Let's take a moment to debunk so common myths ...

New Ways of Working just means hot desks.

The program has no plans to introduce **hot desking**. The Workplace Strategy will inform how we work in the future based on various consultation activities and studies.

New Ways of Working means less space and reduced options.

The program's goal is to achieve a more modern and desirable workplace that we can all be proud of. It isn't a cost saving or compression activity.
