Hi s22

Thanks for explaining that. I've attached our list of all of the users who have completed training. There are three people who have completed training who we do not want to have web portal access yet (highlighted in red). Once they are taken into account, we have 107 people who have completed training and should have web portal access. We have the same number so that is good news.

Thanks,

s22

OFFICIAL

Hi s22

Thanks very much.

No, we aren't granting access directly, we're waiting to hear from your team before anyone is added.

This was a request that came in where the person wasn't on our master access list, and I just want to make sure we haven't missed someone.

For completeness, attached is the master list of people who we have imported so far.

Kind regards,

s22
