COVID-19 outbreaks in Australian residential aged care facilities

National snapshot

As at 8:00am on 17 December 2021 there are 213 active cases of COVID-19 related to aged care across 54 residential aged care facilities.

Table 1: Aged Care COVID-19 data as at 0800 of 17 December 2021[1]

Active outbreaks	54
Active resident cases	125
Active staff cases	88
Deaths this calendar year	206[2] [3]
Total number of residential aged care facilities that have had an outbreak	477
Total number of outbreaks at residential aged care facilities	597
Number of residential aged care facilities with resolved outbreaks	416 (539 outbreaks closed)
Number of residential aged care facilities with resolved outbreaks with only one case (resident or staff member) of COVID-19	272
Total resident cases	3,628
Recovered resident cases	3,355
Total staff cases	3,041
Recovered staff cases	2,987

[1] Includes transition care

[2] In New South Wales, COVID-19 death is defined as a death in a confirmed case unless there is a clear alternative cause of death that cannot be related to COVID-19. There should be no period of complete recovery from COVID-19 between illness and death.

[3] The Victorian Department of Health and Human Services defines a COVID death as any death that occurs within 28 days of a positive COVID test result.

Analysis

Current situation in Australia

As at 12:00 hrs 17 December 2021 there has been a total of 238,969 cases of COVID-19 reported, including 15,079 active cases and 2,126 deaths in Australia.

As at 8:00 am 17 December 2021 there are 22 active outbreaks in Australia associated with more than 1 COVID-19 positive case:

- 2 staff cases in Anzac Lodge Private Nursing Home, VIC;
- 2 resident cases and 4 staff cases in Arcare Sydenham (second outbreak), VIC;
- 14 resident cases and 6 staff cases in Aurrum Brunswick, VIC;
- 11 resident cases and 4 staff cases in Aurrum Reservoir (second outbreak), VIC;
- 39 resident cases (including 3 deaths) and 8 staff cases in BlueCross Elly Kay (second outbreak), VIC;
- 1 resident case and 1 staff case in BlueCross Ivanhoe (second outbreak), VIC;
- 2 resident cases and 1 staff case in Emmavale Gardens, VIC;
- 17 resident cases and 4 staff case at Estia Health Ardeer, VIC;
- 5 resident cases and 1 staff case in Ferndale Gardens Aged Care Services (second outbreak), VIC;
- 8 resident cases and 2 staff case at Japara The Highbury (second outbreak), VIC;
- 2 resident cases in Japara Trugo Place, VIC;
- 15 staff cases and 6 staff cases in Mornington Bay Care Community, VIC;
- 3 resident cases and 1 staff case in Parkvilla Aged Care Facility, VIC;
- 5 resident cases and 1 staff case at Rumbalara Multi-Aged Care Complex, VIC;
- 11 resident cases and 5 staff case in Waverly Valley Aged Care,VIC;
- 5 resident cases and 1 staff case in Whittlesea Lodge, VIC;
- 26 resident case (including 1 death) and 6 staff case at Gillawarna Village (second outbreak), NSW;
- 3 resident cases and 4 staff cases in Markmoran at Vaucluse, NSW;
- 1 resident case and 2 staff cases in Pemulwuy Aged Care (second outbreak),NSW;
- 2 staff cases in St Agnes Site, NSW;
- 2 staff cases in The Donald Coburn Centre, NSW;
- 6 resident cases and 2 staff cases in Uniting Lillian Wells North Parramatta, NSW;

Joint arrangements are in place in all states and territories with active outbreak sites to support facilities with outbreaks and additional support for State emergency operation centres is being provided as the need arises. In Victoria, the Victorian Aged Care Response Centre is also fully operational, with Commonwealth and Victorian Government officials working closely together in a coordinated effort to respond to aged care outbreaks across the state.

Figure 1: Distribution of Australian residential aged care facilities by total number of cases of COVID-19 (includes staff and resident cases)

