

# COVID-19 Vaccine Roll-out

14 March 2021

# Australia's COVID-19 Vaccine and Treatment Strategy

- Australian Government investment exceeds \$6 billion
- Over \$3 billion on advance purchase agreements with access to over 150 million doses
  - 20 million doses - Pfizer vaccine
  - 53.8 million doses - AstraZeneca vaccine
  - 51 million doses - Novavax vaccine
- \$123.2 million for COVAX initiative
  - Option to purchase 25.6 million additional doses

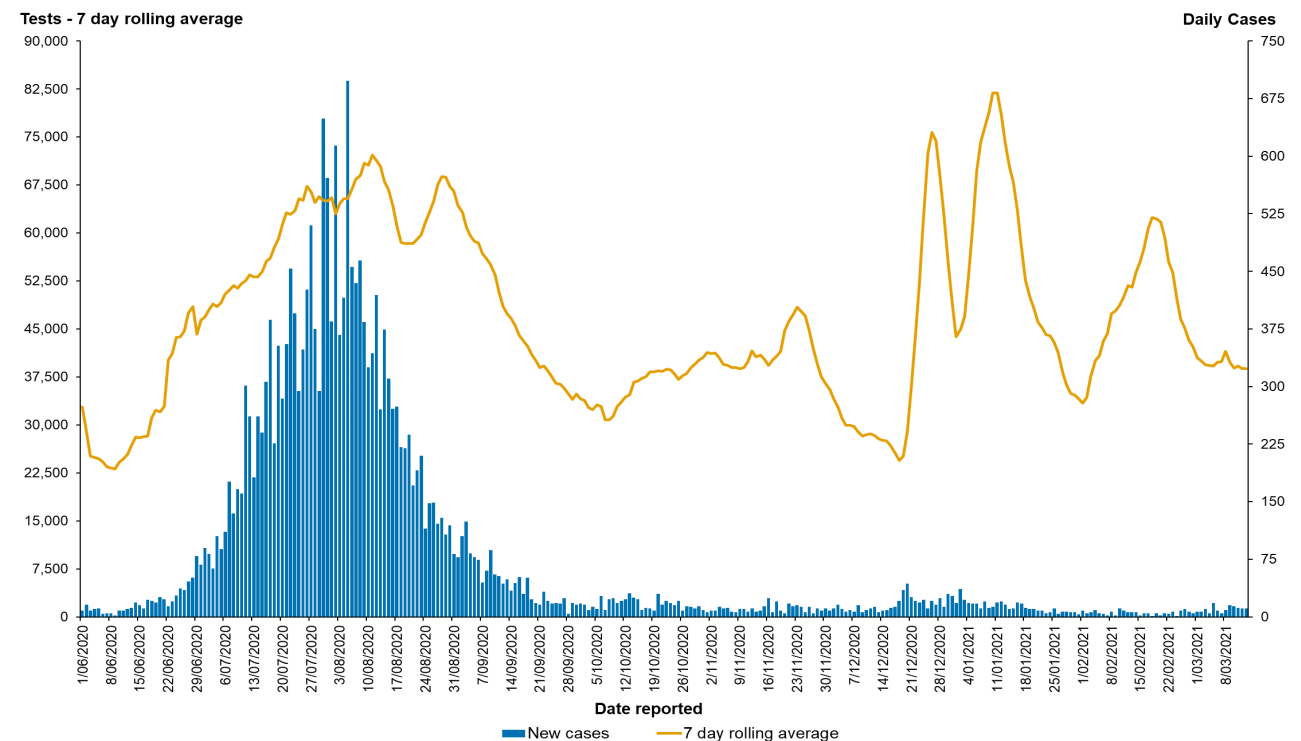

## Where we are now:

As at 1200hrs, **13 March 2021**:

