Hi s22

Thanks for the update. I see that s22 has also been in contact. Your teleconference was the second that I have been in recently when someone put the teleconference on hold to take another call. It is most annoying.

Regards

Lynne

Good afternoon Lynne

s22 has said that she would be happy to attend the workshop next week.

We did manage to get the panel back online a second time, however someone put the meeting on hold again on their end with the same results.

Please let me know if you need me to follow up anything further.

Kind regards

s22

Hi s22

Do you have any advice for me on this yet?

As well, did you manage to get the panel back on line yesterday and make decisions?

Regards

Lynne

Dear s22

Following the outcomes of the NHMRC Mental Health Research Advisory Committee (MHRAC), NHMRC will be delivering a mental health research stakeholder workshop on 3 April 2019. A draft agenda is attached for your information.

To ensure ongoing complementarity between NHMRC and the work of the Million Minds Mission, and to inform the workshops participants of our arrangements, the co-Chairs of the MMM EAP were invited for the purpose of providing an overview and update on the day. Professor Shitij Kapur is unable to attend on the day, and we have been unsuccessful in making contact with Professor Helen Milroy. Would a representative of the MMM secretariat be available to deliver a brief (5-10 minutes) slideshow presentation on the Mission's work. Please let me know if you have any further questions.

Please provide contact details of your nominated representative by CoB Friday 22 March 2019.

Kind Regards,

Lynne
