

Support to make a positive impact on their development

If you work with children, you can make a big difference in their lives, by recognising developmental concerns early and linking families with support.

What supports will be rolling out?

Online information and resources

Trusted advice about child development and autism

Health and development checks for 3-year-olds

Peer support, parenting groups, facilitated playgroups and family programs

Targeted supports like allied health, low-cost assistive technology or capacity building for children and families who need it

Thriving Kids is an easy place to start when families are unsure what might be going on for their child.

Thriving Kids is a joint Australian, state and territory government initiative.