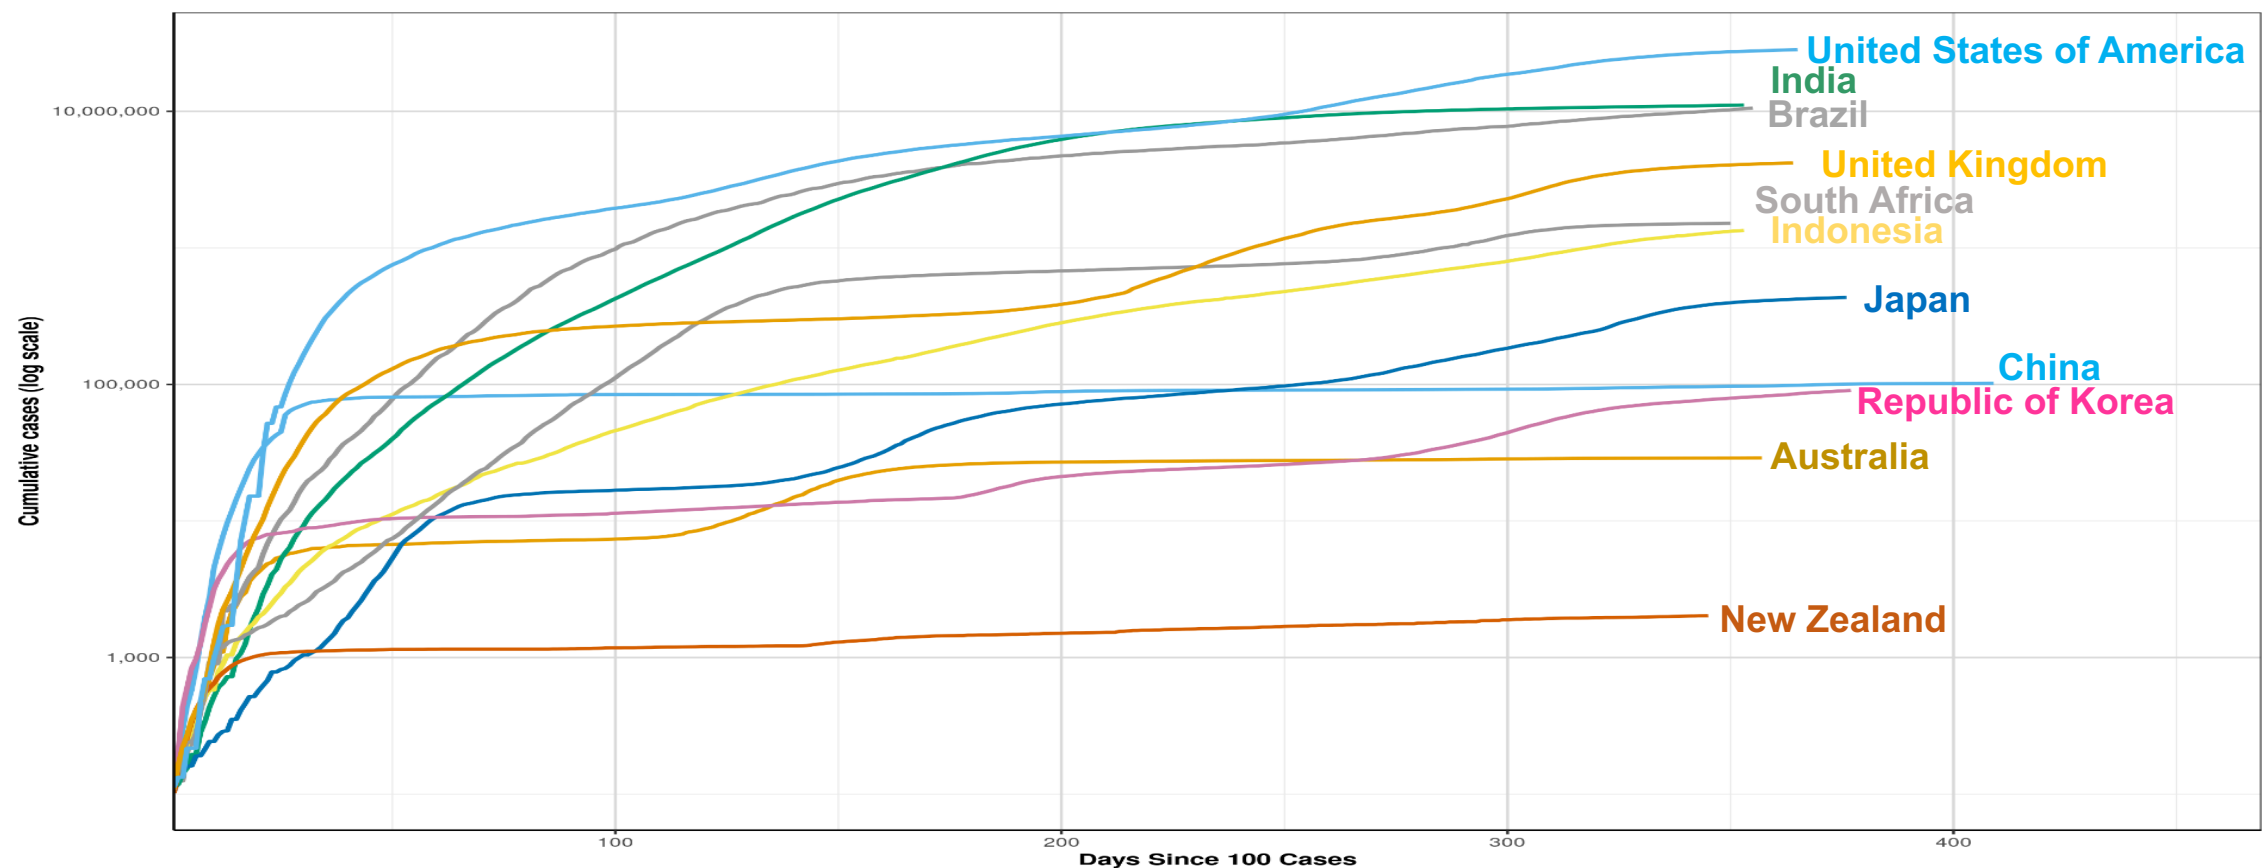

- A total of **29,112 cases**, including **909 deaths** have been reported since January 2020.
- Since the beginning of 2021, **683** confirmed cases have been reported.
- Over the past week, there were **77 cases**. 97% were overseas acquired.
- There are currently **115 active cases**.

