Dear s 47F

Thank you for your email.

In order to provide interested parties a greater opportunity to provide a response, the closing date for the consultation process has been extended to **3 March 2020**.

I have attached a recent PHI Circular which provides more information.

Kind regards,

To Whom it May Concern:

I am writing because Bupa is currently working on our response to **THE REVIEW OF THE GENERAL MISCELLANEOUS CATEGORY OF THE PROSTHESES LIST**.

We are in the process of pulling claims data and other material that will assist the Department and EY with their review.

As the deadline stated is tomorrow- would it be possible to have an additional 48 hours to submit our response? We need this time to provide the most accurate data we can give – and we are facing a delay at the moment due to an unplanned absence.

We would be most grateful for any additional time that could be provided to assist us in getting the most accurate information for your review.

Kind regards