No. of aged care facilities who have had cases
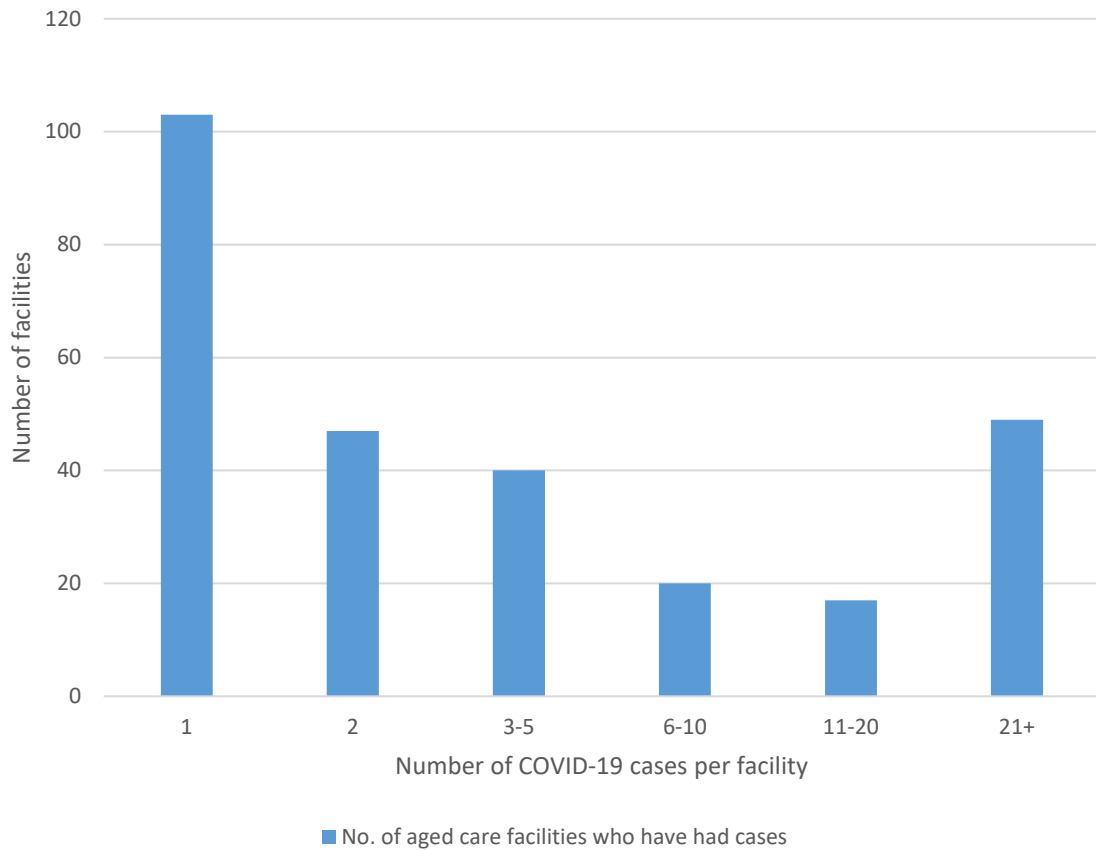

Of the 597 outbreaks in residential aged care facilities, 297 (49 per cent) involved a single case of COVID-19. As at 17 December 2021, 83 per cent of all residential aged care facilities have had no cases of COVID-19.

Figure 2: Number of daily reported COVID-19 cases in Australian residential aged care Facilities overlayed with national locally acquired cases[4].

June to October 2020

---
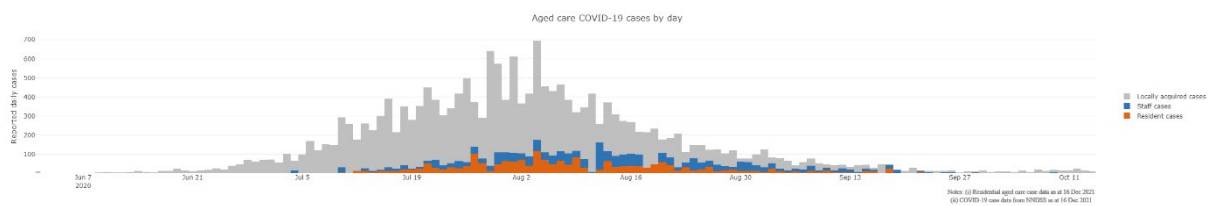

[4] National daily cases sourced from NNDSS data as at 16 December 2021 and are filtered to locally acquired cases. Case numbers reflect the date of reporting which may differ to diagnosis date. Residential aged care facility staff and resident data sourced from the Department of Health Aged Care COVID Liaison Team. Totals reflect the date of case report and may be affected by delayed reporting.

'RACF' refers to cases in residential aged care facilities (staff and residents)

Aged care COVID-19 cases by day
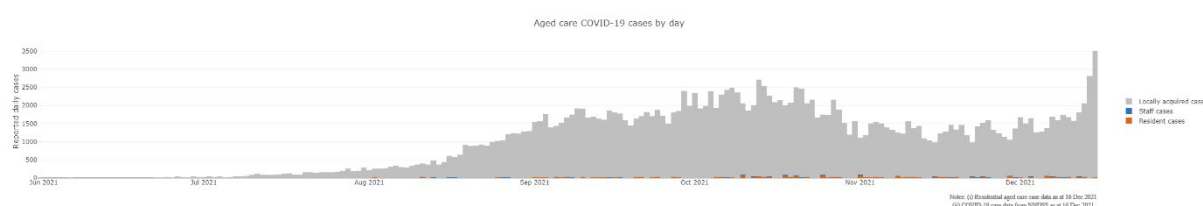

International comparisons

During the COVID-19 pandemic, no country has been able to avoid outbreaks or deaths in residential aged care when there has been widespread community transmission.

