3 Application and Scope

- 3.1 This Policy applies to all registrars enrolled on the AGPT Program.
- 3.2 This Policy supersedes the previous *AGPT Extension of Training Time Policy 2020* and will come into effect as of 18 December 2020.

4 Policy Principles

- 4.1 It is recognised that during the course of training on the AGPT Program circumstances may arise that require registrars to extend their Training Time.
- 4.2 As specified in the *AGPT Training Obligations Policy 2020*, it is expected that all registrars training on the AGPT Program will achieve fellowship within the specific training time cap relevant to the fellowship program(s) they are enrolled in.
- 4.3 The training time cap includes all training terms as required by the Relevant College with an additional 12 FTE months to enable registrars to take a six calendar month period of Category 2 Leave and a six calendar month period of Extension for Assessment Purposes if required. Registrars will only be able to access additional Category 2 Leave or extensions of training time beyond an initial six calendar months in Extenuating and Unforeseen Circumstances.
- 4.3.1 The training time cap excludes Category 1 Leave as specified in the *AGPT Program Leave Policy 2020* and Australian Defence Force (ADF) Service Leave as specified in the *AGPT Australian Defence Force Registrars Policy 2020*.

5 Categories of Extension

- 5.1 There are four categories under which an extension of training time may be considered:
- 5.2 Extension Awaiting Fellowship
- 5.2.1 Where a registrar has met their fellowship requirements, but has not yet submitted their fellowship application to attain their fellowship award, they can apply to their Regional Training Organisation (RTO) for approval of a one-off extension of up to 12 calendar weeks.
- 5.2.1.1 Where an ADF registrar has completed their fellowship requirements while on deployment, they can apply to their RTO for approval of a one-off extension of up to 12 calendar weeks from the date of their return from that deployment.

- 5.2.2 This must be in accordance with the RTO's policy for submitting fellowship applications and awarding of fellowship.
- 5.2.3 All registrars are expected to pursue fellowship and submit their applications to attain their fellowship award to the Relevant College as soon as possible following the successful completion of their required Training Time and fellowship exams and/or assessments.
- 5.2.4 Extension Awaiting Fellowship must only be approved when:
 - 5.2.4.1 Registrars have completed all of the Education and Training Requirements of the AGPT Program; and
 - 5.2.4.2 Registrars have successfully completed their Training Time and passed the required fellowship exams and/or assessments.
- 5.2.5 Extension Awaiting Fellowship must only be used for registrars to submit their applications to attain their fellowship award, while waiting for the review of the fellowship application and the awarding of the fellowship certificate.
- 5.2.6 Extension Awaiting Fellowship will not be granted to:
 - 5.2.6.1 Fulfil the training obligations specified in the *AGPT Training Obligations Policy 2020*;
 - 5.2.6.2 To sit or re-sit College assessments;
 - 5.2.6.3 To successfully complete the Education and Training Requirements of the AGPT Program, including making up required Training Time; or
 - 5.2.6.4 To attain FARGP.
- 5.2.7 If a registrar wishes to have access to an AGPT Medicare Provider Number in order to access Medicare during an Extension Awaiting Fellowship, they will be required to continue to practice in an accredited Training Facility within their RTO's Training Region.
 - 5.2.7.1 Registrars wishing to work below the Relevant College's minimum FTE requirement during their Extension Awaiting Fellowship are able to negotiate their preferred working hours directly with their Training Facility.
 - 5.2.7.2 Registrars wishing to undertake work in a non-accredited facility that does not require access to Medicare or wishing to not practice at all during an Extension Awaiting Fellowship may do so.
 - 5.2.7.2.1 This time will still need to be recorded in RIDE as Extension Awaiting Fellowship with the facility data field left blank.
- 5.3 Extension for Assessment Purposes
 - 5.3.1 Where a registrar requires an extension of training time to satisfactorily meet the Education and Training Requirements for their stage of training or to sit or re-sit College required exams and/or assessments, Training Time can be extended up to 12 calendar months as follows:
 - 5.3.1.1 Initially a total of up to six calendar months can be approved by the RTO; and
 - 5.3.1.2 If more Training Time is needed, an application for an additional period of up to six calendar months can be submitted to the RTO in writing. This can only be considered if there are Extenuating and Unforeseen Circumstances.
 - 5.3.2 Training Time can be extended for the following purposes:
 - 5.3.2.1 Where a registrar requires an extension of training time to satisfactorily meet the Education and Training Requirements for their stage of training;

