

Appendix 4 – Information about NIP¹ and NT Funded Vaccine Programs

Information about NIP and NT funded vaccine programs to explain to people who may be eligible for free vaccines at a primary health centre or General Practice.

Offer all these people the option to attend a GP or primary health provider for vaccinations subsidised under the National Immunisation Programme (NIP) or NT funded programmes:

- **Influenza – (NIP funded)**
 - Pregnant women
 - Indigenous people 6months to <5 years and 15 years and over
 - Non-Indigenous people 65 years and over
 - People with chronic medical conditions (see AIH pp 252-254)
- **MMR – (NT funded)**
 - All people
- **dTpa – (NT funded)**
 - Pregnant women from 24th week of gestation or post-natal (given with each pregnancy)
 - Fathers and carers in the same household of a newborn up to 7 months of age

For more information visit