## Confirmed cases and testing, since 1 June 2020

Data source: State and territory reporting, as at 05 March 2021

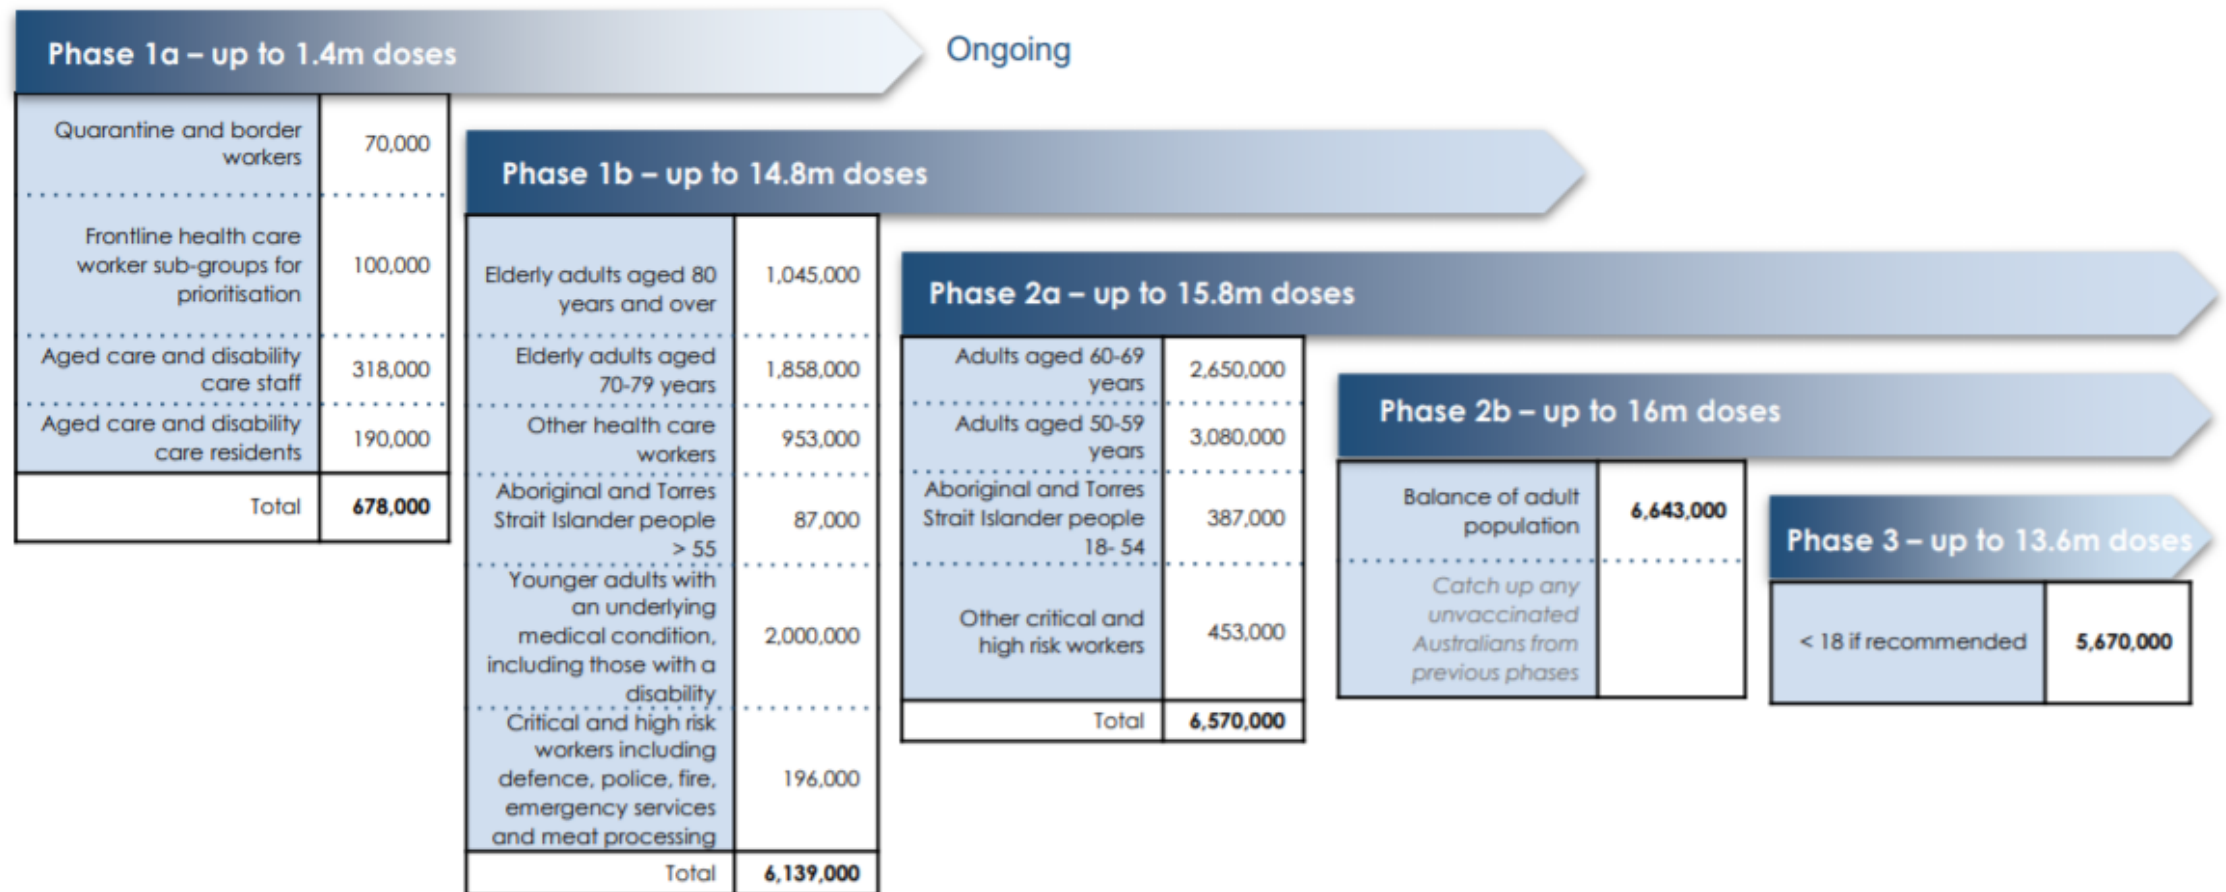

# Global - Logarithmic epidemic curve of confirmed cases after the first 100 cases of COVID-19 for