

## MINISTERIAL INFORMATION REQUEST

MB20-000465

Date Sent to MO:12/02/20

**MINISTER:** Richard Colbeck

**Issue:** Cowper Female Facilities and Water Safety Program

**Response:**

We can confirm that the funding recipient is the Coffs Harbour City Council for the Sportz Central Upgrade project under the Female Facilities and Water Safety Stream.

\$6.3 million will be provided to the Council for the upgrade and expansion of the facility to provide an additional basketball court, provision of new accessible and female friendly amenities for player and officials and other minor building upgrades and works.

The Department is currently waiting for the Coffs Harbour City Council to provide further information, which will allow the negotiation of a grant agreement. The grant agreement will outline key deliverables and milestones, and the timing of funding from the Department.

No funds will be paid until a grant agreement has been signed by both the Committee and the Department.

When the funding agreement has been negotiated and executed the Council will be required to report progress to the Department against the delivery of project milestones.
