies split into Divisions then branch level of items that were cleared from Jan-Oct.

Please note that due to PDMS limitations, we could only report on last clearing officer data. If briefs or M replies required clearance of FAS level or higher than this is captured under 'exec branch'.

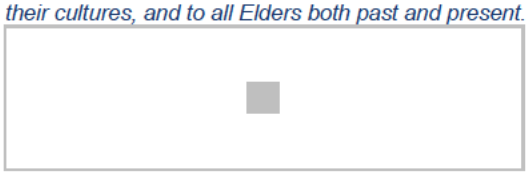

Please reach out if you require anything further.

Kind regards,