various countries

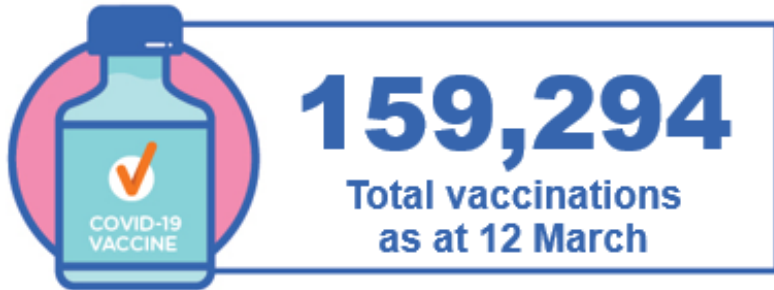

Data Source: WHO Coronavirus Disease Dashboard

# COVID-19 Vaccine National Rollout Strategy

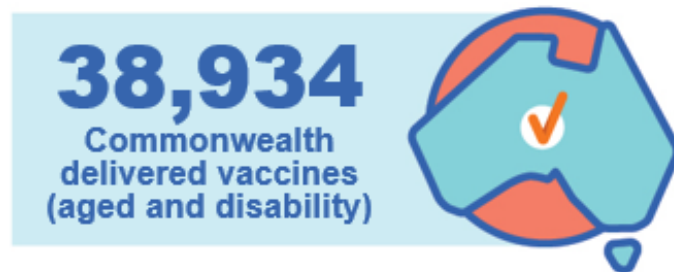

Population numbers are current estimates for each category.

