Subject: Notification of Price Disclosure price reductions (2020 April Cycle - with reduction day of 1 April 2020)
[SEC=OFFICIAL, ACCESS=Commercial]

Dear Authorised Representative,

[This email is relevant to Authorised Representatives of Responsible Persons with brands of pharmaceutical items subject to price disclosure. Please distribute to any other person in your company with responsibilities related to price disclosure.]

Notice of Price Disclosure Outcomes

Price disclosure price reduction outcomes for the 2020 April Cycle, with a reduction day on 1 April 2020, are now available.

A list of the drug, manner of administration and form of medicines taking a price reduction on 1 April 2020, with relevant ex-manufacturer level weighted average disclosed prices, percentage differences and calculation basis has been published today on the [Price Disclosure](#) web page, under the heading 'Outcomes from Price Disclosure'.

The [legislative instrument](#) determines the ex-manufacturer level weighted average disclosed prices for specific brands. Price reductions will apply to brands of pharmaceutical items with a weighted average disclosed price listed in Schedule 1 of the instrument. Brands of pharmaceutical items with a weighted average disclosed price listed in Schedule 2 of the instrument will not take a price reduction.

Flow-on reductions, including for brands of F2 combination items may be different to the direct reduction determined. Calculations are currently being completed. Outcomes will be communicated to responsible persons with brands of affected drugs in late January 2020.

Any brands that listed after 30 September 2019 for a pharmaceutical item that has a determination in Schedule 1 of the legal determination will also take the reduction on 1 April 2020 by force of section 99ADHA of the *National Health Act 1953*.

Any dispute regarding the published outcomes of this cycle should be sent to the Department by COB Thursday 2 January 2020.