The Australian death rate is 0.48 per cent (4.8 in 1,000) against the total number of residential aged care beds across the country.

By comparison, Canada has experienced almost 18 times the number of deaths in care homes than Australia as at 14 December 2021.

- As at 14 December 2021, Canada had experienced 29,842 deaths. This includes 15,703 deaths at residential in care homes (or 53 per cent).
- 50 per cent of all aged care homes in Canada have had reported cases of COVID-19 in residents or staff (compared to 17 per cent in Australia).

Workforce in active residential aged care outbreaks

As at 17 December 2021, workforce surge staff have filled around 57,000 shifts in aged care services impacted by COVID-19, these sifts include roles for GPs, nurses, care workers, allied health workers, executive and ancillary staff. This includes:

Table 2: Workforce resources supplied to residential aged care facilities

Agency	Resources Supplied (as at 17 December 2021)
State and NACER (National Aged Care Emergency Response) Teams	Tasmanian Government: 7 clinical and 2 support staff. Western Australian Government: 19 clinical personnel and 4 support staff. South Australian Government: 18 clinical personnel and 4 support staff. 12 NACER teams (70 personnel) have been deployed. The deployment of State and NACER teams is now complete.
Recruitment, Consulting, and Staffing Association (RCSA)	Staff supplied to fill 36,584 shifts.
Healthcare Australia	Staff supplied filled 6,133 shifts for workforce surge and 2,295 shifts for NACER teams.
Mable	Supplied 130 staff to fill 2,711 shifts.
Aspen Medical	Supplied 283 staff to fill 1,188 roles including clinical first responders.

Agency	Resources Supplied (as at 17 December 2021)
Health X	Supplied 95 staff to fill 6,137 shifts.
Torrens Health	Supplied 2,659 shifts in surge workforce roles.
Residential Aged Care Visitation Assistant (RACVA)	RACVAs completed 1,248 shifts.

Provision of personal protective equipment (PPE)

A range of resources and online training on the use of PPE is available on the Department's website for aged care workers.

Since March 2020, the Commonwealth Government has been working with state and territory governments to ensure aged care facilities have sufficient PPE. PPE is dispatched both directly from the National Medical Stockpile (NMS) and by jurisdictions on the NMS' behalf, depending on the specific circumstances.

As at 17 December 2021, the NMS has provided aged care facilities with approximately:

- 23 million masks
- 7 million gowns
- 20 million gloves
- 6 million goggles and face shields
- 100,000 bottles of hand sanitiser

The NMS remains well positioned to respond rapidly to critical shortages of PPE and other medical supplies anywhere in Australia. This includes a series of bulk dispatches of personal protective equipment (PPE) intended to avert any potential critical supply shortages, as well as urgent deployments to organisations and individuals at risk of exposure to COVID-19.

Testing of aged care residents and staff

Rapid Antigen Testing in Aged Care Facilities

The Australian Government, through the Department of Health, is making available COVID-19 rapid antigen testing (RAT) kits to residential aged care facilities and short-term restorative care (aged care services) in high transmission-risk areas, to help prevent and contain outbreaks. The program consists of a pilot as well as a concurrent broader rollout across New South Wales (NSW), Victoria (Vic), Australian Capital Territory (ACT), Northern Territory (NT), and a first site in Queensland (Qld).

As of 16 December 2021, a total of **2,854,915 RAT kits** had been delivered or were scheduled for delivery from the National Medical Stockpile (NMS) to 408 aged care services in NSW, 267 aged care services in Vic and 2 aged care service in the ACT (671 facilities in total), so they can regularly screen workers and visitors (not residents), on a voluntary basis, and when applicable, help them contain an outbreak. Over 1.5 million RAT kits have been delivered in NSW, over 1 million in Vic and over 3,000 in the ACT.

RAT tests may be used to screen residents in some circumstances, such as the initial response to outbreaks in aged care services, as required. More information about this program is available at the Department of Health Website - https://www.health.gov.au/initiatives-and-programs/rapid-antigen-testing-for-aged-care

Aged Care Services - Snapshot	NSW	VIC	ACT[#]	NT	QLD	Total
Number of aged care services operating^:	949	809	26	30	525	2,284
Number of aged care services that have participated in the program^ This represents 31% of all aged care services across NSW, Vic & ACT.	408	290	2	1	1	704
Number of tests delivered from the NMS*	**1,607,195**	**1,236,020**	**6,925**	**1,500**	**3,275**	**2,854,915**

[#] Part of the initial response to outbreaks experienced by ACT residential aged care facilities

* To date, no applications have been received from the NT.