# Total number of people vaccinated

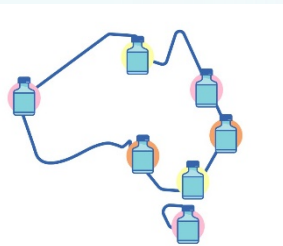

## State delivered as at 12 March 2021

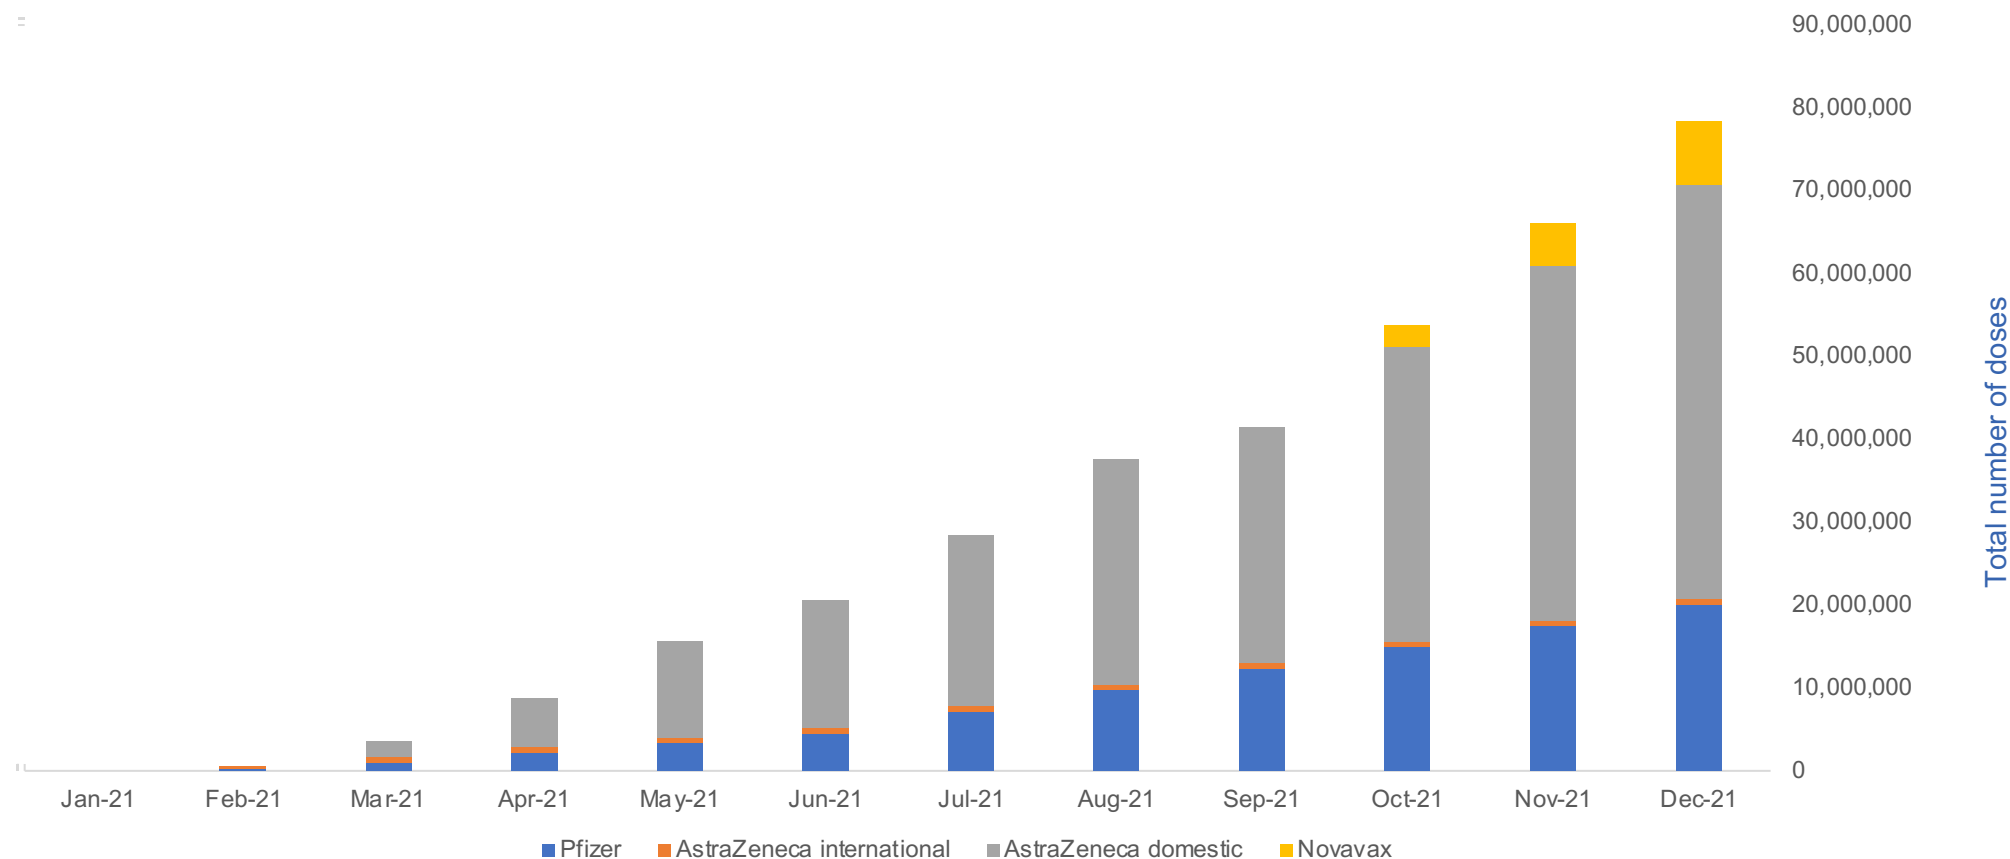

## Weekly doses administered

	WEEK 1	WEEK 2	WEEK 3 (4 days)
<b>Residential Aged Care and Disability Residents (and facilities)</b> 	<b>10,889</b> (133)	<b>13,106</b> (145)	<b>14,939</b> (151*)
<b>States and Territories</b> 	<b>23,741</b>	<b>38,641</b>	<b>57,978</b>
<b>Total per week</b>	<b>34,630</b>	<b>51,747</b>	<b>72,917</b>

# Revised COVID-19 vaccine supply

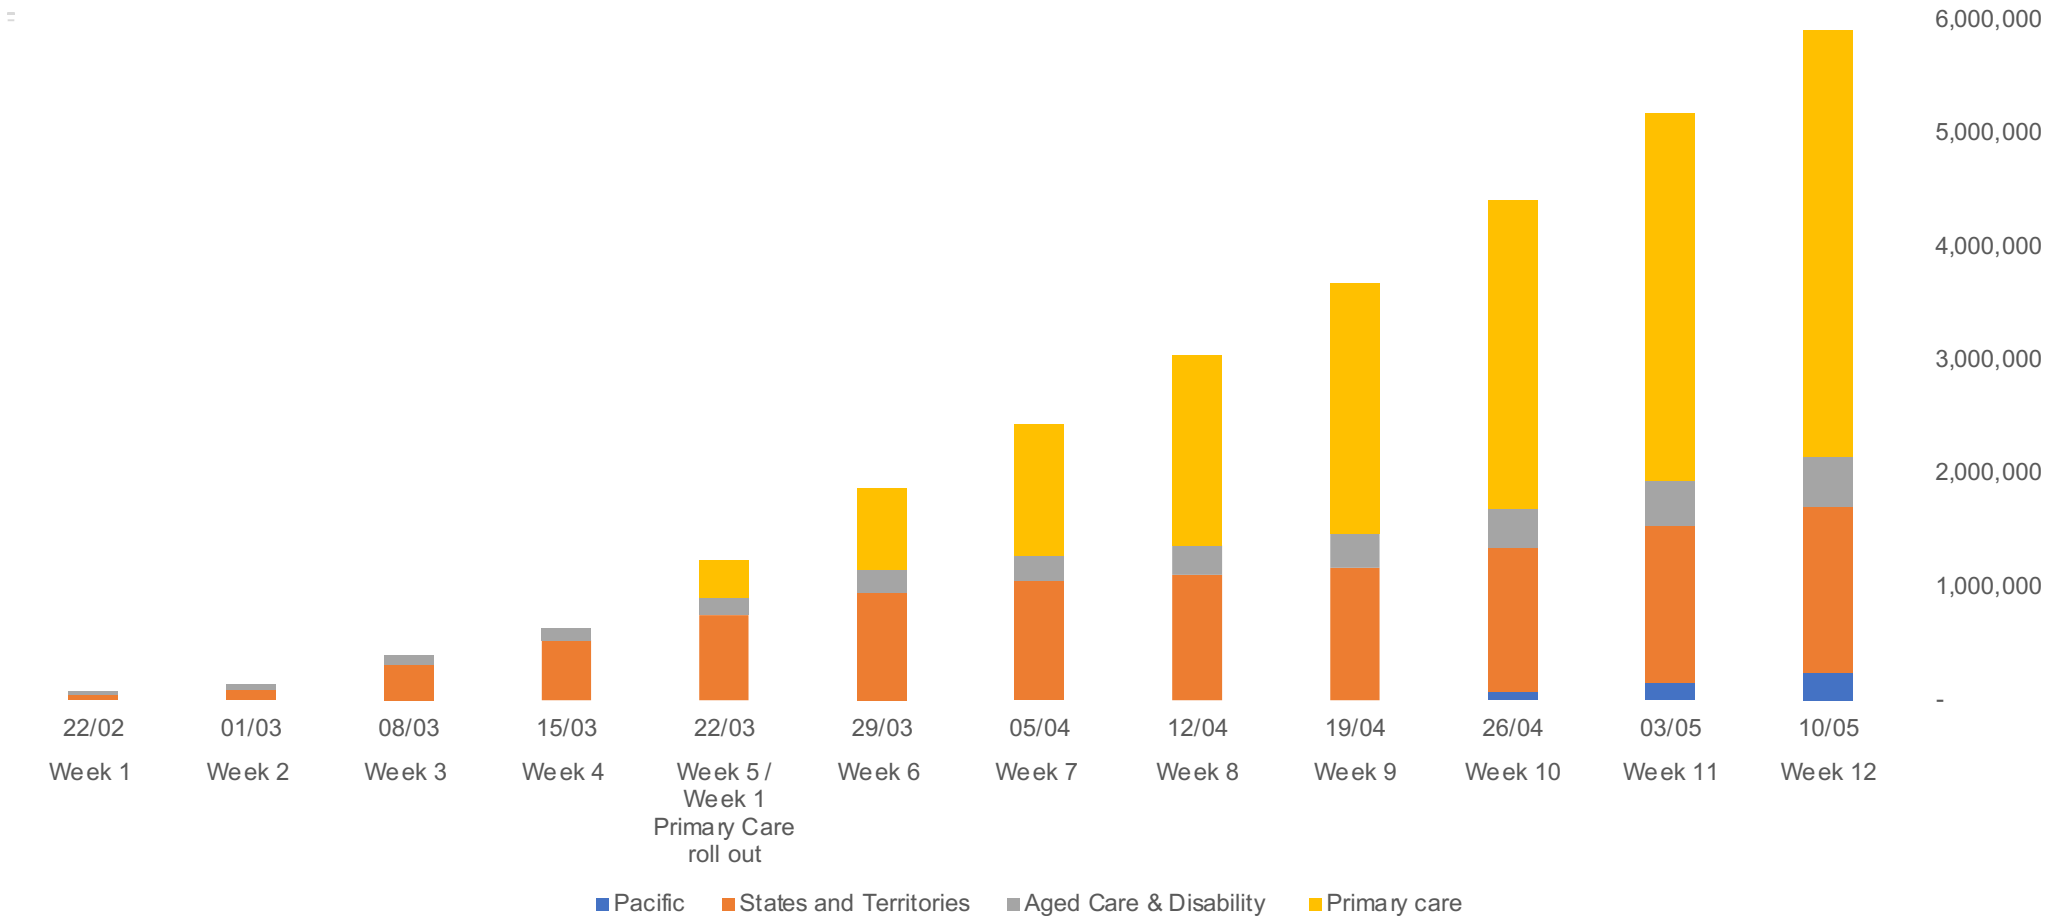

Initial forecasts based on contracted supply volumes indicated that all Australians who wanted a vaccine would be offered their first and second dose by the end of October 2021. Due to global supply disruptions, supply has been slower than expected.

Vaccine Roadmap

# Indicative Vaccine Dosage Schedule

Australia's COVID-19  
Vaccine Roadmap

This graph illustrates  
time to complete first  
and second doses  
based on two  
scenarios.

Estimated timelines for Phases:

Phase 1b 6,139,000 people

Note: Does not include 3.1 million international AZ doses or COVAX doses

# PRIMARY CARE VACCINATION PLAN

From Phase 1b commencing 22 March – Number of Sites

Australia's COVID-19  
Vaccine Roadmap

Multiple parts of the health system  
working together:

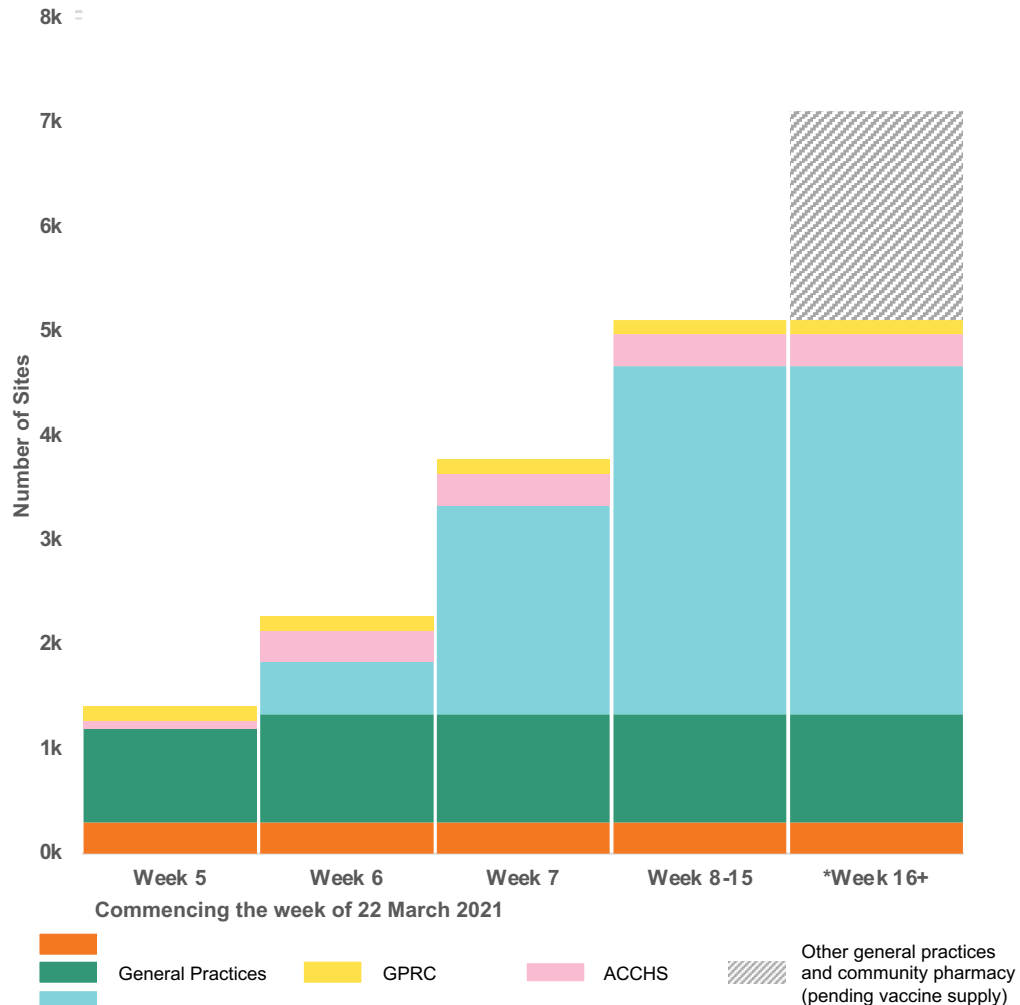

- ✓ General Practitioner led Respiratory Clinics (GPRCs)
- ✓ Aboriginal Community Controlled Health Services (ACCHS)
- ✓ General practices
- ✓ Community pharmacies (from Phase 2a)

The Primary Care Vaccination Plan is  
complemented by:

State &  
Territory  
Vaccination  
Clinics

Aged Care  
in reach

Disability  
Care in  
reach

~130  
GPRCs will  
deliver  
700  
doses p/wk

~300  
ACCHS sites  
will deliver  
100  
doses p/wk

~3400  
general  
practices will  
receive  
50  
doses p/wk

~1000  
general  
practices will  
receive  
100  
doses p/wk

~300  
general  
practices will  
receive  
400  
doses p/wk

practices will  
receive  
100  
doses p/wk

~300  
general  
practices will  
receive  
400  
doses p/wk

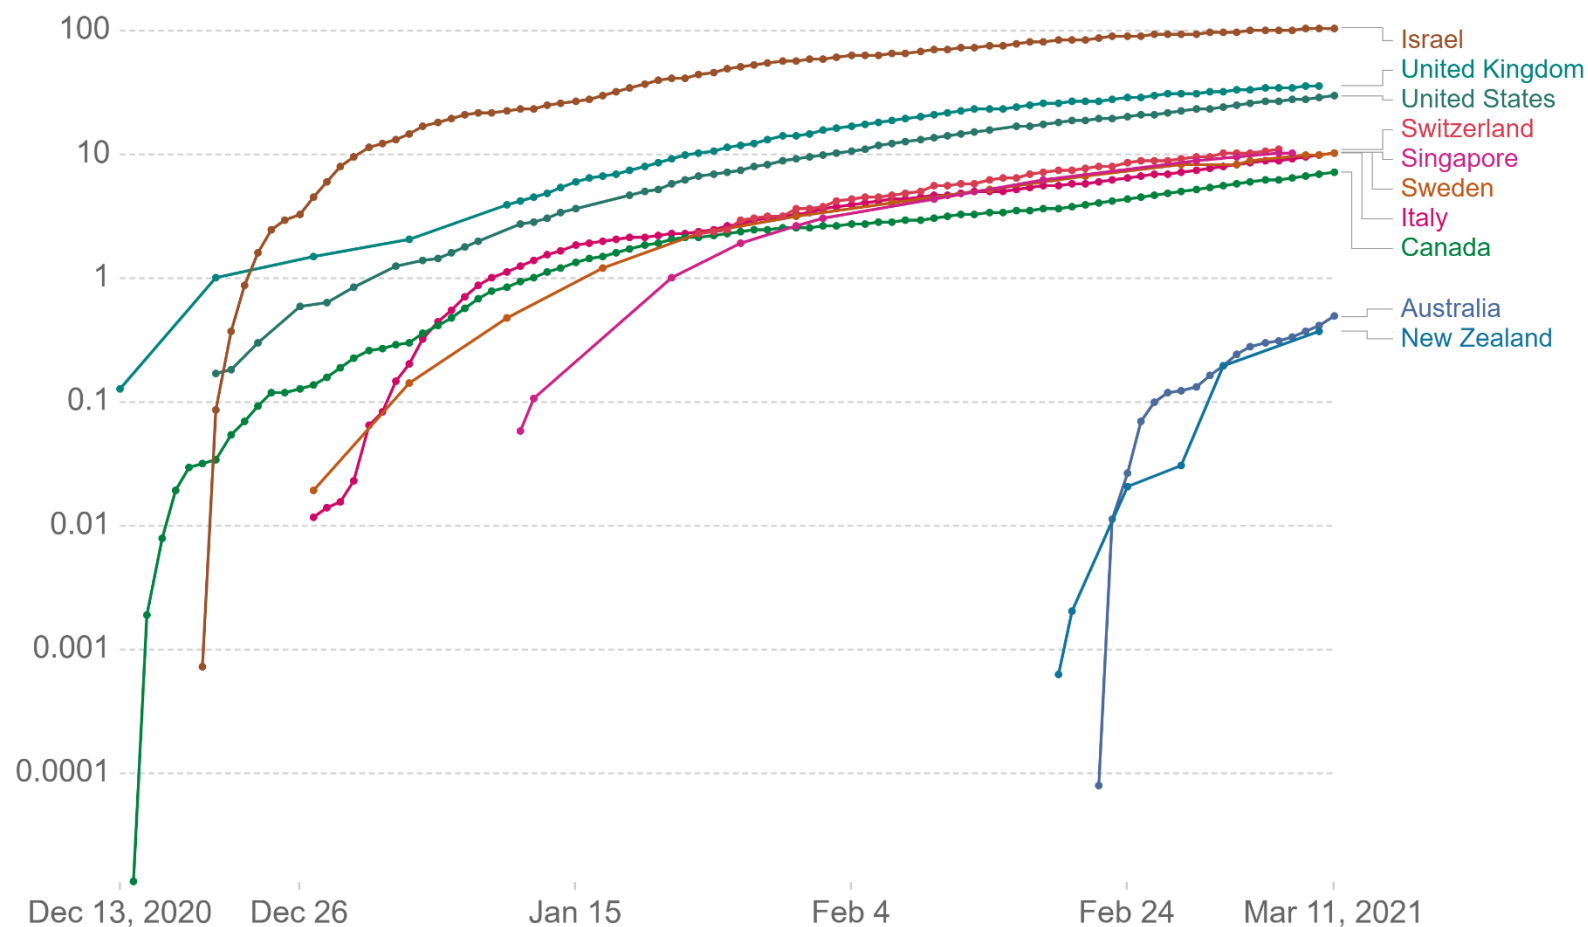

# AUSTRALIA'S ROLLOUT ON A LEADING TRAJECTORY

Australia's COVID-19  
Vaccine Roadmap

## Cumulative COVID-19 vaccination doses administered per 100 people

This is counted as a single dose, and may not equal the total number of people vaccinated, depending on the specific dose regime (e.g. people receive multiple doses).