- 5.3.2.2 Where a registrar requires an extension of training time to successfully complete the requirements of their skills training term;
- 5.3.2.3 Where a registrar requires an extension of training time to sit or re-sit College required exams and/or assessments and await the results of College required exams and/or assessments; or
- 5.3.2.4 Where a registrar requires an extension of training time following an extended period of leave to allow them to regain an appropriate level of competence prior to recommencing their training.
- 5.3.3 The Director of Training and Medical Educators from the RTO will determine which registrars require additional Training Time as per Clauses 5.3.2.1 and will discuss this with the registrar.
 - 5.3.3.1 The RTO must inform the registrar of the additional Training Time and the Education and Training Requirements the registrar needs to fulfil in order to satisfactorily meet the requirements for their stage of training.
- 5.3.4 Registrars on an approved Extension for Assessment Purposes should coordinate with their RTO and their training facility the amount of hours that they are to work and any periods of leave that are required. The agreement on hours worked and any periods of leave must take account of the registrar's learning plan and exam preparation.
- 5.3.5 If the registrar fails to complete the required College exams and/or assessments at the end of the Extension for Assessment period and the registrar has exhausted all available Training Time, the RTO may withdraw the registrar from the RTO's training program under Category 4 of the *AGPT Withdrawal Policy 2020*.
- 5.4 Extension to undertake an approved Academic Post
 - 5.4.1 Extensions to undertake an approved Academic Post are capped at a maximum of six FTE months.
 - 5.4.2 Only registrars on an approved Academic Post can seek an extension under this category.
 - 5.4.3 This extension of training time is approved by the RTO.
 - 5.4.4 Further information regarding Academic Posts under the AGPT Program can be found in the *AGPT Academic Post Policy 2020*.
- 5.5 Extension to Transition
 - 5.5.1 Extensions to Transition to the RACGP's Practice Experience Program or ACRRM's Independent Pathway are capped at a maximum of twenty six calendar weeks.
 - 5.5.2 This extension of training time is only available to eligible registrars who have had a plan approved by the Relevant College under the approach specified in clause 6 of the *AGPT Training Obligations Policy 2020*.
 - 5.5.2.1 This approved plan must include the decision for the registrar to transition from the AGPT Program to the Practice Experience Program or ACRRM Independent Pathway in order for the registrar to access this period of extension.
 - 5.5.2.2 This extension of training time is approved by the Relevant College.

6 Where Extensions Will Not Be Granted

- 6.1 Extensions of training time will not be granted for the following:
 - 6.1.1 Remediation terms; or
 - 6.1.2 To allow a registrar to meet their training location obligations as specified in the *AGPT Training Obligations Policy 2020*.

6.2 No additional extensions are available for registrars seeking dual fellowship of RACGP and FARGP or RACGP and ACRRM, beyond the extensions available to registrars seeking a single fellowship of RACGP or ACRRM.

6.2.1 No additional extensions are available for registrars seeking an additional fellowship outside of the AGPT Program.

7 Further Extensions of Training Time

- 7.1 Registrars who require further extensions of Training Time, beyond the allowances specified in clause 5 of this Policy, can apply, through their RTO, to the Relevant College for additional extensions to their training time.
- 7.2 Registrars who have exceeded their Training Time cap (as specified in the *AGPT Training Obligations Policy 2020*), through the granting of 12 months of Category 2 leave or 6 months of Category 2 leave and 6 months of an Extension for Assessment term can apply, through their RTO, to the Relevant College for additional extensions to their training time.
- 7.3 Further extensions of training time must be applied for in writing by submitting a fully completed AGPT Application - Further Extension of Training Time to the RTO (unless the requested further extension of training time is a part of the plan developed under the approach specified in clause 6 of the *AGPT Training Obligations Policy 2020*). The application can then be submitted by the RTO to the Relevant College via email as follows:
- 7.3.1 For ACRRM the application should be sent to training@acrrm.org.au; and
- 7.3.2 For RACGP the application should be sent to AGPTadmin@racgp.org.au
- 7.4 Any submissions for the Relevant College's consideration must be supported and submitted by the registrar's RTO. Any application submitted to the Relevant College which is not supported by the registrar's RTO will not be considered.
- 7.5 Reasons for consideration for additional extensions of training time include, but are not limited to:
- 7.5.1 Cultural circumstances for Aboriginal and Torres Strait Islander registrars;
- 7.5.2 If further time is required for the awarding of their fellowship by the Relevant College and the registrar has exhausted most of their allowance available for Extension Awaiting Fellowship;
- 7.5.3 Extenuating and Unforeseen changes in the personal circumstances of the registrar or their Immediate Family Member(s); and
- 7.5.4 As part of an approved plan under the approach specified in clause 6 of the *AGPT Training Obligations Policy 2020*,
- 7.5.4.1 Registrars who have a period of remediation included in the plan developed with their RTO should also include a period of further extension of training time to enable them to undertake their outstanding assessment/exam components following their period of remediation.
- 7.5.4.2 These further extensions of training time must be included in the plan approved by the Relevant College under clause 6 of the *AGPT Training Obligations Policy 2020*.
- 7.6 Further extension of training time applications require details of the additional extension requested, the reasons for the additional extension, any supporting documentation and evidence, and any further information as requested by the Relevant College.
- 7.7 Decisions can only be made based on the evidence available. Failing to respond to a request for further information may lead to a determination to decline the request for a further extension of training time.
- 7.8 Registrars and RTOs will be notified in writing by the Relevant College of the outcome of submissions for further extension within 20 business days, including the reasons if the submission is declined.

- 7.9 Registrars are not automatically entitled to further extensions above the allowances specified in clause 5 of this Policy.
- 7.10 Further extension above the allowances specified in this Policy will only be considered when all provisions allowed under this Policy have been exhausted. For example, additional Extension for Assessment Purposes will only be considered if the available allowance for Extension for Assessment Purposes has been exhausted.

- 8.1 Registrars are responsible for:
