Hi Graeme s22

Continued thanks for your support and engagement on this topic.

s47C, s47G

We'll review. Please could we set up a discussion this afternoon to discuss the draft and handling of the comments? Perhaps 14:00 or 14:30? (We sought industry comments by 12:30.) That would give us some time to refine the standard document in light of that discussion, before we pass a version on to you for final review.
