KEEPING COMMUNITIES SAFE FROM CORONAVIRUS: REMOTE AREA TRAVEL RESTRICTIONS

The Australian Government is working to minimise the exposure of Coronavirus to remote and very remote communities. Access to these communities has been restricted to protect community members from the spread of Coronavirus. It’s important that every service provider, Government agency and industry follow the guidelines on entering designated remote areas to help stop the spread of Coronavirus.

**GENERAL ENTRY / RETURNING RESIDENT**

Do you meet all of these criteria?

- No COVID-19 related symptoms at entry
- No overseas travel in the last 14 days
- No close contact with confirmed COVID-19 case (without appropriate personal protection)
