

Pre-participation questionnaire – Medicare Billing Assurance Toolkit

Introduction

Encourage health professionals in your practice to complete the following questionnaire before undertaking a Medicare billing assurance review of your practice. Over time, you can gather information on how perceptions and attitudes have developed in your practice to help you identify trends about Medicare billing assurance to focus on.

While there are no right or wrong answers, you need to be comfortable with your practice's risk levels as indicated by the responses to each question. When used with the Post-participation questionnaire, you can see if there's been a difference in your practice's risk profile as a result of undertaking a Medicare billing assurance review, and adopting one or more strategies to address the identified risks to correct Medicare billing assurance review, and adopting one or more strategies to address the identified risks to correct Medicare billing.
