MINISTER: Richard Colbeck

Issue: MIR - Minister Colbeck - Swimming pool facilities funding Due to MGC 13 September 2019

Response:

The Australian Government's recent election commitment of the Female Facilities and Water Safety Program to support the development of female changes room facilities at sporting grounds across Australia, has recently transferred delivery of this grant funding from the Department of Infrastructure, Transport, Cities and Regional Development to the Department of Health.

A ministerial submission (MS19-900215) has been prepared for Minister Colbeck that includes a proposed letter of confirmation to the organisations that are to receive the grant funding. This letter will include confirmation of the grant funding amount and will request further information from the organisations to facilitate the delivery of funding that will be administered by the Department of Health.