^ Includes residential aged care (including MPS and NATSIFAC) and short-term restorative care

** Tests to be made available from the National Medical Stockpile (NMS) to residential aged care services located within selected SA3s in NSW and VIC, ACT, or NT or facilities experiencing an outbreak.

State	Eligible high transmission-risk areas[†]
ACT	N/A
NSW	Bankstown, Bayside, Bringelly-Green Valley, Canterbury, Eastern Suburbs – North, Fairfield, Moree – Narrabri, Orange, Snowy Mountains.
NT	Katherine
Vic	Baw, Brunswick – Coburg, Cardinia, Casey – South, Dandenong, Gippsland – East, Grampians, Hobsons Bay, Kingston, Manningham – East, Manningham – West, Moreland – North, Mornington Peninsula, Melton - Bacchus Marsh, Port Phillip, Shepparton, Surf Coast – Bellarine Peninsula, Tullamarine – Broadmeadows, Wyndham, Whittlesea – Wallan.

[†] Statistical Area Level 3 (SA3)

In relation to the concurrent RAT pilot program, the Department has recently undertaken a 2-Phased RAT pilot in residential aged care settings. Phase 1 commenced on 16 August 2021 and included 10 facilities located in COVID-19 affected areas in Greater Sydney.

Furthermore, Phase 2 of the pilot, which involved a further 70 facilities from NSW and Vic, was also recently completed with the cut off for final data entries being 26 November 2021. Note that, of the 80 facilities that initially joined the pilot, a total of 11 aged care facilities subsequently withdrew from the pilot.

Sonic Weekly Testing

As at 14 December 2021, under contract with the Commonwealth, Sonic Healthcare has conducted 1,103,318 COVID 19 tests at 2,760 unique residential aged care facilities (RACFs) nationally. Of the 1,103,318 tests conducted, 4,987 have been positive.

Vaccination in Residential Aged Care Facilities

As at 17 December 2021, a total of 331,594 doses have been administered to residents in residential aged care facilities.

The Australian Government's COVID-19 booster vaccination program for residential aged care facilities has commenced. Consistent with the initial vaccine roll-out to residential aged care, the booster program will start with in-reach clinics, delivered primarily by vaccine administration providers under contract arrangements to the Commonwealth. Boosters can also be delivered by residential aged care facility self-management and GP and pharmacy in-reach clinics.

VAS providers have started scheduling booster clinics at residential aged care facilities due for a booster vaccination during November and December.

Infection control and audits

The Aged Care Quality and Safety Commission (Commission) conducted an infection control monitoring (ICM) program in all Australian jurisdictions, working in partnership with local health authorities. This program was in addition to the Commission's usual assessment and auditing program, and included spot checks to residential aged care services, without an outbreak, to check compliance with PPE and infection control arrangements.

The purpose of the visit was to observe infection control practices, to ensure that staff, management and visitors were adhering to safe personal protective equipment protocols and to safe infection control arrangements as required under the quality standards.

As at 16 December 2021, the Commission had undertaken 2,913 spot checks to observe infection control practices and PPE protocols in residential aged care facilities. The Commission is transitioning to a COVID-normal regulatory response and has ICM Spot Check Visit program. ICM spot check visits will no longer be undertaken as separate activities and will instead progress within the Commission's usual regulatory operations.

All residential aged care facilities are required to engage an onsite clinical lead to provide leadership and increase capacity in relation to infection prevention and control. The Australian Government is providing a second payment of the COVID-19 supplement to assist facilities in meeting the additional costs of preparing for and responding to COVID-19.

In addition, under the Commonwealth-State Plan to boost aged care preparedness, states and territories are complementing the activity being undertaken by the Commission through additional site visits by state health services at the local level, which includes work relating to infection prevention and control (see Table 3 below). These visits are strengthening state health service relationships with local aged care services as part of the standing up of joint health aged care emergency response centres in each jurisdiction.

The Australian Government is working collaboratively with the states and territories to further bolster infection prevention and control through high quality face-to-face training in the aged care sector. In particular, the Government has committed $57.8 million to fund states and territories to deliver additional targeted infection prevention and control (IPC) training to enhance RACF staff IPC skills; and undertake prevention, preparedness and response activities to address a COVID-19 outbreak in RACFs, including supporting RACFs to uplift IPC capacity by providing IPC training.

Table 3: Total Quality Assessment and Monitoring Activities with residential services (including IPC), by type and month 1 December 2020 – to 16 December 2021

Regulatory Activities	Dec 20	Jan-21	Feb-21	Mar-21	Apr-21	May-21	Jun-21	Jul-21	Aug-21	Sep-21	Oct-21	Nov-21	Dec-21	Total[5]
